WHAT READERS ARE SAYING ABOUT THE DYLAN

KANE SERIES ????? "The action sequences are particularly well-written and exciting, without being overblown." ????? "I love how the author explains what's needed but doesn't just ramble on in narrative." ????? "The events in this adventure are so real and so heart pounding you can't put it down. Mr. Kennedy is by far my favorite writer." ????? "Don't mess with Kane, he takes no prisoners, especially when you target his friends." ????? "This is one of the best stories I have ever read. The action and plot is believable and exciting and of course the climax is nail biting stuff. This author sure knows his stuff - if not, he does a great job of convincing his reader that he does!" ????? "Fast paced international spy thriller with good old American values among its main characters. I'd like to think we really do have agents like Kane." USA Today bestselling author J. Robert Kennedy's novels are ideal for fans of Dan Brown, Clive Cussler, James Rollins, Tom Clancy, and James Patterson, and those who enjoy intense action and intrigue with a healthy dose of humor and a touch of romance. Readers interested in action adventure, archaeological mysteries, historical fiction, men's adventure, conspiracies and ancient mysteries, will love the James Acton Thrillers. ## World Cars, 1981 UnderMill Press

This e-book details the most interesting and important characteristics of the automobiles, car maintenance, styling features, car body style, the standard classification of the cars, an history of the automobiles, introduction in the automotive industry, and the traffic code, rules and signs. An automobile, usually called a car (an old word for carriage) or a truck, is a wheeled vehicle that carries its own engine. Older terms include horseless carriage and motor car, with "motor"

---

referring to what is now usually called the engine. It has seats for the driver and, almost without exception, for at least one passenger. The automobile was hailed as an environmental improvement over horses when it was first introduced. Before its introduction, in New York City, over 10,000 tons of manure had to be removed from the streets daily. However, in 2006 the automobile is one of the primary sources of worldwide air pollution and cause of substantial noise and health effects.
