The Engineer of Human Souls by Josef Skvorecky - AbeBooks

"The production of souls is more important than the production of tanks.... And therefore I raise my glass to you, writers, the engineers of the human soul". To me this is one of the great totalitarian metaphors: a machine designed to forge complete unity between state, society and individual. The totalitarian machine works to a predetermined path.

Engineers of the human soul was a term applied to writers and other cultural workers by Joseph Stalin.

The Engineer of Human Souls by Josef Škvorecký

The Engineer of Human Souls ' unusual narrative structure consists of brief segments of experience, each only a few pages in length, each isolated like the separate frames of a film before it comes to life as a "moving picture." Punctuated by black dots at the center of the page, these discrete segments about different times, places,...

Soviet Literature - The Richest in Ideas, the Most ...

To be engineers of human souls means to fight actively for the culture. of language, for quality of production. Our literature does not as yet come up to the requirements of our era. The weaknesses of our literature are a reflection of the fact that people's consciousness lags behind economic life - a defect from which even our Writers are not, of course, free.

Engineer Of Human Souls

Stalin-designated "engineers of the soul", Paustovsky was faced with a Herculean task of embellishing the fairly gloomy reality around the plant in the spirit of socialist realism, the USSR's only officially accepted literary doctrine. He did his job well and hence opened himself up to Westerman's harsh - and grossly unfair -
