Burning Souls Dalkey Archive Press

In a war-torn Middle Eastern country, Noor and Farah find an old book in an abandoned library with a picture of a dragon matching Noor's birthmark, and when the girls are found by a patrol of soldiers, Noor goes through an unexpected transformation.

Joseph Stalin Baen Publishing Enterprises

The witness in 1948 to a baffling event labeled by Catholic townspeople as a miracle and by the Communist Party as a fraud, cynical Czech Danny Smiricky finds himself drawn into an investigation of the event twenty years later during the 1968 Prague Spring

The Girl Who Breathed Fire Macmillan

This book considers a wide range of key developments and key areas of debate in China's education system. Marketization, quality assurance, and issues of inequality and gender are all discussed, as are expansion in the primary, secondary and tertiary sectors, the impact of globalization, and the influence of education on China's economic growth. The book, which comprises contributions from many leading authorities, will be of great interest both to comparative education specialists, and also to all those interested in China's rise and development.

Against the backdrop of one of the Civil War's most historic military engagements on the sea, engineer Hubbard compromises his integrity to improve his financial situation and Catherine endures the loss of her daughter.

A Complete Guide to the Soul Christian Faith Publishing, Inc.

WINNER OF THE INTERNATIONAL DUBLIN LITERARY AWARD WINNER OF THE GOLDSMITHS PRIZE LONGLISTED FOR THE MAN BOOKER PRIZE BGE IRISH BOOK OF THE YEAR 2016 Marcus Conway has come a long way to stand in the kitchen of his home and remember the rhythms and routines of his life. Considering with his engineer's mind how things are constructed - bridges, banking systems, marriages - and how they may come apart. Mike McCormack captures with tenderness and feeling, in continuous, flowing prose, a whole life, suspended in a single hour.

The Existential Pleasures of Engineering Penguin

Who am I? What's my life's purpose? Where am I going when I die? These questions lie at the heart of all our lives, yet clear answers seem hard to come by. A Complete Guide to the Soul explains that answers can in fact be found in a secret history that runs like quicksilver through Western culture, from philosophy and alchemy, to poetry and modern psychology. This hidden tradition places our soul at the centre of the universe and shows us how to recover a sense of meaning that so many of us have lost today. In this important book, Patrick Harpur explores the nature of our soul, as well as its destiny. He unpacks the myths that surround it and shows how it may actually be the very fabric of reality. And he explains that, not until we have a clear understanding of this invisible part of ourselves, can we discover the answers to many of our questions about existence and human nature. Ultimately, this knowledge could help us find our true place within the world in which we live.

The Terminal Experiment Abrams

A chronological collection of stories follows the author's life and documents his witness to many of the twentieth century's milestones, from the innocence of pre-war Prague through the Nazi occupation and World War II, during which the main character sees a Jewish teacher taken away, flees Czechoslovakia, and takes a professorship in Canada. Reprint.

That Anvil of Our Souls Vintage

A battle for the soul of Los Angeles between the physical and astral planes changes the lives of four young Angelenos forever.

An unforgiving world... Two friends separated by their choices... A secret that shatters the definition of

Human... Lori wants to restore order to a world ravaged by virus, violence, and dropping birthrates. But the rage that fueled her rise from hungry teenager to Special Forces colonel has left her with few allies. When a mortally-wounded soldier disappears from the hospital amid a cover up, Lori reaches beyond official channels to her only remaining friend, Mika. Orphaned at eight, Mika lives across a fortified border, away from the spotlight. But he could never say no to Lori, so he dives into a world of secrets and deceit. They uncover a conspiracy that assassinates two heads of state to start a war, all to hide the true nature of the virus that nearly destroyed the human race. With time running out, Lori has to disobey direct orders and embrace new allegiances. The problem is, the rage that powers her also distorts her moral compass-which hasn't been reliable in the best of times.

Social Functions of Literature Macmillan

Reveals the more personal side of the Machiavellian mastermind who not only orchestrated the Great Terror but also forged the USSR into a world power

The Soul of the Marionette Stanford University Press

The revolutionary literary vision that sowed the seeds of Objectivism, Ayn Rand's groundbreaking philosophy, and brought her immediate worldwide acclaim. This modern classic is the story of intransigent young architect Howard Roark, whose integrity was as unyielding as granite...of Dominique Francon, the exquisitely beautiful woman who loved Roark passionately, but married his worst enemy...and of the fanatic denunciation unleashed by an enraged society against a great creator. As fresh today as it was then, Rand's provocative novel presents one of the most challenging ideas in all of fiction—that man's ego is the fountainhead of human progress... “A writer of great power. She has a subtle and ingenious mind and the capacity of writing brilliantly, beautifully, bitterly...This is the only novel of ideas written by an American woman that I can recall.”—The New York Times

Trends in Chinese Education Random House

This study of the effect of literature on readers, both as individuals and as members of social groups, focuses on Russia's national poet, Alexander Pushkin, as a model for investigating the aesthetic and social functions of literature. The individual reader's response to the literary text is demonstrated in Part One through a broad range of memoirs, diaries, and correspondences in which Russian readers recorded their reactions to Pushkin. Among the reactions are testimonies that Pushkin's works helped readers form their personalities, provided cathartic relief in times of stress, and aided them in releasing their suppressed emotions. In his analysis, the author draws on various psychological approaches, from studies of perception through developmental psychology to psychoanalysis. Part Two exposes the extent to which individuals' aesthetic responses are conditioned by their social environment. Against the backdrop of Russian social history in the early nineteenth century, the author describes the dissemination of new aesthetic norms, notably the relations of the Russian literary elite to "lowbrow" and "middlebrow" groups. In this context, he analyzes a number of Pushkin imitations (with Pushkin's responses to them) and links Nikolai Gogol's development as a writer to the social groups surrounding Pushkin. Among the other topics discussed are the popularization of Pushkin on the stage and his inclusion in school textbooks and anthologies. The aura surrounding the personality of an author is the subject of Part Three, in which the author shows how Pushkin's death in a duel with a foreigner contributed to his emergence as a symbol of the Russian nation, and how deep-seated anxiety about national identity gave rise to the Pushkin myth and to the canonization of the poet as martyr. The author also describes how the combined effect of the widespread reading of Pushkin's work and his legend as martyr allowed him to remain Russia's main mythic figure despite the Soviet Union's attempts to supplant him with Lenin. Throughout the book, theoretical arguments are buttressed by close readings of Pushkin's works, especially *The Prisoner of the Caucasus*, *Eugene Onegin*, *Poltava*, *Egyptian Nights*, and several lyric poems.

The Frequency of Souls Farrar, Straus and Giroux

Proving that an invisible microsphere can carry intelligible data equivalent to that of the average

human brain gives plausibility to the idea that human beings have souls. This proof was achieved through a scientific experiment that quantified the number of electromagnetic particles in a 1.73nm diameter sphere. With that premise, the book traces the author's life going from childhood to current with a bearing of the influence and participation of religious activities. It takes the reader into the mind-set of a doubter who questioned belief in Christianity and used scientific reasoning to accept Christianity. It then takes the reader through the explanations inferred from the existence of souls on the actions they take in life phenomenon where such actions are normally attributed to spiritual effect or miraculous occurrences. Arguments are forwarded to dispel other researcher's opinions about the so-called evidence against the existence of a human soul.

The Fiction of Josef Škvorecký Simon and Schuster

A tale of courage and friendship in a time of political turmoil and ecological collapse. Best friends Simone, Sagan, Jenny and Jiro learned of the predatory practices driving climate breakdown, in a time and place when they could dream of making a difference. But can they still? To survive, the world must change. To survive, they must hold fast.

The Engineer of Human Souls The Engineer of Human Souls

If you've ever wondered "What will happen to me when I die?" this book is for you. I first considered the question at eight years of age staring down the barrel of a thirty-eight-caliber revolver under a white-knuckled death grip in my father's hand—the same gun used on him by my older brother years earlier. Drawing on religion, science, philosophy, mathematics, near-death experiences (NDE), out-of-body experiences (OBE), spirit encounters, hundreds of interviews across the globe, and good old-fashioned common sense, *Gambling With Your Soul* tackles the controversial topic of life after death by standing on two fundamental truths. First, everyone is going to die. Second, no one knows what will happen to them after they die. In the face of these truths, what is your best bet? Analyzing the afterlife beliefs of the world's top twenty-two religions/nonreligions, this book proves it is Christianity. This is not to say that Christianity is "right," and all other religions are "wrong." It is simply your best bet. The book provides an original, objective, and comprehensive answer to the question that's sewn into the DNA of every human being.

Josef Škvorecký's The Engineer of Human Souls, and His Position in Canadian Literature Wipf and Stock Publishers

The Duchess of Alba, known as Goya's muse, recalls the passions of youth on her deathbed in the royal court of eighteenth-century Madrid. A young woman defies the protocols of her arranged marriage and pursues love and the life of a published writer until her readers condemn her as a danger to society in the Austro-Hungarian Empire. Nina Berberova escapes persecution during the Russian Revolution and flees to Paris, where the intelligentsia naively covet the promise of a Soviet Union. These three women attempt to find passion and intimacy in worlds that rarely accommodate female desire. Goya's Glass is an unforgettable novel of guilty pleasures coursing through history.

Gambling With Your Soul Dg Fisher

The gods are dying. Thane has served his goddess for thousands of lifetimes, but even he knows that time is running out. There's only one way to save her, to save all of Dweller kind, and it's a suicide mission. The host is a boy named Jakob. His ancient soul is one of the rare sources of power still recycling in the world of flesh. Thane has taken so many souls to his goddess, but this one could save them all. It's only when Thane learns the truth of the gods does he deny them their power. Souls aren't recycled. They're destroyed, and his goddess isn't a deity... she's a monster. Permanently melded with his human host, Thane meets his soulmate, a woman who captures his heart like his goddess never did. He'll do anything to protect her, and the gods know it. Indulge in the riveting new series by international bestselling author A.J. Flowers, full of Norse, Viking, and Greco-Roman myth wrapped up in a world of shifters, gods, and magic! Scroll up and one-click your copy of *Soul Bound* today! Praise for A.J. Flowers by real readers "The Lunar Clash, Beyond the Deepwoods Collection" ?????I had tears in my eyes when it ended. I hope this piqued your interest and you will go read it too. I always liked this author, and this was just...wow. "Fallen to Grace, Celestial Downfall Book 1" ????? I was completely captivated from the very beginning. The world building and the complex characters really keep the pages turning! It's a fast paced easy read if I ever saw one. "Awakening, Ancient Realms Collection" ?????Once again A.J. Flowers did not disappoint! There are so many things to focus on and think about during this page turning adventure. It was hard to put down once I started.
