Senior Engineering Aide Career
Examination Passbooks
This book isnt primarily about relationships.
Theres no romance involved--not even any
close friendships. Its mostly about flying
machines and their missions. But people
are important. After all, pilots fly the
machines. There are a lot of characters
here that aviation buffs will immediately

recognize: Lots of record-setting test pilots, favorite airplanes, but Douglas A-1H and even some astronauts. Older non-buffs Skyraider stands out. There has never will also see familiar names: an aviation legend, first-ever moon walkers, a couple of accuracy in iron-bomb delivery, weapons popular entertainers, a famous TV-news load-carrying ability or endurance. anchor and even two former presidential Lockheeds F-104A or C models were many candidates. Watch closely, some of them pilots dream machines. Their luster dimmed just flash past. Airplanes star in this tale. somewhat for me after I flew them. But they None of them were perfect, but many of were certainly suitable for training Test Pilot School students to perform zooms and tasks. North American Aircrafts F-86F was shuttle-aircraft type approaches and a beautiful machine. But it was also a landings. Ill stop with these four. Theres breathtakingly-good MiG killer. Because of much more on airplanes inside--about its fine flying qualities, it was fun to fly--a 192,000 words worth. Thats a lot to slog sports car among sedans. Fairchild/Chase through and you may find some parts too Aircrafts C-123B was an outstanding technical or too detailed. Ignore them. assault transport. It was almost perfect for There are also many numbers, but most its mission in Vietnam, but it could be a real arent important. Browse for good stuff. If handful for any pilot to fly. I have lots of you want more info on some airplane,

Google her up.
