**Manager Job Interview:  
Technical Questions and  
Answers**

Engineering shapes our  
world. As a result,  
engineers with the right  
technical abilities are in  
high demand globally.

Engineers looking for that  
next big career move need  
to ensure they're well-  
versed in answering  
competency based  
interview questions which

will attempt to get to the  
heart of their technical skills;  
their managerial abilities,  
and personality.

7 Key Engineering Manager  
Interview Questions | Arc Blog

A former employee recently  
asked, "What are questions  
you ask software engineering  
management candidates?"

These questions really focus  
on the people-skills for  
managers. If you're looking for

technical questions, I highly  
recommend techInterview or  
stumbling around on Stack

Overflow. Lead Off Que  
*Engineering Manager  
Interview Questions -  
Betterteam*

As an engineer, I've never  
really known what to do in a  
manager interview. I've  
always just walked in and  
expected someone else on  
the team to ask all the  
questions. Later, I would offer  
a thumbs up or thumbs down  
on the candidate, solely  
based on my "feelings."

*Engineering Manager  
Interview Questions And*

---

The engineering manager candidate should ask probing questions about the background context of the tasks, the priorities of the team and the organization. They should ask about business goals and about the level of urgency of the tasks.

**How to master a competency-based interview in engineering ...**

POPULAR: It operations manager interview questions answers While you definitely want to be prepared for this question, you certainly don't want to make your answer sound memorized. Keep in mind, while this question may sound like an invitation to share your life story, you can be assured your interviewer has very little interest in hearing about everything you've ever done.
