Children will go Wild About English using this fun workbook!

Pascal Press

This book is part of the Excel Advanced Skills series, which provides students with more challenging extension work in reading and comprehension. The Excel Advanced Skills series of Reading and Comprehension Workbooks for Years 16 will help students improve their reading and comprehension in English and in other subjects and become more competent, reflective and critical readers. The first part of the book focuses on reading strategies such as skimming, scanning, visualising, connecting, predicting, inferring, monitoring and judging (reading reflectively and critically). The second part of the book shows students how to answer the five types of comprehension questions they are likely to encounter during their primary school years: fact-finding, synthesis, inferring, language and judgement questions. This book has been specifically written for the YEAR 3 AUSTRALIAN CURRICULUM ENGLISH COURSE.

English - Reading Comprehension Age 9-11 Cambridge University Press

The second edition of the popular Essential English Skills for the Australian Curriculum series has been updated for today's students. Providing support for differentiated learning and featuring flexible ICT tasks that encourage language and literacy development, the series is ideal for both classroom use and homework. The multilevel approach to key language and literacy skills caters to the different learning abilities in the classroom and assists teachers in matching tasks to the skill of their students. Three levels of carefully graded questions (Test yourself, Extend yourself and Challenge yourself) give every student an achievable starting point and the opportunity to enhance their skills. New text extracts and examples of classic and popular texts provide the very best support for today's students, while covering the requirements of the Australian Curriculum and the cross-curricula priorities. Fully integrated tech challenges and online tasks encourage students to explore the impact of technology on their own language and literacy development. Each workbook includes a dedicated introduction to ICT in the classroom - Using Digital Technology for English skills - suggesting applications that can be used with the workbook. Solutions are available for teachers in downloadable PDF format.

Reading Comprehension, Grades 7 - 8 Oxford University Press, USA

Excel Maths: Fractions, Decimals and Percentages is divided into four skill levels. Although the earlier units cover lower primary school work, older children who are having trouble will benefit from working through them. Children often have problems with fractions and decimals because they don't fully understand the basic skills involved. Once they have learnt these fundamental concepts, the student can work through the unity relevant to their Year level. Year 3 children having trouble with fractions should start at Unit 1 Year 4 children having trouble with equivalent fractions or decimals should start at Unit 2 Year 5 children having trouble with mixed fractions and equivalent fractions should start at Unit 3 Year 6 children who require revision of fractions, decimals and percentages should complete Unit 4. The activities in all units of this book reflect current classroom practice. There is a strong emphasis on understanding as new concepts are introduced. Children's confidence will grow as they complete the practice examples. In this book your child will find: 8 self-contained, carefully graded units Hundreds of practice exercises Quick questions and revision pages to stay in touch with previous work Diagnostic and mastery tests to measure student's knowledge A lift-out answer section.
