Memoirist Bob Tarte returns with another hilarious look into his birdbrained world

Why We Run University of Michigan Press

Bob Tarte had his first encounter with a cat when he was two and a half years old. He should have learned his lesson then, from Fluffy. But as he says, "I listened to my heart instead, and that always leads to trouble." In this tell-all of how the Tarte household grew from one recalcitrant cat to six—including a hard-to-manage stray named Frannie—Tarte confesses to allowing these interlopers to shape his and his wife's life, from their dining habits to their sleeping arrangements to the placement and furriness of their furniture. But more than that, Bob begins seeing Frannie and the other cats as unlikely instructors in the art of achieving contentment, even in the face of illness and injury. Bewitched by the unknowable nature of domesticated cats, he realizes that sometimes wildness and mystery are exactly what he needs. With the winning humor and uncanny ability to capture the soul of the animal world that made Enslaved by Ducks a success, Tarte shows us that life with animals gives us a way out of our narrow human perspective to glimpse something larger, more enduring, and more grounded in the simplicities of love—and catnip.

Dr. Cyrus Mills returns to his hometown after inheriting his father's failing veterinary practice. Cyrus intends to sell the practice and get out of town as fast as he can, but when his first patient -- a down-on-her-luck golden retriever named

Frieda Fuzzypaws -- wags her way through the door, life suddenly gets complicated. With the help of a black Labrador gifted in the art of swallowing underwear, a Persian cat determined to expose her owner's lover as a gold digger, and the allure of a feisty, pretty waitress from the local diner, Cyrus gets caught up in a new community and its endearing residents, both human and animal. Sensing he may have misjudged the past, he begins to realize it's not just his patients that need healing. The Patron Saint of Lost Dogs is a winsome tale of new beginnings, forgiveness, and the joy of finding your way home.

A New York Times Bestseller School is not the only place to find a teacher. In this beautiful picture book, learn the many surprising lessons animals have to teach us about friendship, compassion, and how to be a better creature in the world. Sy Montgomery has had many teachers in her life: some with two legs, others with four, or even eight! Some have had fur, feathers, or hooves. But they've all had one thing in common: a lesson to share. The animals Sy has met on her many world travels have taught her how to seek understanding in the most surprising ways, from being patient to finding forgiveness and respecting others. Gorillas, dogs, octopuses, tigers, and more all have shown Sy that there are no limits to the empathy and joy we can find in each other if only we take the time to connect. Based on the New York Times best-selling adult memoir, Sy Montgomery and Rebecca Green's beautiful, friendly guide is for readers young and old who wish to be better creatures in the world. Go ahead, pass it on. Kitty Cornered Hachette Books

Daphne Sheldrick's best-selling love story of romance, life and elephants, An African Love Story: Love, Life and Elephants is an incredible story from Africa's greatest living conservationist. A typical day for Daphne involves rescuing baby elephants from poachers; finding homes for orphan elephants, all the while campaigning the ever-present threat of poaching for the ivory trade. An African Love Story is the incredible memoir of her life. It tells two stories - one is the extraordinary love story which blossomed when Daphne fell head over heels with Tsavo Game Park and its famous warden, David Sheldrick. The second is the love story of how Daphne and David, who devoted their lives to saving elephant orphans, at first losing every infant under the age of two until Daphne at last managed to devise the first-ever milk formula which would keep them alive. 'Compulsively readable', Mail on Sunday 'An enchanting memoir', Telegraph Daphne Sheldrick has spent her entire life in Kenya. For over 25 years, she and her husband, David, the famous founder of the the giant Tsavo National Park, raised and rehabilitated back into the wild orphans of misfortune from many different wild species. These included elephants, rhinos, buffaloes, zebra, eland, kudu, impala, warthogs and many other smaller animals. In 2006 she was made Dame Commander of the British Empire by the Queen.

"Once I started this incomparable story, I couldn't put it down, and I cannot get it out of my mind—nor will I ever. The message of what can be accomplished by training through affection and joy will thrill all animal lovers." —Betty White A captivating true story of loyalty, friendship, and high adventure that spans several decades and three continents, Modoc is one of the most remarkable true stories ever told, perfect for fans of The Zookeeper's Wife or Water for Elephants. Raised together in a small German circus town, a boy and an elephant formed a bond that would last their entire lives, and would be tested time and again: through a

near-fatal shipwreck in the Indian Ocean, an apprenticeship with the legendary Mahout elephant trainers in the Indian teak forests, and their eventual rise to circus stardom in 1940s New York City. As the African Sun-Times put it, Modoc is "heartwarming. . . probably the greatest love story ever told." Modoc Penguin

In the style of James Thurber's "The Dog Department" meets "Marley and Me," "Shepherd Girl: A Dog Story" chronicles the exploits of Athena, a silly long-coated German shepherd. Athena is goofy, clumsy, and vain, and although she successfully foils a stranger's abduction of the author in a dark parking lot, she also finds time to chase lawn gnomes, strip the author topless at the Dog Park, and play-bow to stuffed toys at an age when she should know better. Athena is at times exasperating and certainly no perfect replica of Rin Tin Tin, but the underlying love and devotion between dog and author are undeniable. For all who have loved a dog, Shepherd Girl: A Dog Story will remind them why. "If you've ever considered bringing home the spunky little German shepherd puppy that caught your eye, you might think again after reading Cat Needham's hilarious recount of one frenzied moment after another with Athena." - Bob Tarte, Author of "Enslaved by Ducks" and "Fowl Weather"

The acclaimed story of the little bird that won the nation's heart He'll never live, the neighbors all said. But Robert, the abandoned quail chick would prove them wrong. Born on a kitchen counter in a house on Cape Cod, raised in a box surrounded by a lamb's wool duster and a small lamp, Robert's life began auspiciously.

Summary of Bob Tarte's Enslaved by Ducks University of Washington Press

This book looks at the Kirtland's warbler and wildlife conservation in a way that no other book has. It looks back on the history of this unique bird, examines the people and policies that kept the warbler from extinction, explores the cult of personality that surrounds it, and examines the challenges of the future—all through the eyes of the people who have acted so passionately on its behalf. The story of the Kirtland's warbler is a story of complex relationships between the bird and its environment, the humans who interact with it, and the complex government policies that affect it. And now, just when it appears that the Kirtland's warbler has recovered for good, a change in its status may send the warbler's population into a downward spiral once again.

The Cat Whisperer Harper Collins

There had always been music along the banks of the Congo River—lutes and drums, the myriad instruments handed down from ancestors. But when Joseph Kabasele and his African Jazz went chop for chop with O.K. Jazz and Bantous de la Capitale, music in Africa would never be the same. A sultry rumba washed in relentless waves across new nations springing up below the Sahara. The Western press would dub the sound soukous or rumba rock; most of Africa called in Congo music. Born in Kinshasa and Brazzaville at the end of World War II, Congon music matured as Africans fought to consolidate their hard-won independence. In addition to great musicians—Franco, Essous, Abeti, Tabu Ley, and youth bands like Zaiko Langa Langa—the cast of characters includes the conniving King Leopold II, the martyred Patrice Lumumba, corrupt dictator Mobutu Sese Seko, military strongman Denis Sassou Nguesso, heavyweight boxing champs George Foreman and Muhammad Ali, along with a Belgian baron and a clutch of enterprising Greek expatriates who pioneered the Congolese recording industry. Rumba on the River presents a snapshot of an era when the currents of tradition and modernization collided along the banks of the Congo. It is the story of twin capitals engulfed in political struggle and the vibrant new music that flowered amidst the ferment. The Secrets of Lost Cats University of Michigan Press The book that Entertainment Weekly called "hilarious," Publishers Weekly declared "a true pleasure," Booklist called "heartwarming," and the Dallas Morning News praised as "rich and funny" is now available in paperback. When Bob Tarte bought a house in rural Michigan, he was counting on a tranquil haven. Then Bob married Linda. She wanted a rabbit, which seemed innocuous enough until the bunny chewed through their electrical wiring. And that was just the beginning. Before long, Bob found himself constructing cages, buying feed, clearing duck waste, and spoon-feeding a menagerie of furry and feathery residents. His life of quiet serenity vanished, and he unwittingly became a servant to a

relentlessly demanding family. "They dumbfounded him, controlled and teased him, took their share of his flesh, stole his heart" (Kirkus Reviews). Whether commiserating with Bob over the fate of those who are slaves to their animals or regarding his story as a cautionary tale about the rigors of animal ownership, readers on both sides of the fence have found Tarte's story of his chaotic squawking household irresistible--and irresistibly funny.

Meet the ladies: a flock of smart, affectionate, highly individualistic chickens who visit their favorite neighbors, devise different ways to hide from foxes, and mob the author like she 's a rock star. In these pages you ' ll also meet Maya and Zuni, two orphaned baby hummingbirds who hatched from eggs the size of navy beans, and who are little more than air bubbles fringed with feathers. Their lives hang precariously in the balance—but with human help, they may one day conquer the sky. Snowball is a cockatoo whose dance video went viral on YouTube and who ' s now teaching schoolchildren how to dance. You ' ll meet Harris ' s hawks named Fire and Smoke. And you ' ll come to know and love a host of other avian characters who will change your mind forever about who birds really are. Each of these birds shows a different and utterly surprising aspect of what makes a bird a bird—and these are the lessons of Birdology: that birds are far stranger, more wondrous, and at the same time more like us than we might have dared to imagine. In Birdology, beloved author of The Good Good Pig Sy Montgomery explores the essence of the otherworldly creatures we see every day. By way of her adventures with seven birds—wild, tame, exotic, and common—she weaves new scientific insights and narrative to reveal seven kernels of bird wisdom.

The first lesson of Birdology is that, no matter how common they are, Birds Are Individuals, as each of Montgomery ' s distinctive Ladies clearly shows. In the leech-infested rain forest of Queensland, you ' ll come face to face with a cassowary—a 150-pound, man-tall, flightless bird with a helmet of bone on its head and a slashing razor-like toenail with which it (occasionally) eviscerates people—proof that Birds Are Dinosaurs. You ' ll learn from hawks that Birds Are Fierce; from pigeons, how Birds Find Their Way Home; from parrots, what it means that Birds Can Talk; and from 50,000 crows who moved into a small city ' s downtown, that Birds Are Everywhere. They are the winged aliens who surround us.

Birdology explains just how very "other" birds are: Their hearts look like those of crocodiles. They are covered with modified scales, which are called feathers. Their bones are hollow. Their bodies are permeated with extensive air sacs. They have no hands. They give birth to eggs. Yet despite birds ' and humans ' disparate evolutionary paths, we share emotional and intellectual abilities that allow us to communicate and even form deep bonds. When we begin to comprehend who birds really are, we deepen our capacity to approach, understand, and love these otherworldly creatures. And this, ultimately, is the priceless lesson of Birdology: it communicates a heartfelt fascination and awe for birds and restores our connection to these complex, mysterious fellow creatures.

"Astonishing...You may be tempted after the last page to sell all your possessions and join [Sheldrick's] cause."—The Boston Globe The first person to successfully raise newborn elephants, Dame Daphne Sheldrick has saved countless African animals from certain death. In this indelible and deeply heartfelt memoir, Daphne tells of her remarkable career as a conservationist and introduces us to a whole host of orphans—including Bushy, a liquid-eyed antelope, and the majestic elephant Eleanor. Yet she also shares the incredible human story of her relationship with David Sheldrick, the famous Tsavo National Park warden whose death inspired the David Sheldrick Wildlife Trust and the orphans' nursery, where Daphne works to this day. From her tireless campaign to preserve Kenya's wildlife to the astonishing creatures she befriended along the way, Love, Life, and Elephants is alive with compassion and humor, providing rare insight into the life of one of the world's most fascinating women.

Becoming a Good Creature Harper Collins

When Ralph Helfer, now one of Hollywood's top animal behaviorists, first began working, he was shocked by the cruelty that was accepted practice in the field. He firmly believed in "affection training" -- that love, not fear, should be the basis of any animal's development, even when dealing with the most dangerous of creatures. Then Zamba came into

his life -- an adorable four-month-old lion cub that went on to prove Helfer's theories resoundingly correct. Over the next eighteen years, Zamba would thrive and grow, and go on to star in numerous motion pictures and television shows -- all the while developing a deep and powerful bond of love and affection with the man who raised him. By turns astonishing, hilarious, and poignant, Zamba is not only the unforgettable story of the relationship that Helfer would come to consider one of the most important in his life but also that of the amazing career and adventures of the greatest lion in the world.
