*Entrepreneurial Finance* John Wiley & Sons  
Like a detailed trail map through the jungle of finance, this book guides readers past small-business financial pitfalls, showing readers how to fine-tune operations and enhance profitability. Easy to read and full of engaging stories, this book teaches the basics of true financial management—re-made just for small businesses. It's perfect for entrepreneurs who want to get more from their accounting without getting stuck in the details. The author examines each of the three major financial statements and explains both how and why business owners should utilize these powerful tools to create a more stable, more profitable business. Whether one's business has one employee or 100, the small business owner will gain a deeper understanding of why finance is so critical to survival and growth. Written by an experienced CFO and entrepreneur, *The Entrepreneur's Guide to Financial Statements* uses illustrations, real-life stories, and crystal-clear writing to show business owners the importance of "the

numbers" and the critical nature of finance to the survival, profitability, and growth of their small businesses.

## Corporate Finance McGraw-Hill/Irwin

*Fundamentals of Entrepreneurial Finance* provides a comprehensive introduction to entrepreneurial finance, showing how entrepreneurs and investors jointly turn ideas into valuable high-growth start-ups. Marco Da Rin and Thomas Hellmann examine the challenges entrepreneurs face in obtaining funding and the challenges investors face in attracting promising ventures. They follow the joint journey of entrepreneurs and investors from initial match to the eventual success or failure of the venture.

Written with the goal of making entrepreneurial finance accessible, this book starts with the basics, develops advanced topics, and derives practical insights. Da Rin and Hellmann build on academic foundations from several disciplines and enrich the text with data, mini-cases, examples, and exercises.

*Financial Policy and Management Accounting* SAGE Publications  
Giving students a clear vision of small business as it really is, this work focuses on the kinds of businesses that students might actually start, instead of giving information about high growth firms.

## **Entrepreneurial Finance** John Wiley & Sons

This new edition of *Entrepreneurial Financial Management* presents an applied, realistic view of finance for today's entrepreneurs. The book provides an integrated set of concepts and applications, drawn from entrepreneurship, finance, and accounting, that will prepare aspiring entrepreneurs for the world they are likely to face as they start their new businesses. The book's contents are designed to follow the life cycle of a new business venture. Topics are covered in the order that entrepreneurs can expect to encounter them as they begin the process of business start-up and move into growing the business. A comprehensive financial spreadsheet template is included with the book. This tool allows for the application of many of the concepts to actual businesses, and can be a valuable supplement to the process of developing a full business plan. The financial

spreadsheet templates are available for unlimited free downloads at Professor Cornwall's blog site: [www.drjeffcornwall.com](http://www.drjeffcornwall.com). Key Changes in the Third Edition • The authors have added material on how the book's financial templates align with business modeling. • The financial templates have been updated and now include more up-to-date assumptions on benefit costs. • There is updated coverage of debt and equity financing due to new regulations and evolving investor expectations. • The bootstrapping chapter has been revised to reflect the explosion of social media and its impact on bootstrap marketing.

## **Disclosure of Corporate Ownership** McGraw-Hill Europe

Deep coverage and rigorous examination of international corporate finance *Multinational Finance* offers an advanced exploration of international corporate finance concepts and operations. Despite its status as one of the most rigorous texts on the topic, this book remains accessible and readable without sacrificing depth of coverage. Sidebars, key terms, essays, conceptual questions, and problems with solutions help aid in the learning process, while suggested readings and PowerPoint handouts reinforce the material and offer avenues for further exploration. This new sixth edition includes Excel templates that allow students to use real-world tools in a learning environment, and the modular structure facilitates course customization to individual objectives, interests, and preparatory level. The emphasis is on the basics of financial management, but coverage includes unique chapters on treasury management, asset pricing, hedging, options, and portfolio management in addition to traditional finance topics. International finance is a diverse field with myriad specialties and a vast array of possible interests. This book allows students to view the field through the lens of a financial manager with investment or financial options in more than one country to give them a practical feel for real-world application. Understand the nature and operations of international corporate finance Evaluate opportunities, costs, and risks of multinational operations See beyond the numbers and terminology to the general principles at work Learn the markets, currencies, taxation, capital structure, governance, and more Comprehensive, adaptable, and rigorously focused, this book gives students a solid foundation in international corporate finance, as well as a sound understanding of the tools and mechanics of the

field. Designed for MBA and advanced undergraduate courses, Multinational Finance provides the deep coverage so essential to a solid education in finance.

**Entrepreneurial Financial Management** McGraw Hill Professional  
**Entrepreneurial Finance: Venture Capital, Deal Structure & Valuation, Second Edition** illustrates how the theory and methods of finance and economics can be used to guide strategic decision-making. This text prepares readers for a variety of situations that confront stakeholders in the rapidly evolving fields of entrepreneurial finance and venture capital, outlining ways to think from the investor's and entrepreneur's perspectives. Readers will find a unique and direct focus on value creation as the objective of each strategic and financial choice. The authors specifically address the influences of risk and uncertainty on new venture success and investment performance, devoting substantial attention to methods of financial modeling and contract design. Finally, they provide a comprehensive survey of approaches to new venture valuation, with an emphasis on applications. The second edition is thoroughly revised to reflect new data, research, and changes in practice in this fast-moving field. It has an increased focus on venture capital, while maintaining its hallmark coverage of the financial aspects of entrepreneurship. Updates throughout address technological changes that have the potential to dramatically change the landscape for finance, such as recent innovations in contracting for early-stage ventures, artificial intelligence and machine learning, and Internet connectivity. Lastly, the book offers a companion website with a useful suite of resources for students and instructors alike, including spreadsheets, templates, simulation applications, and interactive cases and tutorials.

**OE [publication]** McGraw Hill Professional

This new edition of *The Economics of Business Enterprise* provides a comprehensive survey of the theory of the firm from the perspective of New Institutional Economics. It continues to emphasise the role of the entrepreneur within the firm and the emergence of institutional responses to rent seeking. Neoclassical, Transactions Cost, Austrian, Public Choice and Property Rights perspectives are contrasted and used to analyse private governance arrangements, contemporary developments in organisational form such as 'the sharing economy' and the regulatory framework.

**Corporate Finance: Core Principles and Applications**  
Cambridge University Press

Techniques to uncover and avoid accounting frauds and scams  
Inflated profits . . . Suspicious write-offs . . . Shifted expenses . . . These and other dubious financial maneuvers have taken on a contemporary twist as companies pull out the stops in seeking to satisfy Wall Street. *Financial Shenanigans* pulls back the curtain on the current climate of accounting

fraud. It presents tools that anyone who is potentially affected by misleading business valuations from investors and lenders to managers and auditors can use to research and read financial reports, and to identify early warning signs of a company's problems. A bestseller in its first edition, *Financial Shenanigans* has been thoroughly updated for today's marketplace. New chapters, data, and research reveal contemporary "shenanigans" that have been known to fool even veteran researchers.

**Fundamentals of Corporate Finance** Foundation Press  
Academics and practitioners from a range of institutions across Europe provide a cutting-edge, practical, and comprehensive review on the financing of entrepreneurial ventures. From sourcing and obtaining funds, to financial tools for growing and managing the financial challenges and opportunities of the startup, *Entrepreneurial Finance: The Art and Science of Growing Ventures* is an engaging text that will equip entrepreneurs, students and early-stage investors to make sound financial decisions at every stage of a business' life. Largely reflecting European businesses and with a European perspective, the text is grounded in sound theoretical foundations. Case studies and success stories as well as perspectives from the media and from experts provide real-world applications, while a wealth of activities give students abundant opportunities to apply what they have learned. A must-have text for both graduate and undergraduate students in entrepreneurship, finance and management programs, as well as aspiring entrepreneurs in any field.

**The Entrepreneur's Guide to Financial Statements** Lulu.com

For many, starting a business can be an overwhelming experience. Understanding the financial aspects of running a business can be even more daunting. "Entrepreneurial Finance, Fourth Edition," was written to help a broad range of U.S. business owners understand the core financial aspects of business entrepreneurship. Discussing sole proprietorships, partnerships, limited liability companies, and private corporations, the book clearly explains key financial topics such as financial statements, break-even analysis, working capital management, and time value of money. Explains why it is important to learn about finance and how mastering these topics can positively impact business success. Thoroughly explains Time-Value-of-Money and provides the reader with specific examples of use of the six time-value of-money formulas. Thorough coverage of financial statement analysis - Discusses horizontal, vertical, and ratio analysis of financial statements in detail. Clear synopsis of 2005 Bankruptcy Abuse Prevention and Consumer Protection Act. An excellent reference for anyone looking to start their own business or for someone who already owns their own business who

needs more information on finances.

**Financial Decision Making** Edward Elgar Publishing

Too often, finance courses stop short of making a connection between textbook finance and the problems of real-world business. "Financial Modeling" bridges this gap between theory and practice by providing a nuts-and-bolts guide to solving common financial problems with spreadsheets. The CD-ROM contains Excel\* worksheets and solutions to end-of-chapter exercises. 634 illustrations.

**Special Issue: Entrepreneurial Finance** John Wiley & Sons  
For MBA/graduate students taking a course in corporate finance. Using the unifying valuation framework based on the Law of One Price, top researchers Jonathan Berk and Peter DeMarzo set the new standard for corporate finance textbooks. *Corporate Finance* blends coverage of time-tested principles and the latest advancements with the practical perspective of the financial manager. With this ideal melding of the core with modern topics, innovation with proven pedagogy, Berk and DeMarzo establish the new canon in finance. The second edition reflects the constantly changing world of finance, including information on the recent financial crisis, new behavioral finance research, and updated practitioner interviews.

**Entrepreneurial Finance** Business Expert Press

Aswath Damodaran, distinguished author, Professor of Finance, and David Margolis, Teaching Fellow at the NYU Stern School of Business, has delivered the newest edition of *Applied Corporate Finance*. This readable text provides the practical advice students and practitioners need rather than a sole concentration on debate theory, assumptions, or models. Like no other text of its kind, *Applied Corporate Finance, 4th Edition* applies corporate finance to real companies. It now contains six real-world core companies to study and follow. Business decisions are classified for students into three groups: investment, financing, and dividend decisions.

**Construction Accounting & Financial Management** Prentice Hall  
*Corporate Finance: Core Principles and Applications, 3rd edition*, by Ross, Westerfield, Jaffe and Jordan was written to convey the most important corporate finance concepts and applications at a level that is approachable to the widest possible audience. The concise format, managerial context and design, and student-friendly writing style are key attributes to this text. RWJJ *Core Principles* strikes a balance by introducing and covering the essentials, while leaving more specialized topics to follow-up courses. This text distills the subject of corporate finance down to its core, while also maintaining a decidedly modern approach. The well-respected author team is known for the clear, accessible presentation of material that makes this text an excellent teaching tool.

**Entrepreneurial Finance: Finance and Business Strategies for**

---

the Serious Entrepreneur Cengage Learning

Formerly published by Chicago Business Press, now published by Sage Entrepreneurial Finance offers a comprehensive overview of the key concepts related to entrepreneurial finance, with a focus on practical applications in real-world settings. Author Denise Lee makes financial concepts easy to understand for students, equipping them with the knowledge and skills they need to effectively manage finances in their ventures and succeed as entrepreneurs.

Multinational Finance South Western Educational Publishing  
Parrino's Fundamentals of Corporate Finance develops the key concepts of corporate finance with an intuitive approach while also emphasizing computational skills, enabling students to develop the critical judgments necessary to apply financial tools in real decision-making situations. The fourth edition offers a level of rigor that is appropriate for both business and finance majors.

Entrepreneurial Finance at the Dawn of Industry 4.0

Bloomsbury Publishing USA

UNDERSTANDING COMPANY LAW 3RD EDITION is a textbook for non-law students at polytechnics and universities studying the law of companies and business organisations. Providing an excellent balance between theory, case law and practice, UNDERSTANDING COMPANY LAW covers the essential concepts of company law, business organisations, financial markets and takeovers in a clear and straightforward manner.

International Finance MDPI

The advent of the fourth industrial revolution, Industry 4.0, brings about both opportunities and challenges that are likely to set developed economies even farther apart from emerging economies. This book, through the perspective of researchers in the emerging markets, presents analyses on a number of issues important to entrepreneurial finance, such as debt financing, mergers and acquisitions, stock market efficiency, resource allocation and consumption, and sustainable development. It aims at improving our understanding of the financing needs as well as the financial risks involved in entrepreneurial endeavors in less developed settings in the new era.

**Financial Decision for Enterpreuerial Success (Learn,**

**Enrich Accentuate & Perform)** Pearson Higher Ed  
Practical and applications (rather than theory) based, this book focuses on the needs of individuals interested in starting a small business -- primarily those organized as sole proprietorships, partnerships, or small Subchapter S corporations. It emphasizes small businesses exclusively -- with specific examples of the non-corporate market. The book is mathematically accessible to those with limited mathematical background (formulas are explained rather than derived, and only basic math is used in illustrations and solutions). A full case study is referred to throughout narrative and an accompanying CD-ROM includes all tables in Excel format.
