This book is like the other enVision Math Interactive Homework books. They offer one page of problems per section of the corresponding textbook. There are a few typos and problems that are out of alignment, but not too many. Every textbook publisher has those kinds of issues, and I find they usually get worked out by the second or third edition.

I have reviewed the Interactive Homework books for several grade levels in the enVision Math series. The Grade 5 book is a solid workbook and follows the pattern of the others. That is, it includes one page per

section of the actual textbook. I wish the workbook included more than just one practice page for each section.
