Enter once more the world of Roland Deschain—and the world of the Dark Tower...now presented in a stunning graphic novel form that will unlock the doorways to terrifying secrets and bold storytelling as part of the dark fantasy masterwork and magnum opus from #1 New York Times bestselling author Stephen King. "The man in black fled across the desert, and the gunslinger followed." With these unforgettable words, millions of readers were introduced to Stephen King's iconic character Roland Deschain of Gilead. Roland is the last of his kind, a "gunslinger" charged with protecting whatever goodness and light remains in his world—a world that "moved on," as they say. In this desolate reality—a dangerous land filled with ancient technology and deadly magic, and yet one that mirrors our own in frightening ways—Roland is on a spellbinding and soul-shattering quest to locate and somehow save the mystical nexus of all worlds, all universes: the Dark Tower. Now, in the graphic novel series Stephen King's *The Dark Tower: Beginnings*, originally published by Marvel Comics in single-issue form and creatively overseen by Stephen King himself, the full story of Roland's troubled past and coming-of-age is revealed. Sumptuously drawn by Jae Lee and Richard Isanove, plotted by longtime Stephen King expert Robin Furth, and scripted by New York Times bestselling author Peter David, *Beginnings* is an extraordinary and terrifying journey into Roland's origins—ultimately serving as the perfect introduction for new readers to Stephen King's modern literary classic *The Dark Tower*, while giving longtime fans thrilling adventures merely hinted at in his blockbuster novels. The evil deceptions woven by the merciless, mesmerizing power of the mystical seeing sphere known as "Maerlyn's Grapefruit" warped Roland Deschain of Gilead's sense of reality, causing him to unintentionally commit a shocking and unforgivable crime—one that may surely earn him a swift journey to the gallows. But what has happened to Roland is only a taste of the bitter fate for all of Mid-World's noblest defenders, as the violent insanity and destructive scheming of the monstrous "Good Man" John Farson and the inhuman Marten Broadcloak finally culminate in an all-out assault on the city of Gilead itself....
