Equanimity, good health, peace of mind, and long life are the goals of the ancient Taoist tradition known as "internal alchemy," of which *Cultivating Stillness* is a key text. Written between the second and fifth centuries, the book is attributed to T'ai Shang Lao-chun—the legendary figure more widely known as Lao-Tzu, author of the *Tao-te Ching*. The accompanying commentary, written in the nineteenth century by Shui-ch'ing Tzu, explains the alchemical symbolism of the text and the methods for cultivating internal stillness of body and mind. A principal part of the Taoist canon for many centuries, *Cultivating Stillness* is still the first book studied by Taoist initiates today.

Here is the revealing underground classic, a work that stands beside the "Seth" books as a delightful and invaluable guide to our inner spirit and our outer world. Emmanuel speaks to us through Pat Rodegast and shares his wisdom and insights on all aspects of life. Beautifully written and illustrated, Emmanuel's Book I is to be treasured, enjoyed and passed on to a friend.

Emmanuel says: "The gifts I wish to give you are my deepest love, the safety of truth, the wisdom of the universe and the reality of God . . . . The issue of whether there is a Greater Reality or not, for me at least, has been settled. I know that there is. So I will speak to you from the knowing that I possess."

Ram Dass, in the introduction, says: "Being with Emmanuel one comes to appreciate the vast evolutionary context in which our lives are being lived . . . . And at each moment we are at just the right place in the journey. As Emmanuel points out, 'Who you are is a necessary step to being who you will be.'"
