In this book, popular Fuji Rumors "X-Pert Corner" columnist Rico Pfisteringer teaches about the little-known capabilities of the X-T1, which he's discovered through months of in-depth research and experimentation with the camera. After a brief overview of the camera's basic functions, Rico cuts to the chase and provides a plethora of tips and practical instructions not found in the user's manual. This second edition includes descriptions of new features and updates to firmware. With this

knowledge, you will be able to fully exploit the capabilities of the X-T1. The Fujifilm X-series cameras have amazing features but may require an adjustment period for those new to using these cameras, even photographers who have been lifetime DSLR shooters. This guide will help you to quickly feel comfortable using your camera so that you can achieve excellent results. This book includes complete coverage of the camera's new firmware 4 features that were introduced in July 2015. Topics covered include:

- Menu shortcuts
- Long exposures
- Firmware upgrades
- Hybrid autofocus system
- Auto and manual focusing
- Face detection
- ISOless sensor
- Dynamic Range expansion
- Film simulations
- Custom settings
- RAW conversion
- Panoramas
- Movies
- Self-timer
- Flash
- Adapted lenses
- And much more...

Digital imaging is no longer the province of the enthusiast or dedicated amateur. By end 2004, according to market estimates, the installed base of digital cameras worldwide reached over 200 million. Moreover, millions of people now make use of digital cameras built into mobile phones, producing countless images each year. Complete Digital Photography caters to a need not met by existing books, addressing the general public or lay person who simply wants to do a few basic things with their digital

images. They do not expect to become skilled photographers, they do not aspire to semi-professional status, they do not want to work hard. They want to have fun, want to learn how to use their 'toys' only well enough to create satisfying images to give to friends. But they may well be bitten by the nature of the medium and wish to go a little further. Complete Digital Photography aims to inspire such readers and to provide hints and encouragement, without going into too much off-putting detail.
