It's the undisputed king of Internet auction sites. It's a global bazaar offering a range of goods from Antiques to Zulu Daisies. Cars, clothing, collectibles: you name it, and it's likely that you can find on eBay. But along with the vast selection of goods available, buyers and sellers also encounter all the other elements that markets are known for: tricks and swindlers, overpriced goods, deceptive labeling, small print, recycled items marked as new, and the occasional rare priceless find or undiscovered treasure. Seasoned eBay traders know that to successfully buy and sell within this mega-shopping platform, you need to understand the system. Unfortunately, the secrets of the site are often tightly held by other buyers and sellers seeking a competitive edge. But what if you're a newcomer? Or an experienced trader who wants to make the jump to power buyer or seller? eBay: The Missing Manual gives you the inside information you'll need to become an eBay expert. Buyers will find the most effective ways to find you want and pay prices that are sure to bring a smile to your face. And you'll get authoritative advice on strategic bidding: how to watch for elusive items, time your bids to take the competition by surprise, and--above all--avoid paying more than you ought to. Sellers will get sure-fire tips from eBay

veterans who have discovered ways to ramp up their own auctions and sell at the highest possible prices. From the smallest details, such as how to take and post the most effective photos of your goods, to pricing strategies, inventory management, and shipping methods, this user-friendly manual will help you make more money on eBay. Whether you're selling a single item or running fulltime business on the site, you'll find tips to help you do it more effectively. As in any community, problems and disputes arise, and you'll learn how other eBayers resolve such troubles or work around them. eBay: The Missing Manual has gems of wisdom for everyone from total novices to more experienced traders. If you're looking to improve your eBay auction experience, you'll savor the tips and trick revealed in this guided exploration.

The latest versions of iMovie HD and iDVD 5 are, by far, the most robust moviemaking applications available to consumers today. But whether you're a professional or an amateur moviemaker eager to take advantage of the full capabilities of these applications, don't count on Apple documentation to make the cut. You need iMovie HD & iDVD 5: The Missing Manual, the objective authority on iMovie HD and iDVD 5. Even if you own a previous version of iMovie, the new feature-rich iMovie HD may well be impossible to resist. This video editing program now enables users to capture and edit widescreen High Definition Video (HDV) from the new generation of HDV camcorders, along with standard DV and the MPEG-4 video format. iMovie HD also includes "Magic iMovie" for making finished movies automatically. The feature does everything in one step--imports video into separate clips and adds titles, transitions, and music. The finished video is then ready for iDVD 5, which now includes 15 new themes with animated drop zones that can display video clips across DVD menus, just like the latest Hollywood DVDs. This witty and entertaining guide from celebrated author David Pogue not only details every step of iMovie HD video production--from choosing and using a digital camcorder to burning the finished work onto DVDs--but provides a firm grounding in basic film technique so that the quality of a video won't rely entirely on magic. iMovie HD & iDVD 5: The Missing Manual includes expert techniques and tricks for: Capturing quality footage (including tips on composition, lighting, and even special-event filming) Building your movie track, incorporating transitions and special effects, and adding narration, music, and sound Working with picture files and QuickTime movies Reaching your intended audience by exporting to tape, transferring iMovie to QuickTime, burning QuickTime-Movie CDs, and putting movies on the Web (and even on your cell phone!) Using iDVD 5 to stylize and burn your DVD creation iMovie HD & iDVD 5: The Missing Manual--it's your moviemaking-made-easy guide.

#### **Moody's Industrial Manual**

Producing and Directing the Short Film and Video, Fifth Edition is the definitive book on the subject for the serious film student or beginning filmmaker. Its unique two-fold approach looks at filmmaking from the perspectives of both the producer and director, and clearly explains how their separate roles must work together to create a successful short film or video. Through extensive examples from award-winning shorts and insightful interviews, you will learn about common challenges the filmmakers encountered during each step of filmmaking process—from preproduction to production, postproduction, and distribution—and the techniques they used to overcome them. In celebrating this book's twentieth

anniversary, this edition has been updated to include: Two all-new, in-depth cases studies of esteemed short films—Memory Lane and the Academy Award-winning God of Love A revised chapter progression that reinforces the significance of the actor - director relationship Interviews with the filmmakers integrated alongside the text, as well as new images and behind-the-scenes coverage of production processes Revamped sections on current financing strategies, postproduction workflows, and the wide variety of distribution platforms now available to filmmakers A "Where are They Now" appendix featuring updates on the original filmmakers covered in the first edition An expanded companion website ([www.focalpress.com/cw/rea](http://www.focalpress.com/cw/rea)) containing useful forms and information on distributors, grants and financing sources, film and video festivals, film schools, internet sources for short works, and professional associations
