Who Rides the White  
Horse Hi my friend,  
after you've read this  
book you may not want  
to consider me a  
friend. I'm learning  
to accept that. There  
was a time that when I  
met someone like me

the way I am now. I  
felt the same way as  
many of you will. Even  
though you won't be  
able to prove me wrong,  
you're going to hate me  
for the way I tell the  
truth. Yes I know I  
seem to act and sound  
cocky. I'm hoping that  
some one can knock old  
Ray off his high horse  
with a stronger sense  
of truth than mine.  
It's been a few years  
now and no one yet has  
done that. My pledge is  
that should some one  
prove anything that I  
have said to be a lie  
at the very least I'll

have to publically  
apologize. If my word  
is worth anything it's  
now on the line. My  
name is Ray Ralph. I'm  
the author of Christ,  
Christianity, and  
Christians Welcome to  
the real world. For  
most of you who are  
about to read this  
book, It will most  
likely not live up to  
your expectations. The  
majority of you who  
read these types of  
books will be expecting  
more of the same old  
same old. These days  
preachers of all faiths  
prepare their sermons

---

for their next worship day. You will attend the service out of tradition, and habit more than anything else. It's your responsibility, your duty to honor God with your presence. You'll show up at the church dressed in your Sunday best whether you have services on Sunday, Saturday, or any other day. You'll find your seat, make yourself as comfortable as you can, some of those seats are as comfortable as easy chairs, and some are bring your own pillows.

Then you muddle through the next few hours or take. Whatever the sermon is about, you usually don't have a say, and yet you'll suppose ably accept it as Gods Word. What was said actually didn't make sense but hey, the sermon was good the pastor who told it is your friend. Gods chosen representative. They don't make mistakes and if they do there so insignificant it doesn't matter. Like many of you I was raised a Christian and as I was growing up I

heard the word of God told to me the same way, over and over for over 50 years. Myself I had never read a book of the Bible in my life. I used the same excuse as many of you; it's just too hard to understand. All those years I just took for granted that what my preachers were telling me was Gods Word. My preachers wouldn't lie. I stood up for my faith whatever the consequences. Now that I think back upon many of my conversations with other faiths it

---

didn't matter that what eyes and mind wide believably back inside those 8  
I was saying was open. Remember to show dramatic and historic days. The  
totally wrong, as far this book to your unique social media format of

be delivered by President Nixon events were thinking, doing and should the astronauts fail to return from the Moon. There is an extensive list of major sources at the end of the book. It is not a book, therefore, written in the usual book format. It is the story of man's first exploration of Earth's nearest neighbor, the Moon, told as if in real time in the form of imaginary social media posts by the main participants and observers. Although using the fictional (at the time) vehicle of social media, the book gives an accurate account of the historic mission, revealing what the people involved in, and those witnessing, the momentous

saying at each stage of the mission. The account covers the entire mission, from the tense build up and countdown to the launch to the heart-stopping descent to the lunar surface, the first moonwalk, the experiments on the surface, the journey back to Earth, re-entry, recovery and the triumphal reception back in New York.

**Do and Dare** HarperCollins Ralph Johns, is a demented, insubordinate and totally unprofessional mystery shopper. Working mainly (or when he can be bothered to) for Chameleon Chopper. He gets paid to eat, drink, travel,

ask endless drivelling questions and eventually to shop. This generally involving harassment of many shopkeepers. Knowing no bounds, Ralph tends to galivant around the North West of England, frequenting various alehouses, burger joints and hospitals along the way. This is a shopping list and travel journal like no other. Ralph Johns, has one of those jobs that many people wonder if they exist, and probably think it's an urban myth. But he does in fact, yes, he gets paid to shop, to browse, and to ponder those stupid questions most normal folk wouldn't dare to ask. I know what you're thinking, it

---

isn't as glamorous as it sounds? Well, top marks there reader, as alas for Ralph, it isn't. He'd like to shop, not that at heart he's a true shopper however, and what to some may seem like a dream come true is not to a professional mystery shopper. Working a regular 9-5 or better still, staying in bed, is the dream for Ralph. A drunken food obsessed loon, and bored of constantly querying everything, Ralph must eek through life and wonder what it is all about. You don't know he's there, what's his agenda, and why is he trying on that dress at least a few sizes too small... for him? The journey doesn't end

here, continue within at your peril and enter the mad, mad world of, Ralph the mystery shopper!

*Memphis 1873* Univ of Wisconsin Press

'When an accident occurs, something may emerge of lasting value, for the human spirit may rise to its greatest heights. This happened on Haramosh.' The Last Blue Mountain is the heart-rending true story of the 1957 expedition to Mount Haramosh in the Karakoram range in Pakistan. With the summit beyond reach, four young climbers are about to return to camp. Their brief pause to enjoy the view and take

photographs is interrupted by an avalanche which sweeps Bernard Jillott and John Emery hundreds of feet down the mountain into a snow basin. Miraculously, they both survive the fall. Rae Culbert and Tony Streather risk their own lives to rescue their friends, only to become stranded alongside them. The group's efforts to return to safety are increasingly desperate, hampered by injury, exhaustion and the loss of vital climbing gear. Against the odds, Jillott and Emery manage to climb out of the snow basin and head for camp, hoping to reach food, water and assistance in time to save themselves and their

---

companions from an icy grave. But another cruel twist of fate awaits them. An acclaimed mountaineering classic in the same genre as Joe Simpson's *Touching the Void*, Ralph Barker's *The Last Blue Mountain* is an epic tale of friendship and fortitude in the face of tragedy.

### Words for Warriors

Createspace Independent Pub

"Words for Warriors: A Professional Soldier's Notebook" is about leadership-leadership on the battlefield and in the garrison. Colonel Ralph

Puckett, a Ranger legend, shares what he has learned in more than fifty-eight years of training, leading, teaching, and mentoring Warriors. This book addresses tactics, training, administration, special staff, public relations, self-development, and myriad other subjects that are the responsibilities of commanders. Much of this advice will be useful to business leaders as well. The essays within are not limited to Colonel

Puckett's experience. They draw heavily upon the experiences of others to provide a broad discussion of practical courses of action for the many challenges that confront leaders. This invaluable resource presents ideas that will help commanders with many of the problems that are part of everyday military life. "Words for Warriors" helps fill the gap between what is taught in our service schools and lessons learned through experience.

“Bruce Schneier’s amazing book is the best overview of privacy and security ever written.”—Clay Shirky  
“Bruce Schneier’s amazing book is the best overview of privacy and security ever written.”—Clay Shirky  
Your cell phone provider tracks your location and knows who’s with you. Your online and in-store purchasing patterns are recorded, and reveal if you're unemployed, sick, or pregnant. Your e-mails and texts expose your intimate and casual friends.

Google knows what you’re thinking because it saves your private searches. Facebook can determine your sexual orientation without you ever mentioning it. The powers that surveil us do more than simply store this information. Corporations use surveillance to manipulate not only the news articles and advertisements we each see, but also the prices we’re offered. Governments use surveillance to discriminate, censor, chill free speech, and put people in danger worldwide. And

both sides share this information with each other or, even worse, lose it to cybercriminals in huge data breaches. Much of this is voluntary: we cooperate with corporate surveillance because it promises us convenience, and we submit to government surveillance because it promises us protection. The result is a mass surveillance society of our own making. But have we given up more than we’ve gained? In *Data and Goliath*, security expert Bruce Schneier offers another path, one that

---

values both security and privacy. He brings his bestseller up-to-date with a new preface covering the latest developments, and then shows us exactly what we can do to reform government surveillance programs, shake up surveillance-based business models, and protect our individual privacy. You'll never look at your phone, your computer, your credit cards, or even your car in the same way again.

For twenty-five years following the Voyager mission, scientists speculated about Saturn's largest moon, a mysterious orb clouded in orange haze. Finally, in 2005, the Cassini-Huygens probe successfully parachuted down through Titan's atmosphere, all the while transmitting images and data. In the early 1980s, when the two Voyager spacecraft skimmed past Titan, Saturn's largest

---

moon, they transmitted back enticing images of a mysterious world concealed in a seemingly impenetrable orange haze. Titan Unveiled is one of the first general interest books to reveal the startling new discoveries that have been made since the arrival of the Cassini-Huygens mission to Saturn and Titan. Ralph Lorenz and Jacqueline Mitton take readers behind the scenes of this mission. Launched in 1997, Cassini entered orbit around

Saturn in summer 2004. Its formidable payload included the Huygens probe, which successfully parachuted down through Titan's atmosphere in early 2005, all the while transmitting images and data--and scientists were startled by what they saw. One of those researchers was Lorenz, who gives an insider's account of the scientific community's first close encounter with an alien landscape of liquid methane seas and turbulent orange skies.

Amid the challenges and frayed nerves, new discoveries are made, including methane monsoons, equatorial sand seas, and Titan's polar hood. Lorenz and Mitton describe Titan as a world strikingly like Earth and tell how Titan may hold clues to the origins of life on our own planet and possibly to its presence on others. Generously illustrated with many stunning images, Titan Unveiled is essential reading for anyone

---

interested in space exploration, planetary science, or astronomy. A new afterword brings readers up to date on Cassini's ongoing exploration of Titan, describing the many new discoveries made since 2006.

Who Rides the White Horse Createspace Independent Publishing Platform

Demonstrates that, similar to their white counterparts, African American authors -

including Ralph Ellison, Toni Morrison and Countee Cullen - have been students of classical languages, literature, and mythologies by such writers as Homer, Euripides, and Seneca. This study of black classicism becomes an exploration of America's cultural integrity.

“A rich, sensual, bewitching adventure of good vs. evil with love as the prize.”

~Publisher's Weekly on ETERNITY 300 years ago, Raven St. James was hanged for witchcraft. But she revives among the dead to find herself alive. She is an Immortal High Witch, one of the light. A note from her mother warns that there are others, those of the Dark, who preserve their own lives by taking the hearts of those

---

like her. Duncan Wallace's forbidden love for the secretive lass costs him his life. 300 years later, he loves her again, tormented by hazy memories of a past that can't be real. She tells him of another lifetime, claims to be immortal. Though he knows she's deluded, he can't stay away. And the Dark Witch after her heart is far closer than either of them know. If you liked the TV Series HIGHLANDER, you will LOVE this series. Don't miss Book 2, INFINITY. "A hauntingly beautiful story of a love that endures through

time itself." ~New York Times Bestselling Author, Kay Hooper "This captivating story of a love that reaches across the centuries, becomes as immortal as the lover's themselves, resonates with timeless passion, powerful magic, and haunting heartbreak." ~BN.com's official review  
*40 Homes* Createspace Independent Publishing Platform  
When it was published in 1932, this revolutionary first fiction redefined the art of the novel with its black humor, its nihilism, and its irreverent,

explosive writing style, and made Louis-Ferdinand Celine one of France's--and literature's--most important 20th-century writers. The picaresque adventures of Bardamu, the sarcastic and brilliant antihero of *Journey to the End of the Night* move from the battlefields of World War I (complete with buffoonish officers and cowardly soldiers), to French West Africa, the United States, and back to France in a style of prose that's lyrical, hallucinatory, and hilariously scathing toward nearly everybody and everything. Yet, beneath it all one can detect a gentle core of idealism.

Ralph Shapey (b. 1921) is one of the most controversial composers of the twentieth century. His music has been

described as searing, terrifying, and altogether extraordinary, highly poetic and very lyrical, and magnificent...epic in its scope, arrestingly original in its utterance. More than sixty of his works have been published and he has received numerous awards and commissions. This catalogue begins with a brief biography. The second section lists the works of the composer, numbered chronologically by date of completion, and includes eleven categories

of information: Title, number of movements, duration, instrumental forces, number of pages, catalogue number of publication, dedication, first performance, reviews, and discography. There is also a section that discusses the method of composition Shapey has employed in all his works since 1981, and which he calls The Mother Lode *Kings in Exile* Pendragon Press
