Mirror Motives introduces a completely new world for fantasy and historical fiction lovers alike. Set in a parallel dimension where the greatly outnumbered five Ancient Races rule the Starborn and Newborn races by virtue of their powerful magic, the story twists and turns, woven from the point of view of well-developed characters. The greatest general and Arval Master Maximillian Praedatorus abdicates with his Empress in favor of their sixteen year old son, according to Imperial Decree. That's when Rome's enemies rise in a frenzy of deep-seeded rage to bring down the Ancient Races. Queen

Furia, secretly the leader of the Cloud Dancer assassins, plots to regain the Iron Throne. Thascius Gildo, her lover, vows revenge on the Northern Empire for exiling his family. Tiberius Tarquinius escapes pirates and vampires in a vainglorious attempt to free the dragons. Sultan Sargon of Persia commands the extremely powerful and equally wicked Eye of Sydyll. Wyrmkyn shapeshifters murder and become those they murdered in a colossal covert invasion. And try as she might, Vestal Virgin Aunt Julia cannot avoid war as hatred incarnate, the Marune called He Who Stands Alone, brings to fruition his latest attempt to destroy mankind. Political plot intrigues, complicated with magic and bold-faced lies, manipulations, and a little love, whirl in this novel of powerful, beautiful women, great heroes, and even greater villains. It is the precursor to a comprehensive and unique Role-Playing Game system to be released by Skyborn Studios in the near future. Secret Paris Amacom

History that doesn't suck: Smart, crude, and hilariously relevant to modern life. Those who don't know history are doomed to repeat it. Too bad it's usually boring as sh\*t. Enter The Captain, the ultimate storyteller who brings history to life (and to your life) in this hilarious, intelligent, brutally honest, and crude compendium to events that happened before any of us were born. The entries in this compulsively readable book bridge past and present with topics like getting ghosted, handling haters, and why dog owners rule (sorry, cat people). Along the way you'll get a glimpse of Edith Wharton's sex life, dating rituals in Ancient Greece, catfishing in 500 BC, medieval flirting techniques, and squad goals from Catherine the Great. You'll learn why losing yourself in a relationship will make you crazy--like Joanna of Castile, who went from accomplished badass to Joanna the Mad after obsessing over a guy known as Philip the Handsome. You'll

discover how Resting Bitch Face has been embraced throughout history (so wear it proudly). And you'll see why it's never a good idea to f\*ck with powerful women--from pirate queens to diehard suffragettes to Cleo-f\*cking-patra. People in the past were just like us--so learn from life's losers and emulate the badasses. The Captain shows you how.

These days, Richmond is a city of winter balls and garden parties on soft summer evenings, a city of private clubs where white-haired old gentlemen, with their martinis or mint juleps in hand, still genuflect in front of portraits of Robert E. Lee. But it's also a city of brutal crime scenes and drug corners. It's a city of world-class ad agencies and law firms, a city of the FFV (First Families of Virginia) and a city of immigrants - from India, Vietnam and Africa to Massachusetts, New York and New Jersey.
