Full serial number ranges for all model years are displayed whether or not a serial number match is found. Serial numbers for 77K+ Construction & Lift/Access Truck models.

Equipment Data, APIs | Prices | Serial Number Search | Fleets

Serial number lists almost always show the production year, not the actual calendar year the tractor was built. This information is generally more useful, because major changes would have been made to a model at the start of the production year, not on January 1. Read the number carefully On older tractors, the serial number plate has often faded.
