Stupid is the new smart—but it wasn't always so Popular culture has divorced itself from the life of the mind. Who has time for great books or deep thought when there is Jersey Shore to watch, a txt 2 respond 2, and World of Warcraft to play? At the same time, those who pursue the life of the mind have insulated themselves from popular culture. Speaking in insider jargon and writing unread books, intellectuals have locked themselves away in a ghetto of their own creation. It wasn't always so. Blue Collar Intellectuals vividly captures a time in the twentieth century when the everyman aspired to high culture and when intellectuals descended from the ivory tower to speak to the everyman. Author Daniel J. Flynn profiles thinkers from working-class backgrounds who played a prominent role in American life by addressing their intellectual work to a mass audience. Blue Collar Intellectuals shows us how much everyone—intellectual and everyman alike—has suffered from mass culture's crowding out of higher things and the elite's failure to engage the masses.

In 1946, master sergeant Donald Nichols was stationed on Guam when he caught the eye of recruiters from the Army's Counter Intelligence Corps. After three months' training he was sent to Korea, then a backwater largely beneath the radar of MacArthur's Pacific Command. Nichols quickly insinuated himself into the affections of South Korea's first president, Syngman Rhee, and became a key player in the American war effort. Harden traces Nichols's rise and ruin-- and in doing so explains the history of our foreign policy mess with North Korea.

WINNER OF THE NOBEL PEACE PRIZE • In this "courageous" (The Washington Post) memoir of survival, a former captive of the Islamic State tells her harrowing and ultimately inspiring story. Nadia Murad was born and raised in Kocho, a small village of farmers and shepherds in northern Iraq. A member of the Yazidi community, she and her brothers and sisters lived a quiet life. Nadia had dreams of becoming a history teacher or opening her own beauty salon. On August 15th, 2014, when Nadia was just twenty-one years old, this life ended. Islamic State militants massacred the people of her village, executing men who refused to convert to Islam and women too old to become sex slaves. Six of Nadia's brothers were killed, and her mother soon after, their bodies swept into mass graves. Nadia was taken to Mosul and forced, along with thousands of other Yazidi girls, into the ISIS slave trade. Nadia would be held captive by several militants and repeatedly raped and beaten. Finally, she managed a narrow escape through the streets of Mosul, finding shelter in the home of a Sunni Muslim family whose eldest son risked his life to smuggle her to safety. Today, Nadia's story—as a witness and deeplysatisfying read!" —Simon Winchester, author of Atlantic Award-winning former Boston Globe reporter Mitchell Zuckoffunleashes the exhilarating, untold story of an extraordinary World War IIrescue mission, where a plane crash in the South Pacific plunged a trio of U.S.military personnel into a land that time forgot. Fans of Hampton Sides' Ghost Soldiers, Marcus Luttrell's Lone Survivor, and David Grann's The Lost Cityof Z will be captivated by Zuckoff's masterfullyrecounted, all-true story of danger, daring, determination, and discovery injungle-clad New Guinea during the final days of WWII.

[Escape from Camp 14](#) Crown

From the world ' s most repressive state comes rare good news: the escape to freedom of a small number of its people. It is a crime to leave North Korea. Yet increasing numbers of North Koreans dare to flee. They go first to neighboring China, which rejects them as criminals, then on to Southeast Asia or Mongolia, and finally to South Korea, the United States, and other free countries. They travel along a secret route known as the new underground railroad. With a journalist ' s grasp of events and a novelist ' s ear for narrative, Melanie Kirkpatrick tells the story of the North Koreans ' quest for liberty. Travelers on the new underground railroad include women bound to Chinese men who purchased them as brides, defectors carrying state secrets, and POWs from the Korean War held captive in the North for more than half a century. Their conductors are brokers who are in it for the money as well as Christians who are in it to serve God. The Christians see their mission as the liberation of North Korea one person at a time. Just as escaped slaves from the American South educated Americans about the evils of slavery, the North Korean fugitives are informing the world about the secretive country they fled. Escape from North Korea describes how they also are sowing the seeds for change within North Korea itself. Once they reach sanctuary, the escapees channel news back to those they left behind. In doing so, they are helping to open their information-starved homeland, exposing their countrymen to liberal ideas, and laying the intellectual groundwork for the transformation of the totalitarian regime that keeps their fellow citizens in chains.

"I am most grateful for two things: that I was born in North Korea, and that I escaped from North Korea." - Yeonmi Park "One of the most harrowing stories I have ever heard - and one of the most inspiring." - The Bookseller "Park's remarkable and inspiring

story shines a light on a country whose inhabitants live in misery beyond comprehension. Park's important memoir showcases the strength of the human spirit and one young woman's incredible determination to never be hungry again." —Publishers Weekly In In Order to Live, Yeonmi Park shines a light not just into the darkest corners of life in North Korea, describing the deprivation and deception she endured and which millions of North Korean people continue to endure to this day, but also onto her own most painful and difficult memories. She tells with bravery and dignity for the first time the story of how she and her mother were betrayed and sold into sexual slavery in China and forced to suffer terrible psychological and physical hardship before they finally made their way to Seoul, South Korea—and to freedom. Park confronts her past with a startling resilience. In spite of everything, she has never stopped being proud of where she is from, and never stopped striving for a better life. Indeed, today she is a human rights activist working determinedly to bring attention to the oppression taking place in her home country. Park's testimony is heartbreaking and unimaginable, but never without hope. This is the human spirit at its most indomitable.

[The Last Girl](#) Simon & Schuster

In this innovative and persuasive volume, Sonia Ryang offers new ways to think about North Korea and how truth emerges over decades from within a dominant discourse. It explores four discrete yet mutually related domains of discourse: North Korea's literary purge of the 1950s–1960s; its state-initiated linguistic reforms of the 1960s–1980s; stories from a people's chronicle, more than one hundred volumes in length, documenting interactions with the Great Leader, Kim Il Sung; and the multivolume memoirs of the Great Leader himself, published in the 1990s. These texts are heterogeneous in terms of authorship, style, purpose, and genre, and many have never before been explored in Anglophone studies of North Korea. All have contributed to consolidating a North Korean regime of truth, bringing into existence a set of assumptions and shared understandings that have been regarded as true over the last half century. Basing her work on a study of these linguistic and discursive domains, Ryang explores the ways in which power, truth, and self are indissolubly connected by function as well as efficacy and how language plays a key role in sustaining their validity. The Kim Il Sung era, from 1945 to Kim's death in 1994, forms the basis of the book, but the way truth emerged and was sustained during these decades provide important insight into how we can comprehend North Korea today. Rather than view the country as an ideological entity in order to expose its falsehood, so to speak, thinking critically about what it sees as true yields a far more productive outcome for scholarly analysis as well as general understanding. Language and Truth in North Korea will find a ready audience among those interested in North Korea from a wide variety of disciplines, including the social sciences, history, philosophy, and theology.

A New Translation From The French By Marion Wiesel Born in Sighet, Transylvania, Elie Wiesel was a teenager when he and his family were taken from their home in 1944 and deported to the Auschwitz concentration camp, and then to Buchenwald. Night is the terrifying record of Elie Wiesel's memories of the death of his family, the death of his own innocence, and his despair as a deeply observant Jew confronting the absolute evil of man. This new translation by his wife and most frequent translator, Marion Wiesel, corrects important details and presents the most accurate rendering in English of Elie Wiesel's seminal work.

"Stark . . . the story of how one falsely accused convict and his fellow prisoners survived or perished in an arctic slave labor camp after the war."—Time From the icy blast of reveille through the sweet release of sleep, Ivan Denisovich endures. A common carpenter, he is one of millions viciously imprisoned for countless years on baseless charges,sentenced to the waking nightmare of the Soviet work camps in Siberia. Even in the face of degrading hatred, where life is reduced to a bowl of gruel and a rare cigarette, hope and dignity prevail. This powerful novel of fact is a scathing indictment of Communist tyranny, and an eloquent affirmation of the human spirit. The prodigious works of Alexander Solzhenitsyn, including his acclaimed The Gulag Archipelago, have secured his place in the great tradition of Russian literary giants. Ironically, One Day in the Life of Ivan Denisovich is the only one of his works permitted publication in his native land. Praise for One Day in the Life of Ivan Denisovich "Cannot fail to arouse bitterness and pain in the heart of the reader. A literary and political event of the first magnitude."—New Statesman "Both as a political tract and as a literary work, it is in the Doctor Zhivago category."—Washington Post "Dramatic . . . outspoken . . . graphically detailed . . . a moving human record."—Library Journal

"In this rare insider's view into contemporary North Korea, a high-ranking counterintelligence agent describes his life as a former poet laureate to Kim Jong-il and his breathtaking escape to freedom. "The General will now enter the room." Everyone turns to stone. Not moving my head, I direct my

eyes to a point halfway up the archway where Kim Jong-il's face will soon appear... As North Korea's State Poet Laureate, Jang Jin-sung led a charmed life. With food provisions (even as the country suffered through its great famine), a travel pass, access to strictly censored information, and audiences with Kim Jong-il himself, his life in Pyongyang seemed safe and secure. But this privileged existence was about to be shattered. When a strictly forbidden magazine he lent to a friend goes missing, Jang Jin-sung must flee for his life. Never before has a member of the elite described the inner workings of this totalitarian state and its propaganda machine. An astonishing expose; told through the heart-stopping story of Jang Jin-sung's escape to South Korea, *Dear Leader* is a rare and unprecedented insight into the world's most secretive and repressive regime"--

One Day in the Life of Ivan Denisovich HarperCollins UK

Eunsun Kim was born in North Korea, one of the most secretive and oppressive countries in the modern world. As a child Eunsun loved her country...despite her school field trips to public executions, daily self-criticism sessions, and the increasing gnaw of hunger as the country-wide famine escalated. By the time she was eleven years old, Eunsun's father and grandparents had died of starvation, and Eunsun was in danger of the same. Finally, her mother decided to escape North Korea with Eunsun and her sister, not knowing that they were embarking on a journey that would take them nine long years to complete. Before finally reaching South Korea and freedom, Eunsun and her family would live homeless, fall into the hands of Chinese human traffickers, survive a North Korean labor camp, and cross the deserts of Mongolia on foot. Now, Eunsun is sharing her remarkable story to give voice to the tens of millions of North Koreans still suffering in silence. Told with grace and courage, her memoir is a riveting exposé of North Korea's totalitarian regime and, ultimately, a testament to the strength and resilience of the human spirit.

When Hikaru, one of the EXO-FORCE pilots, finds out that humans are being held captive by robots on Sentai Mountain, he decides to undertake a one-man rescue mission.

Eyes of the Tailless Animals Open Road Media

An extraordinary memoir by a North Korean woman who defied the government to keep her family alive.

[Escape from North Korea](#) Penguin

Introducing the incredible story of Shin Dong-hyuk – the only person born in a North Korean gulag ever to escape... Twenty-six years ago, Shin Dong-hyuk was born inside Camp 14, one of five sprawling political prisons in the mountains of North Korea. Located about 55 miles north of Pyongyang, the labor camp is a "complete control district", a no-exit prison where the only sentence is life. No one born in Camp 14 or in any North Korean political prison camp has escaped. No one except Shin. This is his story. A gripping, terrifying memoir with a searing sense of place, *Escape from Camp 14* will unlock, through Shin, a dark and secret nation, taking readers to a place they have never before been allowed to go.

[From Scratch](#) Escape from Camp 14

"Destined to become a classic" (Iris Chang, author of *The Rape of Nanking*), this harrowing memoir of life inside North Korea was the first account to emerge from the notoriously secretive country -- and it remains one of the most terrifying. Amid escalating nuclear tensions, Kim Jong-un and North Korea's other leaders have kept a tight grasp on their one-party state, quashing any nascent opposition movements and sending all suspected dissidents to its brutal concentration camps for "re-education." Kang Chol-Hwan is the first survivor of one of these camps to escape and tell his story to the world, documenting the extreme conditions in these gulags and providing a personal insight into life in North Korea. Sent to the notorious labor camp Yodok when he was nine years old, Kang observed frequent public executions and endured forced labor and near-starvation rations for ten years. In 1992, he escaped to South Korea, where he found God and now advocates for human rights in North Korea. Part horror story, part historical document, part memoir, part political tract, this book brings together unassailable firsthand experience, setting one young man's personal suffering in the wider context of modern history, giving eyewitness proof to the abuses perpetrated by the North Korean regime.

Dear Leader Sounds True

INSTANT NEW YORK TIMES BESTSELLER The only definitive book authored by Wim Hof on his powerful method for realizing our physical and spiritual potential. "This method is very simple, very accessible, and endorsed by science. Anybody can do it, and there is no dogma, only acceptance. Only freedom." —Wim Hof Wim Hof has a message for each of us: "You can literally do the impossible. You can overcome disease, improve your mental health and physical performance, and even control your physiology so you can thrive in any stressful situation." With *The Wim Hof Method*, this trailblazer of human potential shares a method that anyone can use—young or old, sick or healthy—to supercharge their capacity for strength, vitality, and happiness. Wim has become known as "The Iceman" for his astounding physical feats, such as spending hours in freezing water and running barefoot marathons over deserts and ice fields. Yet his most remarkable achievement is not any record-breaking performance—it is the creation of a method that thousands of people have used to transform their lives. In his gripping and passionate style, Wim shares his method and his story, including:

- **Breath**—Wim's unique practices to change your body chemistry, infuse yourself with energy, and focus your mind
- **Cold**—Safe, controlled, shock-free practices for using cold exposure to enhance your cardiovascular system and awaken your body's untapped strength
- **Mindset**—Build your willpower, inner clarity, sensory awareness, and innate joyfulness in the miracle of living
- **Science**—How users of this method have redefined what is medically possible in study after study
- **Health**—True stories and testimonials from people using the method to overcome disease and chronic illness
- **Performance**—Increase your endurance, improve recovery time, up your mental game, and more
- **Wim's Story**—Follow Wim's inspiring personal journey of discovery, tragedy, and triumph
- **Spiritual Awakening**—How breath, cold, and mindset can reveal the beauty of your soul

Wim Hof is a man on a mission: to transform the way we live by reminding us of our true power and purpose. "This is how we will change the world, one soul at a time," Wim says. "We alter the collective consciousness by awakening to our own boundless potential. We are limited only by the depth of our imagination and the strength of our conviction." If you're ready to explore and exceed the limits of your own potential, *The Wim Hof Method* is waiting for you.

[A Thousand Miles to Freedom](#) HarperCollins Publishers

Part horror story, part historical document, part memoir, part political tract, one man's suffering gives eyewitness proof to an ongoing sorrowful chapter of modern history.

[Long Road Home](#) Macmillan

Kim Yong shares his harrowing account of life in a labor camp a singularly despairing form of torture carried out by the secret state. Although it is known that gulags exist in North Korea, little information is available about their organization and conduct, for prisoners rarely escape both incarceration and the country alive. *Long Road Home* shares the remarkable story of one such survivor, a former military official who spent six years in a gulag and experienced firsthand the brutality of an unconscionable regime. As a lieutenant colonel in the North Korean army, Kim Yong enjoyed unprecedented privilege in a society that closely monitored its citizens. He owned an imported car and drove it freely throughout the country. He also encountered corruption at all levels, whether among party officials or

Japanese trade partners, and took note of the illicit benefits that were awarded to some and cruelly denied to others. When accusations of treason stripped Kim Yong of his position, the loose distinction between those who prosper and those who suffer under Kim Jong-il became painfully clear. Kim Yong was thrown into a world of violence and terror, condemned to camp No. 14 in Hamkyeong province, North Korea's most notorious labor camp. As he worked a constant shift 2,400 feet underground, daylight became Kim's new luxury; as the months wore on, he became intimately acquainted with political prisoners, subhuman camp guards, and an apocalyptic famine that killed millions. After years of meticulous planning, and with the help of old friends, Kim escaped and came to the United States via China, Mongolia, and South Korea. Presented here for the first time in its entirety, his story not only testifies to the atrocities being committed behind North Korea's wall of silence but also illuminates the daily struggle to maintain dignity and integrity in the face of unbelievable hardship. Like the work of Solzhenitsyn, this rare portrait tells a story of resilience as it reveals the dark forms of oppression, torture, and ideological terror at work in our world today.

[In Order to Live](#) Columbia University Press

The powerful and the powerless are here in dramatic narratives that explain a land swept up in change, lurching between an unworkable Western present and a collapsing African past. By focusing on individuals, Blaine Harden uncovers an Africa that endures beyond the sum of its statistics.
