Popular Mechanics Applewood Books
The beloved debut novel about an affluent Indian family forever changed by one fateful day in 1969, from the author of *The Ministry of Utmost Happiness* NEW YORK TIMES BESTSELLER • MAN BOOKER PRIZE WINNER Compared favorably to the works of Faulkner and Dickens, Arundhati Roy ' s modern classic is equal parts powerful family saga, forbidden love story, and piercing political drama. The seven-year-old twins Estha and Rahel see their world shaken irrevocably by the arrival of their beautiful young cousin, Sophie. It

is an event that will lead to an illicit liaison and tragedies accidental and intentional, exposing " big things [that] lurk unsaid " in a country drifting dangerously toward unrest. Lush, lyrical, and unnerving, *The God of Small Things* is an award-winning landmark that started for its author an esteemed career of fiction and political commentary that continues unabated. *The God of Small Things* Basic Books
The first book of a trilogy of novels known collectively as "*The Rosy Crucifixion*." It is autobiographical and tells the story of Miller's first tempestuous marriage and his relentless sexual exploits in New York. The other books are "*Plexus*" and "*Nexus*."

Popular Science Monthly and World Advance
James Joyce's novel Ulysses is said to be one of the most important works in Modernist literature. It details Leopold Bloom's passage through Dublin on an

ordinary day: June 16, 1904. Causing controversy, obscenity trials and heated debates, Ulysses is a pioneering work that brims with puns, parodies, allusions, stream-of-consciousness writing and clever structuring. Modern Library ranked it as number one on its list of the twentieth century's 100 greatest English-language novels and Martin Amis called it one of the greatest novels ever written.

The Bureau of Human Nutrition and Home Economics

A masterpiece of linguistics scholarship, at once erudite and entertaining, confronts the thorny question of how—and whether—culture shapes language and language, culture Linguistics has long shied away from claiming any link between a language and the culture of its speakers: too much simplistic (even bigoted) chatter about the romance of Italian and the goose-stepping orderliness of German has made serious thinkers wary of the entire subject. But now, acclaimed linguist Guy Deutscher has dared to reopen the issue. Can culture influence language—and vice versa?

Can different languages lead their speakers to different thoughts? Could our experience of the world depend on whether our language has a word for "blue"? Challenging the consensus that the fundamentals of language are hard-wired in our genes and thus universal, Deutscher argues that the answer to all these questions is—yes. In thrilling fashion, he takes us from Homer to Darwin, from Yale to the Amazon, from how to name the rainbow to why Russian water—a "she"—becomes a "he" once you dip a tea bag into her, demonstrating that language does in fact reflect culture in ways that are anything but trivial. Audacious, delightful, and field-changing, *Through the Language Glass* is a classic of intellectual discovery.
