All Jill wants is a man with whom she has something in common... a faithful and not too good-looking man... A man that isn't too young or over the hill. What she gets is something a whole lot more and drop dead gorgeous to boot. Leonard Smyth has been duped by Luc Beauregard, his once best friend. Now he's got to date a woman he's never met... not only that, but he must take her on five dates, and not sleep with her. It should be easy, right? Wrong. Especially, when the woman he's now dating is not only a human but also has no idea that, he is, in fact, a vampire. What's worse, his glamour is working too well and women are throwing themselves at him... well, apart from Jill. The women he can handle, but Jill, now she's an enigma. Leonard is shocked to find that Jill is a woman he would actually be happy to spend time with... and not just for a bang and bail. Now all he needs to do is keep his promise - and his hands to himself - or he forfeits the chance to heal the rift in his friendship with Luc. Surely it's an absolute doddle for a man who's nearly five-hundred- years old? Well, it would be if he wasn't trying to prove to Jill that he did, in fact, find her more attractive than the ones he'd turned away. Contains profanity, humour, and adult sex scenes.

The City of God Against the Pagans, often called The City of God, is a book of Christian philosophy written in Latin by Augustine of Hippo in the early 5th century AD. The book was in response to allegations that Christianity brought about the decline of Rome and is considered one of Augustine's most important works, standing alongside The Confessions, The Enchiridion, On Christian Doctrine and On the Trinity. As a work of one of the most influential Church Fathers, The City of God is a cornerstone of Western thought, expounding on many profound questions of theology, such as the suffering of the righteous, the existence of evil, the conflict between free will and divine omniscience, and the doctrine of original sin.

[Dark Skye](#) Immortal Flame

Love and tragedy dominate book four of Virgil's most powerful work, building on the violent emotions invoked by the storms, battles, warring gods, and monster-plagued wanderings of the epic's opening. Destined to be the founder of Roman culture, Aeneas, nudged by the gods,

decides to leave his beloved Dido, causing her suicide in pursuit of his historical destiny. A dark plot, in which erotic passion culminates in sex, and sex leads to tragedy and death in the human realm, unfolds within the larger horizon of a supernatural sphere, dominated by power-conscious divinities. Dido is Aeneas' most significant other, and in their encounter Virgil explores timeless themes of love and loyalty, fate and fortune, the justice of the gods, imperial ambition and its victims, and ethnic differences. This course book offers a portion of the original Latin text, study questions, a commentary, and interpretative essays. Designed to stretch and stimulate readers, Ingo Gildenhard's incisive commentary will be of particular interest to students of Latin at both A2 and undergraduate level. It extends beyond detailed linguistic analysis to encourage critical engagement with Virgil's poetry and discussion of the most recent scholarly thought.

The Sublime in Antiquity Entangled: Teen

Plato's *Timaeus* and the Biblical Creation Accounts argues that the creation of the world in Genesis 1 and the story of the first humans in Genesis 2-3 both draw directly on Plato's famous account of the origins of the universe, mortal life and evil containing equal parts science, theology and myth. This book is the first to systematically compare biblical, Ancient Near Eastern and Greek creation accounts and to show that Genesis 1-3 is heavily indebted to Plato's *Timaeus* and other cosmogonies by Greek natural philosophers. It argues that the idea of a monotheistic cosmic god was first introduced in Genesis 1 under the influence of Plato's philosophy, and that this cosmic Creator was originally distinct from the lesser terrestrial gods, including Yahweh, who appear elsewhere in Genesis. It shows the use of Plato's *Critias*, the sequel to *Timaeus*, in the stories about the Garden of Eden, the intermarriage of "the sons of God" and the daughters of men, and the biblical flood. This book confirms the late date and Hellenistic background of Genesis 1-11, drawing on Plato's writings and other Greek sources found at the Great Library of Alexandria. This study provides a fascinating approach to Genesis that will interest students and scholars in both biblical and classical studies, philosophy and creation narratives. .
