Edwards comes the fifth installment in her Alluring Indulgence series that asks the question: how long did it take you to

find your place in the world? For Ethan Walker, going through the motions of life, keeping his distance, and never getting attached has become the mantra he lives by. Success is measured by how many hours he can work and how little attention he can draw. That was until he landed on Beau Bennett's radar. Until Beau, Ethan had never met

a man who could get him to question his own logic and even consider taking a different path. Beau Bennett knows exactly who he is—now. It might've taken him some time to figure it out, but now that he has his bearings, Beau has set his sights on the mysteriously sexy Ethan Walker. Pursuing someone has never been his style, but something

is telling him to keep at it because the end result is going to be worth it. Now that they've found one another, how long will it take Ethan and Beau to accept that their place in the world is...together?

The winners of the Nobel Prize show how economics, when done right, can help us solve the thorniest social and political problems of our day. Figuring

out how to deal with today's critical economic problems is perhaps the great challenge of our time. Much greater than space travel or perhaps even the next revolutionary medical breakthrough, what is at stake is the whole idea of the good life as we have known it. Immigration and inequality, globalization and technological disruption, slowing growth and accelerating climate change--these are sources of

great anxiety across the world, from New Delhi and Dakar to Paris and Washington, DC. The resources to address these challenges are there--what we lack are ideas that will help us jump the wall of disagreement and distrust that divides us. If we succeed, history will remember our era with gratitude; if we fail, the potential losses are incalculable. In this revolutionary book, renowned MIT economists Abhijit V. Banerjee and Esther Duflo

take on this challenge, building on cutting-edge research in economics explained with lucidity and grace. Original, provocative, and urgent, *Good Economics for Hard Times* makes a persuasive case for an intelligent interventionism and a society built on compassion and respect. It is an extraordinary achievement, one that shines a light to help us appreciate and understand our precariously balanced world. Holidays with

Two neighbors and long-time friends come face-to-face with their forbidden fantasies in this sizzling ebook from New York Times and USA TODAY bestselling author Nicole Edwards. Zoey Stranford might 've had a crush on the sexy boy next door since middle school, but she 's a woman now, and that crush has turned into a full-blown case of lust. So why is it that at twenty-nine, her libido decides to ramp into high gear and the only thing she can focus on is the intensely sexy, scorching hot boy next door who is definitely not a boy anymore? The only problem is that Zoey and Kaleb have been best friends for as long as she can remember. Not to mention, Kaleb and his brothers are working on buying Stranford land to build a new resort, and she 's more than a little hesitant about his intentions. Kaleb Walker has had his eye on Zoey for close to twenty years, but never before has he considered taking their friendship to the next level, no matter how many fantasies he 's had about her over the years. That doesn 't explain why Kaleb is hell bent on having her—in as many ways as possible. Kaleb finds himself in a precarious

situation. His brothers have nominated him to pursue Zoey ' s father about purchasing the land needed to get their new resort off the ground. Finding out that Carl Stranford is on the brink of foreclosure and Zoey might just lose her house and the land, Kaleb now has to convince her to put aside her pride and let him help her. It doesn ' t take long before the flames start burning bright and hot, and the two of them burn up the nights and the days as they explore each other ' s forbidden fantasies. But can their friendship survive a business transaction or the new friends with benefits clause? Or will they realize that they ' ve been overlooking something much deeper that ' s been right in front of them all along? Travis Nicole Edwards Limited The oldest of the Walker brothers opens a unique resort—catering to fetishes and fantasies—in this sizzling ebook from New York Times and USA TODAY bestselling author Nicole Edwards. Travis Walker, the oldest of the seven Walker brothers, has been referred to as moody and mysterious, and for the most part, he would agree. Until recently,

he spent his days helping his brothers run the family business. Now, he dedicates his time and energy to building a resort, Alluring Indulgence, that caters to fetishes and fantasies. And despite his attempt to work himself into the ground, Travis has never denied—at least not to himself—that something is missing. Ten years ago, Travis made the hardest decision of his

life, breaking his own heart in the process. A decade later, he is learning that life has a strange way of turning things upside down before placing the pieces exactly where they were meant to go.
