A practical, research-  
based guide for  
strengthening workplace  
and personal ethics. Step-  
by-step explanations,

---

case examples, and questionnaires help readers identify and manage the ethical drift to which health care management and staff can succumb under the daily pressure to do more with less. Provides tools that assess where the organization and individuals stand in their relative strengths and weaknesses regarding everyday ethical decision making. Includes diagnostic tools (also accessible online) that

help assess the strength of ethical pathways and presents ways to create needed change. Covers the ethical pathways through which an organization produces exceptional results by doing the right thing and discusses the practices that are essential to the health of each of those pathways. Assists those who struggle to maintain a balance between personal values and organizational behaviors where small steps and decisions lead

to ethical conflicts that undermine an organizations viability and credibility.

ATTENTION TRAINERS: It's Not About YOU - It's About the LEARNER! What is the biggest mistake a trainer can make? Quite simply, it is focusing all of their efforts on themselves and not their students! Many inexperienced trainers fall into this trap, but it doesn't have to happen to you! This book provides easy-to-execute

---

examples that, when utilized, will make any rookie trainer look like a seasoned pro in just one day! You will learn how to structure the classroom experience in such a positive way that I guarantee it will make a difference in your professional life and in the lives of your participants. The techniques outlined in this book will help you to become the Great Trainer you have always wanted to be - because although good trainers may know these methods, Great Trainers make it happen! Inside, you will discover how to:

- Create an inviting physical

and emotional learning environment for your students. An inviting learning environment leads to higher levels of participation, retention, and on-the-job application! -Be less of an instructor and more of a "Tour Guide." Utilizing tour guide techniques will make your class anything-but-ordinary, causing people to look forward to your next event!

- Utilize Great Trainer techniques whether you're facilitating a 5-day course, a 60-minute training session, or a 15-minute presentation!
- Apply the techniques that will help

you go WACCO for your participants - without spending a dime! Get on the road to continuous training improvement and start reading!

\*Analyzes the controversies and mysteries surrounding Socrates' life and death, including the debate over his portrayal in Plato's Socratic dialogues.

\*Discusses the philosophers' writings about knowledge, logic, metaphysics, science, reason, Forms, political science, rhetoric and more. \*Includes busts and other art depicting the philosophers and other important people. \*Includes a Bibliography

---

on each for further reading. In 427 B.C., the Ancient Greek city-state of Athens was flourishing. Approximately 80 years earlier, the Athenians had formed the first self-representative democracy in history, the Peloponnesian War against Sparta had only just started, and Socrates was only beginning to lay the foundation of what would become Western philosophy. None of Socrates' works survived antiquity, so most of what is known about him came from the writings of his followers, most notably Plato. What is known about Socrates is that he seemed to make a career out of philosophy, and Plato was intent on following in his footsteps. Yet for all of the influence of Socrates'

life on his followers, it was Socrates' death around 399 B.C. that truly shaped them. Plato was so embittered by Socrates' trial in Athens that he completely soured on Athenian democracy, and Aristotle would later criticize politicians who relied on rhetoric; when Aristotle's own life was threatened, he fled Greece and allegedly remarked, "I will not allow the Athenians to sin twice against philosophy." About a decade after Socrates' death, Plato returned to Athens and founded his famous Platonic Academy around 387 B.C., which he oversaw for 40 years until his death. One of Plato's philosophical beliefs was that writing down teachings was less

valuable than passing them down orally, and several of Plato's writings are responses to previous writings of his, so Plato's personally held beliefs are hard to discern. However, Plato educated several subsequent philosophers, chief among them Aristotle, and his writings eventually formed the backbone of Western philosophy. Alongside Socrates and Plato, Aristotle is, without question, one of the most influential ancient Greek philosophers and arguably the greatest icon of ancient thought. His life and work expanded rapidly and extensively across the ancient world, helped in part by the fact he tutored Alexander the Great, he was a recognized and celebrated

---

intellectual force during all of antiquity and the Middle Ages. Furthermore, after Aristotle, Greek thought and political influence began a rapid decline, and the cultivation of knowledge, so important during the classic period, slowly but surely began to fade, making Aristotle the last of ancient Greece's great philosophers. Aristotle's influence on Western philosophical thought is marked by an extensive list of crucial issues that both signaled the way forward but at the same time boggled philosophers' minds throughout the centuries. Aristotle's reflections on Being, as well as his rigorous Logic, were his most important philosophical legacy, but he was also an

intellectual in the broadest sense of the word. His interests went beyond metaphysical questions and into practical life and practical knowledge, from ethics to politics, rhetoric and the sciences, all of which left a profound impact on Western political thought and ethics. Naturally, this has also made him one of the foundations of knowledge and philosophical thought that subsequent philosophers relied on when forming and refining their own philosophies. *Antiquity's Greatest Philosophers* chronicles the lives, works, and philosophies of all three philosophers in depth, while analyzing their enduring legacies. You will learn about Socrates,

Plato and Aristotle like never before.

**A True Story** Dpwn Publishing

An inclusive and innovative account of religious ethical thinking and acting in the world. Rather than merely applying existing forms of philosophical ethics, *Religious Ethics* defines the meaning of the field and presents a distinct and original method for ethical reflection through comparisons of world religious traditions. Written by

---

leading scholars and educators in the field, this unique volume offers an innovative approach that reveals how religions concur and differ on moral matters, and provides practical guidance on thinking and living ethically. The book's innovative method—integrating descriptive, normative, practical, fundamental, and metaethical dimensions of reflection—enables a far more complex and nuanced exploration of religious ethics than	any single philosophical language, method, or theory can equal. First introducing the task of religious ethics, the book moves through each of the five dimensions of reflection to compare concepts such as good and evil, perplexity and wisdom, truth and illusion, and freedom and bondage in various theological contexts. Guides readers on understanding, assessing, and comparing the moral teachings and practices	of world religions Applies a disciplined, scholarly approach to the subject of religious ethics Explores the distinctions between religious ethics and moral philosophy Provides a methodology which can be applied to comparative ethics for various religions Compares religious traditions to illuminate each of the five dimensions of ethical and moral reflection Religious Ethics: Meaning and Method will help anyone

"A wondrous, sparkling fusion of wisdom and insight." - Patricia Santhuff

What do the wonderful myths of ancient Greece, the beautiful stories in the Bible and Qur'an, and all the sacred stories from traditions around the world, have in common? They open our hearts to wonder, mystery, passion, and joy. I know, on the outside these stories seem very different, confusing, conflicting, and often violent and divisive.

But when read symbolically and internally, they are all telling the same story. They show us the path of spiritual awakening and enlightenment. Sometimes the story is called "Returning to the Promised Land." Sometimes it's called "Seeking the Holy Grail." Sometimes it's called "Persephone's Return to Olympus." But whatever it's called, the inner meaning and purpose is always the same. The stories are all a call to awaken, to live passionately and consciously, and to enter

---

the door that leads to enlightenment and communion with the divine. The door is always open. The light is always ready to receive us. But we have to learn how to tread the path! Fortunately, that's what all the sacred stories are really about. THE DOOR IS OPEN uncovers the 7 Universal Steps that are found within the symbols and allegories of all great mythology and scripture. Each chapter ends with a series of practical and enjoyable spiritual exercises and activities. You can do

this work on your own, or together with a group. It could be a church or synagogue group, a book club, a classroom, or any group of friends who want to get together and expand their spiritual horizons.

Wisdom, Intuition and Ethics AHA Press

It was only supposed to be a short visit. It turned into a love affair. Melanie White is in trouble. Young, unmarried, with no resources to speak of, she's forced to flee home and hide out with her aunt on a ranch in a

western mining town. She's just passing through on her way farther West, and it's a good thing, too: she can't stand the ranch owner. He's rowdy, immature...and undeniably attractive. David Tanner has his life just the way he likes it: he does what he wants, when he wants, and nobody can tell him any different--least of all, his former nanny's niece Melanie, who likes books more than people. But when a family emergency forces Melanie and David to work together, she discovers that

---

there's more to him than meets the eye. And he finds out that life as a bachelor may not be what he likes after all. Contains mild language and sensual content within marriage.

**Practice Wisdom** Createspace Independent Publishing Platform

A devoted employee of the FIA (Federal Intelligence Agency), Eurian lives a comfortable and secure life, spanned with bureaucratic conflicts and desires for promotion. He will find himself thrust into an international conflict to track

down and stop a subversive cyberterrorist movement. His desire for a foreign assignment will finally be met, but not in the way he expected. Assigned to Kerploueck, a sleepy village at the far edge of the world, he will be forced to let go of the comfort and stability of his previous lifestyle. With this temporary assignment, the complacent bureaucrat finds himself a spy-but with none of the excitement and adventure he had dreamed of. He now must find new objectives to survive this wholly uninteresting assignment. What happens to the FIA and to the

success of the worldwide search for the subversive cyberterrorists will slowly drift away from Eurian's mind.

Interestingly enough, when this book was started, internet spying, hacking, and cyberterrorism were rhetorical discussions. Today, we live in a different reality. Truth and facts are not as important as swaying unmindful, gullible populations. George Orwell's "alternative facts" are common place and universally acceptable. With the ocean of information now accessible to anyone, individuals, organizations, and even

---

governments are scrambling to control its sources and promulgate their agendas. This is the essence of "The Happy Fools." Following Eurian and his unanticipated quest for truth, many topics of modern society will be discussed. This book also serves as a compendium of the latest technologies, sciences, ideas and movements. Focusing primarily on the most pertinent latest developments, each providing hope and insights that could change our lives. The underlying prerequisite of being happy is to avoid stress and the unknown. Therein lies a

potential philosophical issue. Shutting the doors to outside turmoil, to world problems and issues, is a good safeguard for happiness. Close-mindedness brings confidence, as the world's problems appear simple and the solutions two-sided. Inversely, knowledge creates a spirit of inquiry, a burning desire for more knowledge, spurring new questions that beg for answers, ultimately resulting in a loss of conviction and an understanding that we will never truly understand the world in its endless complexities. Do we choose closed-minded confidence, or a

life dedicated to the pursuit of knowledge with the uncertainties, frustrations, and complexities that it yields? **365 Prayers & Meditations of Jesus from the Gospel of Thomas, Lost Gospel Q, Secret Book of James, and the New Testament** InterVarsity Press "It's hard to know when you're having a breakdown in New York City. The symptoms of living here, succeeding here, and losing your mind here are almost identical." So begins Matousek's 1996 breakout memoir about leaving a fast-track publishing life (working for pop artist Andy Warhol at Interview Magazine) and hitting the dharma trail in search of a meaningful life and

---

spiritual wisdom. Hailed by Publisher's Weekly as "brave, beautiful, and brilliantly observed," *Sex Death Enlightenment* became an international best seller (published in 10 countries). Like Elizabeth Gilbert in *Eat Pray Love* and Paul Monette in *Borrowed Time*, Matousek takes the reader on an insightful, rollicking search for answers to life's deepest questions in this landmark memoir. "Mark Matousek takes you everywhere his title promises – and then some. *Sex Death Enlightenment* is the most gripping and elegantly written memoir I've read in ages. It tugged me onward like the best suspense novel, though I couldn't help lingering time and again to

savor its wisdom." —Armistead Maupin, author of *Tales of the City* "An extraordinarily articulate chronicle of how the sickness of our time can spawn spiritual awakening and compassion."

—Ram Dass, author of *Be Here Now* and *Grist For the Mill* "Brave, beautiful and brilliantly observed." —Publishers Weekly (starred review)

This is the Limited Edition Breast Cancer Awareness version of *Still Breathin'*, with a Foreward written by Alicia DiMichele, star of

VH1's *Mob Wives*. 25% of all proceeds will be donated to the Susan G. Komen Foundation. Your life doesn't have to suck. In the self-help book that breaks all the rules, Author/Publisher Brenden Dilley brings it directly to you... rough, rugged and raw. If you're looking for a bunch of one-liners and "warm fuzzies," you won't find them here. This is NOT your "mom and dad's" self-help book. *Still Breathin'* is relevant, it's practical, and above all, thought provoking. Brenden Dilley's message

---

does not come sugar-coated or wrapped in a pretty bow. He takes an aggressive, unfiltered approach to self-help and doesn't pull any punches. Through his humor and unwavering authenticity, he allows you to confront your fears and insecurities. Still Breathin' contains the practical advice necessary to forgive those who've hurt you and more importantly, forgive yourself for your past mistakes and imperfections. The lessons within these pages will assist you in living a more passionate, purposeful existence. Brenden aims to help you stop inviting toxic people into your life, stop sabotaging yourself, stop settling, stop wasting your time... and start taking back your power and creating the life you envision for yourself. You will find yourself referring back to this book throughout your life as you evolve, change and grow. Still Breathin' couples the rollercoaster of Brenden Dilley's life experiences with insightful advice and wisdom, broaching a wide range of topics: dating, relationships, love, sex, parenting, business, passion, faith, health, and fitness. Still Breathin' details Brenden's navigation through the horrific decisions he made in his twenties that led him to--poverty, near homelessness, break-ups, divorce, custody battles, the disappearance of a child--and his unwavering belief in himself and faith in the process of life. Still Breathin' is a thought-provoking book that not only will entertain, offend and inspire, but promises to make even the

---

most open minded reader  
blush while exploring the  
depths of human behavior  
and sexuality.

*Ethics and the Quest for  
Wisdom* CreateSpace

THE REPUBLIC Plato's  
Republic is widely  
acknowledged as one of the  
most influential works in the  
history of philosophy.

Presented in the form of a  
dialogue between Socrates

and three different  
interlocutors, it is an inquiry  
into the notion of a perfect  
community and the ideal  
individual within it. During  
the conversation, other  
questions are raised: what is  
goodness; what is reality;  
what is knowledge; what is  
the purpose of education?  
With remarkable lucidity and  
deft use of allegory, Plato  
arrives at a depiction of a  
state bound by harmony and  
ruled by 'philosopher kings'.  
THE REPUBLIC The  
Republic is a philosophical  
dialogue about the nature of

justice and the order and  
character of the just city-state  
and the just individual. The  
dialogues, among Socrates  
and various Athenians and  
foreigners, discuss the  
meaning of justice and  
examine whether or not the  
just man is happier than the  
unjust man, by proposing a  
society ruled by philosopher-  
kings and the guardians. THE  
REPUBLIC In this  
intellectually and historically  
influential work of  
philosophy and political  
theory, Plato discusses the  
theory of forms, the

---

immortality of the soul, and the roles of the philosopher and of poetry in society. THE REPUBLIC

**The Wisdom and Teachings of a Perfectly Flawed Man** Createspace Independent Pub

The 21st century offers a dizzying array of new technological developments: robots smart enough to take white collar jobs, social media tools that manage our most important relationships, ordinary objects that track, record, analyze and share every detail of our daily

lives, and biomedical techniques with the potential to transform and enhance human minds and bodies to an unprecedented degree.

Emerging technologies are reshaping our habits, practices, institutions, cultures and environments in increasingly rapid, complex and unpredictable ways that create profound risks and opportunities for human flourishing on a global scale.

How can our future be protected in such challenging and uncertain conditions? How can we possibly

improve the chances that the human family will not only live, but live well, into the 21st century and beyond? This book locates a key to that future in the distant past: specifically, in the philosophical traditions of virtue ethics developed by classical thinkers from Aristotle and Confucius to the Buddha. Each developed a way of seeking the good life that equips human beings with the moral and intellectual character to flourish even in the most unpredictable, complex and

---

unstable situations--precisely where we find ourselves today. Through an examination of the many risks and opportunities presented by rapidly changing technosocial conditions, Vallor makes the case that if we are to have any real hope of securing a future worth wanting, then we will need more than just better technologies. We will also need better humans. Technology and the Virtues develops a practical framework for seeking that goal by means of the

deliberate cultivation of technomoral virtues: specific skills and strengths of character, adapted to the unique challenges of 21st century life, that offer the human family our best chance of learning to live wisely and well with emerging technologies.

Putting forward a new case for ethical intuitionism, Trevor Curnow finds its roots in the wisdom traditions of antiquity, while also drawing on Eastern philosophy and modern psychology.

*How to Navigate Life's Most Complicated, Curious, and Common Relationship Dilemmas* Createspace Independent Publishing Platform

Since the days of the first primitive tribes, we have tried to determine why one man is good and another evil. Mark Matousek arrives at the answer in *Ethical Wisdom*. Contrary to what we've been taught in our reason-obsessed culture, emotions are the bedrock of ethical life; without them, human beings cannot be empathic, moral or good. But how do we make the judgement call between self-interest and caring for others? What does being good really mean? Which parts of morality are

---

biological, which ethical? When should instinct be trusted and when does it lead us into trouble? How can we know ourselves to be good amidst the hypocrisy, fears and sabotaging appetites that pervade our two-sided natures? Drawing on the latest scientific research and interviews with social scientists, spiritual leaders, ex-cons, altruists and philosophers, Matousek examines morality from a scientific, sociological, and anthropological standpoint. Each chapter features a series

of questions, readings, interviews, parables and anecdotes that zoom in on a particular niche of moral enquiry, making this book both utilitarian and fun. Ethical Wisdom is an insightful and important book for readers crisscrossing their own murky moral terrain. *A Drop in the Ocean of Love* Monkfish Book Publishing Modernity has challenged the ancient ideal of a universal quest for wisdom, and today's world of conflicting cultures and values has raised further doubts regarding the possibility of objective ethical standards.

Robert Kane refocuses the debate on the philosophical quest for wisdom, and argues that ethical principles about right action and the good life can be seen to emerge from that very quest itself. This book contends that the search for wisdom involves a persistent striving to overcome narrowness of vision that comes from the inevitable limitations of finite points of view. When applied to questions of value and the good life, this striving has ethical implications about the way we should treat ourselves and others. This study argues for the merits of this central thesis against alternative theories in contemporary normative ethics, and discusses its practical

---

applications for social ethics, political philosophy, law and moral education.

*Nicomachean Ethics* Courier Corporation

A compilation of quotations and proverbs from the most enlightened, intelligent, and forward thinkers in human history regarding the most important aspects of life.

Compiled and arranged to give the reader a clear direction in their life based on their internal needs, wants, and desires. While no one on Earth is special, everyone is unique. Nobody

past, present, or future has gone through or has had the same thoughts and experiences as you, nor will they in the future. As a result, you see the world in a completely unique way.

Studying these volumes will guide your mind's eye in distinguishing the most significant passages to you and your being as well as reaffirming or contradicting what you already know and believe, by the wisest people throughout history. Out of the thousands of quotes and proverbs within these

volumes, your personality will subconsciously pick out the most relevant quotes and proverbs to you and you alone. It would be a mistake to concentrate on only one topic because all the subjects are connected to aid you in reaching your own epiphany. Many of the most profound quotes and proverbs are recorded under various topics throughout the book. Though you may only be interested in "Success & Failure," many of the quotes and proverbs attributed to success can also be found under "Leadership,"

---

"Attitude," or even "Life, Purpose, & Growth," for example. The aim of this huge collection of human wisdom is enlightenment: to assist the readers in realizing what is truly important in life, as well as to find their true self; to shatter the illusions that everyone builds for themselves through false assumptions and stereotypes; to find their true inner being; to find purpose; and, most importantly, to discover what makes them and them alone happy. To receive the full benefit of these volumes and

to fully immerse yourself in self-discovery, you must commit to studying the entire collection. If you only want to scratch the surface of what is important in life, then limit yourself to a single volume. But if you want to master your true purpose, then study all four volumes.
