NEW YORK TIMES BESTSELLER • In this joyous and whimsical holiday novel, Debbie Macomber rings in the season with the return of Shirley, Goodness, and Mercy, delivering laughs, love, and a charming dose of angelic intervention. Shirley, Goodness, and Mercy know that an angel's work is never done, especially during a time as wondrous as New Year's Eve. With an apprentice angel, Will, under their wings, they descend upon Times Square in New York City eager to join in the festivities. And when Will spies two lonely strangers in the crowd, he decides midnight is the perfect time to lend a heavenly helping hand. Lucie Farrara and Aren Fairchild meet after bumping into each other—seemingly by accident—in Times Square on New Year's Eve. They immediately hit it off and find they have a lot in common: Lucie is a burgeoning chef and Aren is a respected food critic. But just as quickly as they're brought together, another twist of fate tears them apart, leaving Lucie and Aren with no way to reconnect. A year later, Lucie is the chef of an acclaimed new restaurant and Aren is a successful columnist for a major New York newspaper. For all the time that's passed, the two have not forgotten their one serendipitous evening—and neither have Shirley, Goodness, Mercy, and Will. To reunite the young couple, the angels cook

up a brilliant plan: mix true love, a second chance, and a generous sprinkle of mischief to create an unforgettable Christmas miracle. Praise for Angels at the Table "This delightful mix of romance, humor, hope and happenstance is the perfect recipe for holiday cheer."—Examiner "Rings in Christmas in tried-and-true Macomber style, with romance and a touch of heavenly magic."—Kirkus Reviews "The angels' antics are a hugely hilarious and entertaining bonus to a warm love story."—Bookreporter "[A] sweetly charming holiday romance."—Library Journal

[World Automotive Industry Trends ... Yearbook](#) Southwater Pub The role of railways in urban development is the subject of this book. The central aim is to inquire into how especially the development of high-speed rail and light rail links will affect European cities. The analyses are carried out with special attention given to the broader institutional environment of the railway system, including the shift toward privatised railway companies and internationalisation.

This is a brilliant examination of the complex processes of the post-1990 transformation in the Czech automotive industry and its selective integration into the West European system. The post-1990 restructuring of the industry is analyzed in the context of its pre-1990 development and in the context of the East European automobile industry as a whole.

Specifically, the book examines the development and post-1990 restructuring of the Czech car, components, and truck industries.
