Apology, Crito and Phaedo of Socrates/ Euthyphro/ Statesman by Plato Wentworth Press

These four dialogues enact the trial and execution of Socrates, presenting a dialectical process that shows not only why the Athenians condemned him to death but, much more to the point, the reason why Socrates lived and devoted himself to examining the meaning of life. These works not only offer the best

introduction to Plato's way of doing philosophy but also serve as an excellent introduction to philosophy itself.

Euthyphro is one of Plato's early dialogues, dated to after 399 BC. Taking place during the weeks leading up to Socrates' trial, the dialogue features Socrates and Euthyphro, a religious expert, attempting to define piety or holiness. The dialogue is set near the king-archon's court, where the two men encounter each other. They are both there for preliminary hearings before possible trials. The argument of this dialogue is based largely on "definition by division". Socrates goads Euthyphro to offer one definition after another for the word 'piety'. The hope is to use a clear definition as the basis for Euthyphro to teach Socrates the answer to the question, "What is piety?", ostensibly so that Socrates can use this to defend himself against the charge of impiety.

EUTHYPHRO Plato CreateSpace
Euthyphro by Plato. Euthyphro by Plato, is a Socratic dialogue whose events occur in the weeks before the trial of Socrates (399 BC), for which Socrates and Euthyphro attempt to establish a definitive meaning for the word piety (virtue). This Euthyphro and Socrates are represented as meeting in the porch of the King Archon. (Compare Theaet.) Both have legal business in hand.

Socrates is defendant in a suit for impiety which Meletus has brought against him (it is remarked by the way that he is not a likely man himself to have brought a suit against another); and Euthyphro too is plaintiff in an action for murder, which he has brought against his own father. The latter has originated in the following manner: -A poor dependant of the family had slain one of their domestic slaves in Naxos. The guilty person was bound and thrown into a ditch by the command of Euthyphro's father, who sent to the interpreters of religion at Athens to ask what should be done with him.

The famous philosopher Socrates was charged with impiety. A few weeks before his trial he ran into a man who was in the process of trying to charge his father with murder. This sets the stage for a powerful discussion on the nature of piety and religious belief. This edition is a translation from one of the leading intellectuals of the Victorian Age—Benjamin Jewett. There is also an informative introduction to the text that is still enlightening to the modern reader.

Four Texts on Socrates Oxford University Press

In the Euthyphro, Socrates is awaiting his trial for impiety. But before the trial begins, Plato would like to put the world on their trial, and convince them of ignorance in that very matter touching which Socrates is accused. An incident which may perhaps really have occurred in the family of Euthyphro, a learned Athenian diviner and soothsayer, furnishes the occasion of the discussion. Translated by B. Jowett.

Plato, with an English

Translation: Euthyphro. Apology. Crito. Phaedo. Phaedrus Prabhat Prakashan

In Euthyphro, Socrates is on his way to the court where he must defend himself against serious charges brought by religious and political authorities. On the way, he meets Euthyphro, an expert on religious matters, who has come to prosecute his own father. Socrates questions Euthyphro's claim that religion serves as the basis for ethics. Plato lived in Athens, Greece. He wrote approximately two-dozen dialogues that explore core topics that are essential to all human beings. Although the historical Socrates was a strong influence on Plato, the character by that name that appears in many of his dialogues is a product of Plato's fertile imagination. All of Plato's dialogues are written in a poetic form that his student Aristotle called "Socratic dialogue." In the twentieth century, the British philosopher and logician Alfred North Whitehead characterized the entire

European philosophical tradition as you may freely copy and distribute "a series of footnotes to Plato." Philosophy for Plato was not a set of doctrines but a goal – not the possession of wisdom but the love of wisdom. Agora Publications offers these performances based on the assumption that Plato wrote these works to be performed by actors in order to stimulate additional dialogue among those who listen to them.

Leo Strauss famously asserted that the fundamental, defining debate within Western civilization is that between Jerusalem and Athens, piety and philosophy, the Bible and Plato. And yet, surprisingly, Strauss never published any of his thoughts on Plato's dialogue on piety, the Euthyphro. This volume presents, for the first time, Strauss's 1948 notebook on the dialogue, written in preparation for a class at the New School for Social Research. Featuring close analysis and line-by-line commentary, the notebook opens a window onto a philosophic mind in action, as Strauss asks questions of the classic text, jots down observations and formulations, and analyzes very specific terms and arguments but also steps back, reviews the overall movement of the dialogue, and reconsiders previous

conclusions. Beyond the notebook, the volume also brings together all the known materials that lay out Strauss's thoughts on the Euthyphro. This includes newly transcribed and edited public lectures, illuminating appendixes, critical essays by volume editors Hannes Kerber and Svetozar Y. Minkov and scholar Wayne Ambler, an account of Strauss's public lecture, and a new English translation of Plato's Euthyphro by Seth Benardete, a classicist and one of Strauss's students. Engaging and inspiring, Leo Strauss on Plato's "Euthyphro" is a vital resource for scholars and students of political theory, readers interested in the intersection of philosophy and religion, and a must-have for anyone who studies Strauss.
