EVE Online Planetary Interaction Commodities Relations

Planetary Interaction (PI) or Planetary Production (PP), as it is named since the Abyss Expansion in 2018, is a type of Industry that allows pilots to create industrial colonies on just about any planet in the EVE universe. We will use the two terms and the corresponding abbreviations interchangeably for now. The aim of this is producing goods from raw materials extracted from the planet.

Eve Planetary Interaction Guide Advanced

Planetary Commodities are the materials and resources generated through Planetary Interaction. There are four tiers of planetary commodities produced in planetary interaction, each of which is used either in creating the next highest tier of commodity, or directly in another type of Industry as an input. Each type of planet has a mix of Raw Materials (sometimes called P0 commodities) which can ...
