Unlock the Evenflo car seat from the base unit by raising the wide, red lever on the back of the car seat and tipping the seat forward to disengage it from the base unit.
Step 2 Place the base unit in the center of the back seat of your car so that the Evenflo seat will face toward the rear window when locked in place.

Finally, an Evenflo car seat that doesn't have manual rethreading. So far, all the Evenflo car seats I've reviewed had this old feature. I hate it with a passion because I could never get it right, and I had to ask my husband to help. The installation is straight forward; you can use either the seat belt or the latch system.
