From the bestselling author of If I Were You comes a nostalgic and endearing holiday story that reminds us that sometimes the most meaningful gifts are the ones we least expect and don't deserve. Best friends Audrey Barrett and Eve Dawson are looking forward to celebrating Christmas in postwar America, thrilled at the prospect of starting new traditions with their five-year-old sons. But when the 1951 Sears Christmas Wish Book arrives and the boys start obsessing over every toy in it, Audrey and Eve realize they must first teach them the true significance of the

holiday. They begin by helping Bobby and Harry plan gifts of encouragement and service for those in their community, starting by walking an elderly neighbor's yellow Lab--since a dog topped the boys' wish list for Santa. In the charming tale that follows, Audrey and Eve are surprised to find their own hearts healing from the tragedies of war and opening to the possibility of forgiveness and new love.

In 1837, while charting the Amazonian country of Guiana for Great Britain, German naturalist Robert Schomburgk discovered an astounding "vegetable wonder"--a huge water lily whose leaves were five or six feet across and whose flowers were dazzlingly white. In England, a horticultural nation with a mania for gardens and flowers, news of the discovery sparked a race to bring a live specimen back, and to bring it to bloom. In this extraordinary plant, named *Victoria regia* for the newly crowned queen, the flower-obsessed British had found their beau ideal. In *The Flower of Empire*, Tatiana Holway tells the story of this magnificent lily, revealing how it touched nearly every aspect of Victorian life, art, and culture. Holway's colorful narrative captures the sensation stirred by *Victoria regia* in England, particularly the intense race among prominent Britons to be the first to coax the flower to bloom. We meet the great botanists of the age, from the legendary Sir Joseph Banks, to Sir William Jackson Hooker, director of the Royal Botanic Gardens at Kew, to the extravagant flower collector the Duke of Devonshire. Perhaps most important was the Duke's remarkable gardener, Joseph Paxton, who rose from garden boy to knight, and whose design of a series of ever-more

astonishing glass-houses--one, the Big Stove, had a footprint the size of Grand Central Station--culminated in his design of the architectural wonder of the age, the Crystal Palace. Fittingly, Paxton based his design on a glass-house he had recently built to house *Victoria regia*. Indeed, the natural ribbing of the lily's leaf inspired the pattern of girders supporting the massive iron-and-glass building. From alligator-laden jungle ponds to the heights of Victorian society, *The Flower of Empire* unfolds the marvelous odyssey of this wonder of nature in a revealing work of cultural history.

A Happier Hour Ember
It 's 3am on a hot September morning in 1949. A dark sedan pulls to the rear of a home known as an unwed mothers ' birthing clinic in Jasper, Tennessee. The small, quiet package is slipped past

never to be seen again. It is a scenario replayed over and over in the 1940 ' s by the infamous Tennessee Children ' s Home Society and Ms. Georgia Tann, its unholy matron. Stolen after birth, my mother was told I was dead. I was sold for \$5,000.00 to my adoptive parents in Southern California. Children ripped off the streets and playgrounds, or simply removed from their home under color of authority, the Tennessee Children ' s Home Society stretched their tentacles throughout Tennessee as the Black Market Baby scam grew to unimaginable proportions. Doctors, nurses, lawyers, judges, social workers, welfare workers, and others joined on Tann ' s payroll. Never daring to ask the question as to where all the children came from. Over 5,000 children were illegally placed for adoption during Georgia Tann ' s reign. My agency-assigned number was 7,702. This is the story of James Arnold Bowman, my birth name given by my mother Flossie, and my life as an adoptee. After being told I was adopted at age 7, it became a life of questions unanswered until I was 60 years old. My adoptive parents elected to keep the details of my adoption a secret, never admitting they knew who I was, and the names of my parents. An accidental discovery in 2008 would reveal the secrets kept for so long, and begin my search for my birth family. Search for my true families would take over 5 years of genealogical studies, correspondence, and ending with DNA testing to finally determine my true origin. The Reader will be the investigator, following the trail of evidence presented in the suspect ' s own words contained in personal and

business letters, and state forms filed in California and Tennessee, from ill-documented birth in May 1949 through sanction of the California adoption in 1953. You will also receive an insight as to what it is like to be an adopted child and labeled as not being " blood relation " . It ' s a journey you don ' t want to miss.
