OLAF (the European Anti-Fraud Office) was established by the Commission in 1999, following the collapse of its predecessor UCLAF, and its role is to protect the financial interests of the EU and to fight fraud and corruption within the EU's institutions or within individual EU member states. Its efficiency and effectiveness are currently under review, and the Commission has brought forward a proposal designed to improve OLAF's operational efficiency, improve information flows and protect the rights of individuals under investigation. The Committee's report judges that this proposal is premature and unlikely to enhance OLAF's accountability or independence. It also notes that the future of OLAF has become entwined with the debate over the post of European Public Prosecutor, and that the Commission should not allow this to distract its focus from examining how OLAF can be made more effective in the fight against fraud.

Food: can't live with it or without it. We are bombarded with messages that the secret to health and weight loss can be unlocked with the right product or magic discipline, but we are getting neither thinner nor happier. Reports suggest that we are losing our battle with obesity, while the anxiety people experience in relationship with food increases. We are taught that bodies are fundamentally a problem to be solved, or worse, a war to be won, while a misguided worldview suggests that our food choices are of concern to us alone; an individual act of pleasure or consequences. Few resources speak to our food problem from a distinctly Christian perspective. Drawing on a rich assemblage of personal and collected stories grounded in the teachings of Jesus, *The Living Diet* offers a joyful alternative to the desperation and dissatisfaction that have become cultural norms for both eating and body image, inviting us to consider our choices in the context of community. Ancient wisdom yields a surprisingly modern response to the dieting dilemma, as well as to the realm of public, or popular, theology, helping the reader discover the real joy of eating and the true gift of embodied living.

Few pastors or Christian writers have dared to approach the subject of how proper eating and an active lifestyle can affect how we serve God. Author Gary Thomas does just that. And he reaches all the way back to the apostle Paul, who wrote that we need to prime our bodies to become, "an instrument for noble purposes, made holy, useful to the Master and prepared to do any good work." To illustrate the body/soul correlation, Thomas presents engaging and diverse stories that include a young mom who got fit through volleyball and reaped spiritual rewards in her marriage, a 300-pound pastor who realized his obesity was eroding his ministry impact, and a woman who gained the spiritual strength to survive a contentious divorce by training for a marathon. In every instance, Thomas makes a direct connection between

the physical challenge and its spiritual consequence. This book is a must read for anyone seeking new and compelling motivation for strengthening their bodies and fortifying their souls.

The Life of faith, with which is incorporated 'The Christian's pathway of power'. Rodale
A comprehensive manual for living a spiritual life, based on a verse-by-verse commentary on India's timeless scripture — from the author of its best-selling translation. This ebook includes all three volumes in this series. The Bhagavad Gita is set on the battlefield of an apocalyptic war between good and evil. Faced with a dire moral dilemma, the warrior prince Arjuna turns in anguish to his spiritual guide, Sri Krishna, for answers to the fundamental questions of life. Easwaran points out that Arjuna's crisis is acutely modern. The Gita's battlefield is the struggle for self-mastery that every human being must wage. Arjuna represents each of us, and Sri Krishna is the Lord, instructing us in eighteen chapters of lofty wisdom as we face the social, environmental, and global challenges that threaten our world today. Easwaran is a spiritual teacher and author of deep insight and warmth. His verse-by-verse commentary interprets the Gita's teachings for modern readers, explaining the Sanskrit concepts and philosophy and applying them with practicality, wisdom, and humor to every aspect of our work, our relationships, and our lives. With everyday anecdotes, stories, and examples, he shows that the changes we long to see in the world start with the transformation of our own consciousness. The practical exercises recommended by Easwaran to achieve transformation are part of a spiritual program he developed for his own life. They are accessible to people from all backgrounds and cultures. Urging us to adopt a higher image of the human being, he assures us that peace and unity are within reach. Each volume of this series covers six chapters of the Gita. Each may be read on its own, but all three volumes together form an in-depth, verse-by-verse explanation of this ancient scripture and its relevance today. Included are instructions in Easwaran's universal eight-point program of passage meditation. Volume 1: The first six chapters of the Gita explore the concept of the innermost Self and source of wisdom in each of us. Easwaran explains how we can begin to transform ourselves, even as householders engaged in busy lives. Volume 2: The next six chapters of the Gita go beyond the individual Self to explore the Supreme Reality underlying all creation. Easwaran builds a bridge across the seeming divide between scientific knowledge and spiritual wisdom, and explains how the concept of the unity of life can help us in all our relationships. Volume 3: The final six chapters put forth an urgent appeal for us to begin to see that all of us are one — to make the connection between the Self within and the Reality underlying all creation. Global in scope, the emphasis is on what we can do to make a difference to heal our environment and establish peace in the world. Easwaran's commentary is for all students of the Gita, whatever their background, and for anyone who is trying to find a path to wisdom, love, and kindness in themselves and our troubled world. Written as an authoritative, accessible guide to a much-loved scripture, it is a handbook for finding peace and clarity within. This second edition incorporates revisions made across all three volumes following the

author's final instructions.

There are many questions that surround Christian womanhood: What does it mean? When does it happen; at a certain age, status, or maturity? How do we know we're no longer girls? And when we've figured that out, how will others know how to recognise us as a woman rather than a girl? After all, Christian women don't usually get a rite of passage in which they

are named a woman. Seeing this need, Amy Davis Abdallah has created such a rite, and this book accompanies it; there is no need to go through her rite of passage, however, to name yourself a woman. The Book of Womanhood creates a path through the confusion that surrounds the identity of women by its flexible framework, developing the reader's understanding of a woman's relationship with God, their self, others and creation. Amy writes simply as one perhaps further along in her journey of womanhood than most, and she doesn't write alone; she includes the stories of Biblical women, of friends young and old, and even more. The diverse voices come together as a cloud of witnesses encouraging us in our individual journeys. The Book of Womanhood is about recognition, reaching out not only to women, but also to men who seek to understand and empower their wives, daughters, and friends to be the women God has formed them to be. Read for empowerment; read for transformation. Read and become the woman of God you were created to be.
