Today, however, punishing rents and the increasingly prohibitive cost of	ownership have turned housing into the foremost symbol of inequality and an economy gone wrong. Nowhere is this more visible than in the San Francisco Bay Area, where fleets of private buses ferry software engineers past the tarp-and-plywood shanties of the homeless. The adage that California is a glimpse of the nation's future has become a cautionary tale. With propulsive

This two-color traveler's companion features more than 130 of California's best missions, mansions, and museums. In addition to insider information on many of the destinations, the guide features themed tours that will appeal to tourists and armchair travelers alike, history buffs, as well as teachers and parents. Every entry details the highlights of a particular place and includes operating hours,

entrance fees, location, a phone number, and website information. Themed tours range from famous Californians, to lighthouses, ghost towns, and much more. This guidebook is a must-have for anyone interested in California's eclectic history.

changes to the Social Security system, and submitting medical insurance claims	Trusts benefit you. Period. Too often lawyers sell wills to clients only to sit back and wait to sell their probate services to their client's heirs. Modern estate planning should utilize the Living Trust as the effective, efficient, and inexpensive alternative to a will. Living Trusts for Everyone: Why a Will is Not the Way to Avoid Probate, Protect Heirs, and Settle explains why wills are not the best way to handle an estate and details the many advantages trusts have over wills in not only eliminating	probate, but protecting your assets for your heirs. Anyone with minor children, disabled beneficiaries, blended families, or spendthrift heirs must have a trust to be sure the assets left behind are put to good use, and that your intentions are carried out. Lawyers may have vested interests in perpetuating the probate system, but this book will explain why legal services are not needed to do the clerical work in settling a trust after death. No legal jargon or confusing double-speak, just specific step-by-

step instructions and sample form letters to settle a trust are included to take the mystery out of the process. This is not a do-it-yourself book and it doesn't try to cram every type of trust onto its pages. *Living Trusts for Everyone* explains in specific terms what benefit a trust will have for you and gives you the tools to settle a loved one's trust with no lawyers and no expense. For those who already have a trust, there is a list of what to look for to see if your trust is any good, or if it needs to be updated. Trust seminars are examined with warnings on what to look out for in setting up your trust. Everyone who cares about what happens to their assets at death should read *Living Trusts for Everyone: Why a Will is Not the Way to Avoid Probate, Protect Heirs, and Settle!* Allworth Press, an imprint of Skyhorse Publishing, publishes a broad range of books on the visual and performing arts, with emphasis on the business of art. Our titles cover subjects such as graphic design, theater, branding, fine art, photography, interior design, writing, acting, film, how to start careers, business and legal forms, business practices, and more. While we don't aspire to publish a New York Times bestseller or a national bestseller, we are deeply committed to quality books that help creative professionals succeed and thrive. We often publish in areas overlooked by other publishers and welcome the author whose expertise can help our audience of readers.

## **The Landlord's Law Book: Rights and responsibilities**

American Bar Association  
During the 1930s in the United States, the Works Progress Administration developed the Federal Writers' Project to support writers and artists while making a national effort to document the country's shared history and culture. The American Guide series consists of individual guides to each of the states. Little-known authors—many of whom would later become celebrated literary figures—were commissioned to write these important books. John Steinbeck, Saul Bellow, Zora Neale Hurston, and Ralph Ellison are among the more than 6,000

writers, editors, historians, and researchers who documented this celebration of local histories. Photographs, drawings, driving tours, detailed descriptions of towns, and rich cultural details exhibit each state's unique flavor. The guide to California stands out among the rest of the WPA guides for the quality of its writing, photographs, and pen-and-ink drawings. The Golden State contains much diversity of people, places, and things, and the WPA Guide expertly reflects and records the eclectic quality of this quintessentially American state. Published in 1939, the guide's essays on history cover everything from the gold rush to the movie industry at the nascence of

Hollywood's golden age, and its back-road tours through California's coastal fishing villages and mountain mining towns still provide a splendid alternative to freeways.

## **The WPA Guide to California Penguin**

A comprehensive guide to the must-know wines and producers of California's "new generation," and the story of the iconoclastic young winemakers who have changed the face of California viniculture in recent years. The New California Wine is the untold story of the California wine

Everything ElseNolo

The Natural History of Big Sur Penguin

An updated edition of the classic wine resource includes facts, figures, recommendations and opinions on a variety of wines from 4,000 or the world's top producers, in a book that also features illustrations of maps, labels and bottles; a country-by-country index; and an index by producer.

*Wills, Trust & Everything Else*

Univ of California Press

A narrative tour de force that

combines wide-ranging scholarship with captivating prose, Kevin Starr's acclaimed multi-volume *Americans and the California Dream* is an unparalleled work of cultural history. In this volume, Starr covers the crucial postwar period--1950 to 1963--when the California we know today first burst into prominence. Starr brilliantly illuminates the dominant economic, social, and cultural forces in California in these pivotal years. In a powerful blend of telling events, colorful personalities, and insightful analyses, Starr examines such issues as the overnight creation of the postwar California suburb, the rise of Los Angeles as Super City,

the reluctant emergence of San Diego as one of the largest cities in the nation, and the decline of political centrism. He explores the Silent Generation and the emergent Boomer youth cult, the Beats and the Hollywood "Rat Pack," the pervasive influence of Zen Buddhism and other Asian traditions in art and design, the rise of the University of California and the emergence of California itself as a utopia of higher education, the cooling of West Coast jazz, freeway and water projects of heroic magnitude, outdoor life and the beginnings of the environmental movement. More broadly, he shows how California not only became the most populous state in the Union,

---

but in fact evolved into a mega-state en route to becoming the global commonwealth it is today. Golden Dreams continues an epic series that has been widely recognized for its signal contribution to the history of American culture in California. It is a book that transcends its stated subject to offer a wealth of insight into the growth of the Sun Belt and the West and indeed the dramatic transformation of America itself in these pivotal years following the Second World War.
