In Is This the One?, Steve Arterburn—an award-winning author and the founder and chairman of New Life Ministries, the largest faith-based broadcast counseling and treatment ministry—has created a "how to" plan for happier, stronger marriages. He contends that living in a "no regrets" relationship can be as simple following this spiritually solid and personally drawn plan before the first "I do" is even spoken. Host of the number one Christian radio broadcast, New Life Live!, Arterburn draws a painfully personal portrait of the devastation divorce has on a family. Rather than aiming at marriages already in jeopardy, Arterburn focuses attention on the beginning of relationships—before the commitment, before the emotional investment, before the children. He prescribes three sets of ten carefully devised dates designed to help couples reveal their true colors and clarify whether or not they are a compatible match. This practical, personal, and positive plan can impact marriages—and ground the skyrocketing divorce rate—as no other book has. Is This the One? is a must read for engaged or dating couples, happy singles, concerned parents, and anyone who wants to make better decisions about who to marry and who to leave behind. “ After years of debate and inquiry, the key to a great marriage remained shrouded in mystery. Until now... ” —Carol Dweck, author of Mindset: The New Psychology of Success Eli J. Finkel's insightful and ground-breaking investigation of marriage clearly shows that the best marriages today are better than the best marriages of earlier eras. Indeed, they are the best marriages the world has ever known. He presents his findings here for the first time in this lucid, inspiring guide to modern marital bliss. The All-or-Nothing Marriage reverse engineers fulfilling marriages—from the “ traditional ” to the utterly nontraditional—and shows how any marriage can be better. The primary function of marriage from 1620 to 1850 was food, shelter, and protection from

violence; from 1850 to 1965, the purpose revolved around love and companionship. But today, a new kind of marriage has emerged, one oriented toward self-discover, self-esteem, and personal growth. Finkel combines cutting-edge scientific research with practical advice; he considers paths to better communication and responsiveness; he offers guidance on when to recalibrate our expectations; and he even introduces a set of must-try “ lovehacks. ” This is a book for the newlywed to the empty nester, for those thinking about getting married or remarried, and for anyone looking for illuminating advice that will make a real difference to getting the most out of marriage today.
