This carnival project is to be used after teaching Unit 7 of Everyday Math Grade 4. The project bundle

includes instructions , grading rubrics for carnival games , extra probability work , and student examples of games .

Students combine understanding of probability with problem-solving skills to create 1|Unit 1 - Everyday Mathematics Finding the Unit and Lesson Numbers. Everyday Mathematics is divided into Units,

which are divided into Lessons. In the upper-left corner of the Home Link, you should see an icon like this: The Unit number is the first number you see in the icon, and the Lesson number is the second number. In this case, the student is working in Unit 5, Lesson 4. To access the help resources, you would select "Unit 5" from the list above, and then look for the row in the table labeled "Lesson 5-4."
