A Dog's Life Feiwei & Friends
A gorgeous visual celebration of America's public libraries including 150 photos, plus essays by Bill Moyers, Ann

Patchett, Anne Lamott, Amy Tan, Barbara Kingsolver, and many more. Many of us have vivid recollections of childhood visits to a public library: the unmistakable musty scent, the excitement of checking out a stack of newly discovered books. Today, the more than 17,000 libraries in America also function as de facto community centers offering free access to the internet, job-hunting assistance, or a warm place to take shelter. And yet, across the country, cities large and small are closing public libraries or curtailing their hours of operation. Over the last eighteen years, photographer Robert Dawson

has crisscrossed the country documenting hundreds of these endangered institutions. The Public Library presents a wide selection of Dawson's photographs—from the majestic reading room at the New York Public Library to Allensworth, California's one-room Tulare County Free Library built by former slaves. Accompanying Dawson's revealing photographs are essays, letters, and poetry by some of America's most celebrated writers. A foreword by Bill Moyers and an afterword by Ann Patchett bookend this important survey of a treasured American institution.

A San Francisco Chronicle and NPR Best Book of the Year The author of the acclaimed memoir *The Suicide Index* returns with a virtuosic collection of stories, each a stirring parable of the power of love and the impossibility of

understanding it. Spanning centuries and continents, from eighteenth-century Vienna to contemporary America, Joan Wickersham shows, with uncanny exactitude, how we never really know what 's in someone else 's heart—or in our own.

The beloved New York Times bestselling author reflects on home, family, friendships and writing in this deeply personal collection of essays. "The elegance of Patchett 's prose is seductive and inviting: with Patchett as a guide, readers will

really get to grips with the power of struggles, failures, and triumphs alike." —Publisher's Weekly "Any story that starts will also end." As a writer, Ann Patchett knows what the outcome of her fiction will be. Life, however, often takes turns we do not see coming. Patchett ponders this truth in these wise essays that afford a fresh and intimate look into her mind and heart. At the center of *These Precious Days* is the title essay, a surprising and moving meditation on an unexpected friendship that explores "what it means to be seen, to find someone with whom you can be your best and most complete self." When Patchett chose an early galley of actor and producer Tom Hanks' short story collection to read one night before bed, she had no idea that this single choice would be life changing. It would introduce her to a remarkable woman—Tom's brilliant assistant Sooki—with whom she would form a profound bond that held monumental consequences for them both. A literary alchemist, Patchett plumbs the depths of her experiences to create gold: engaging and moving pieces that are both self-portrait and landscape, each vibrant with emotion and rich in insight. Turning her writer's eye on her own experiences, she transforms the private into the universal, providing us all a way to look at our own worlds anew, and reminds how fleeting and enigmatic life can be. From the enchantments of Kate DiCamillo's children's books (author of *The Beatryce Prophecy*) to youthful memories of Paris; the cherished life gifts given by her three fathers to the unexpected influence of Charles Schultz's Snoopy; the expansive vision of Eudora Welty to the importance of

knitting, Patchett connects life and art as she illuminates what matters most. Infused with the author's grace, wit, and warmth, the pieces in *These Precious Days* resonate deep in the soul, leaving an indelible mark—and demonstrate why Ann Patchett is one of the most celebrated writers of our time.

The commercial pet food industry has a secret to hide -- and Ann Martin wants to make sure you know it. Her research reveals some startling facts: that the pet food industry conducts animal testing in order to improve their product, and

includes euthanized cats and dogs in the mix to heighten protein content. In this revised and updated edition, Martin continues to explore the shocking processes by which commercial pet foods are produced. She offers alternative recipes for feeding pets, nutritional advice, and an exploration of "Pet Peeves," in which she explores several scams aimed at pet owners. This groundbreaking book gives us a glimpse into exactly what we are doing when we buy pet food.

An illustrated anthology of stories about dogs and their relationships with humans, for readers of varying levels.

Includes stories by Jon Muth, Mark Teague, and Valerie Hobbs.

Commonwealth HarperCollins
Dogs have been our muses, our mentors, and our playful and noble co-pilots. They've had a profound influence on us as healers and spiritual guides, and also as co-workers, helping to guide, hunt, herd, search, and rescue. Our bond with dogs is deep and unbreakable, and there's no better source a reader can turn to for a richer understanding of that complex and wonderful relationship than *The Bark*. *The Bark* began as a newsletter in Berkeley, California, that advocated for an off-leash area where dogs could cavort and

play. Within a few years it had become a full-fledged, award-winning glossy magazine that published work by some of the best writers in America today. And as it grew, the magazine embraced a much larger canvas: to cover the emerging phenomenon of “ dog culture ” that has been developing over the past decade, as dogs have moved out of the backyard and into our homes, communities, and, indeed, the very center of our lives. As editor Claudia Kawczynska writes, “ The implications of integrating another species into society ’ s daily fabric go well beyond how we nurture our dogs. It calls for a revamping of the standard etiquette—respecting the

concerns and interests of society at large. This new relationship, along with an appreciation for our rich and unbounded future, comprises what we call dog culture. This is what The Bark set out to chronicle. ” Dog Is My Co-Pilot is an anthology of essays, short stories, and expert commentaries that explores every aspect of our life with dogs. Fifty percent of the material here has never been published before. The book is divided into four sections: Beginnings explores that first meeting, “ the initial murmurings when a dog-human relationship is formed. ” Pack investigates the theme of “ togetherness ” and pays tribute to the dynamic of multiple personalities in the

canine-human relationship. Lessons examines what dogs teach us, from love to enlightenment. The final section, Passages, reflects on the themes of true friendship, transformation, and loss. Included are pieces by Lynda Barry, Rick Bass, Maeve Brennan, Margaret Cho, Carolyn Chute, Alice Elliott Dark, Lama Surya Das, Pam Houston, Erica Jong, Tom Junod, Caroline Knapp, Donald McCaig, Nasdijj, Ann Patchett, Michael Paterniti, Charles Siebert, Alexandra Styron, Elizabeth Marshall Thomas, and Alice Walker. In selections that are humorous, poignant, truthful, sometimes surprising, and frequently uplifting, Dog Is My Co-Pilot embraces the full

experience of the world ' s oldest friendship. For people who love great writing and, yes, great dogs, it ' s a book to be both shared and treasured.

“ Exquisite. . . Commonwealth is impossible to put down. ” — New York Times #1 New York Times Bestseller | NBCC Award Finalist | New York Times Best Book of the Year | USA Today Best Book | TIME Magazine Top 10 Selection | Oprah Favorite Book | New York Magazine Best Book of The Year The acclaimed, bestselling author—winner of the

PEN/Faulkner Award and the Orange Prize—tells the enthralling story of how an unexpected romantic encounter irrevocably changes two families ' lives. One Sunday afternoon in Southern California, Bert Cousins shows up at Franny Keating ' s christening party uninvited. Before evening falls, he has kissed Franny ' s mother, Beverly—thus setting in motion the dissolution of their marriages and the joining of two families. Spanning five decades, Commonwealth explores how this chance encounter reverberates through

the lives of the four parents and six children involved. Spending summers together in Virginia, the Keating and Cousins children forge a lasting bond that is based on a shared disillusionment with their parents and the strange and genuine affection that grows up between them. When, in her twenties, Franny begins an affair with the legendary author Leon Posen and tells him about her family, the story of her siblings is no longer hers to control. Their childhood becomes the basis for his wildly successful book, ultimately forcing them to come to terms

with their losses, their guilt, and the deeply loyal connection they feel for one another. Told with equal measures of humor and heartbreak, *Commonwealth* is a meditation on inspiration, interpretation, and the ownership of stories. It is a brilliant and tender tale of the far-reaching ties of love and responsibility that bind us together.

Sometimes a dog isn't just a dog--sometimes he's the glue the holds a whole family together. Mr. Mosely is a special dog. Not just because he's so big (he's part Great

Dane.) Not just because he's all white (with one black spot under his eye and a heart shaped splotch on his chest.) Not just because he's clumsy, or because of tricks (he only knows one, and it's not very good.) He's special because he seems to know exactly what everyone in Corey's family needs, even when they don't know themselves. This is the story of Mr. Mosely, from his puppyhood to the last time he curls up on the back porch. It's the story of how sometimes a dog isn't "just a dog". Sometimes he's

the glue the holds a whole family together.

From Ann Patchett, the #1 New York Times bestselling author of *Commonwealth*, comes a powerful, richly moving story that explores the indelible bond between two siblings, the house of their childhood, and a past that will not let them go. *The Dutch House* is the story of a paradise lost, a tour de force that digs deeply into questions of inheritance, love and forgiveness, of how we want to see ourselves and of who we really are. At the end of the Second World War, Cyril Conroy combines luck and a single canny investment to begin an enormous real estate empire, propelling his family from poverty to enormous wealth. His first order of business is to buy the Dutch House, a lavish estate in the suburbs outside of Philadelphia. Meant as a surprise for his wife, the house sets in motion the undoing of everyone he loves. The story is told by Cyril's son Danny, as he and his older sister, the brilliantly acerbic and self-assured Maeve, are exiled from the house where they grew up by their stepmother. The two wealthy siblings are thrown back into the poverty their parents had escaped from and find that all they have to count on is one another. It is this unshakeable bond between them that both saves their lives and thwarts their futures. Set over the course of five decades, *The Dutch House* is a dark fairy tale about two smart people who cannot overcome their past. Despite every outward sign of success, Danny and Maeve are only truly comfortable when they're together.

Throughout their lives they return to the well-worn story of what they 've lost with humor and rage. But when at last they 're forced to confront the people who left them behind, the relationship between an indulged brother and his ever-protective sister is finally tested.
