Sixteen Ways to Defend a Walled City Orbit

On the eve of Sara Jenkins's move to Greensburg, Kentucky, her dad makes two

seemingly harmless requests with dangerously unintended consequences. Everything in her life will change as dark forces seek to destroy both Sara and her family with no apparent motive. Old wounds are reopened that threaten to rip her family apart from within. Her handsome new neighbor, Jason Grimes, works tirelessly to help Sara solve the mystery as his efforts to save her life draw him into the center of

the deadly storm. Has Sara found the love of her life only to lose him? Only through their faith and the protection of Jesus can Jason and the Jenkins' family emerge stronger and victorious over those who seek their destruction. The Pragmatic

Programmer Addison-misstep could mean Wesley Professional K.J. Parker's new stand-alone novel is a perfectly executed tale of intrigue and deception. For the first time in nearly forty years, an uneasy truce has been called between two neighbouring kingdoms. The war has been long and brutal, fought over the usual things: resources, land, money. . . Now, there is a chance for peace. Diplomatic talks have begun and with them, the games. Two teams of fencers represent their nations at this pivotal moment. When the future of the world lies balanced on the point of a rapier, one

ruin for all. Human nature being what it is, does peace really have a chance?

The Two of Swords: Volume Two
Macmillan

In the 1960s, post-colonial Libya fell prey to the sprawling industrial greed of the West, driven by the discovery of oil. While the modern quarter of Tripoli, built by the Italians, was small and affluent, the rest of the

city--like the rest of the nation--was left to fend for itself amid the arid, sandy stretches of North Africa. As tensions mounted between eastern and western ideals, terror began to supplant justice, and acts of religiously motivated violence began to fill some of Tripoli's darkest corners. Against this backdrop, the teenaged Michele Balistreri--a smart young man plagued by thuggish tendencies and a youthful attraction to Fascism--suffered a succession of personal blows that would scar him for life: the death of his mother; a terrible tragedy that befell his best friend's family; and the consequences of his father's role in Gaddafi's rise to power. Worst of all, an innocent blood pact he

made as a teenager would come to haunt him as an adult. Four decades later, journalist Linda Nardi is hard at work investigating the shadowy history of the Vatican Bank's involvement in Libya when she suddenly finds her attention diverted to an irresistible story assignment: covering the collapse of Colonel Gaddafi's forty-two year dictatorship. It is only a matter of time before Nardi's research and Balistreri's investigative work as a police commissario bring them into contact. Together they unearth a deadly conspiracy that goes to the top of Rome's power structure that neither of them will ever be able to forget.

The Two of Swords: Part One

Evil For Evil

Hoping for a better life, five war veterans colonize an abandoned island. They take with them everything they could possibly need - food, clothes, tools, weapons, even wives. But an unanticipated discovery shatters their dream and replaces it with a very different one. The colonists feel sure that their friendship will keep them together. Only then do they begin to realize that they've brought with them rather more than they bargained for. For

one of them, it seems, has been hiding a terrible secret from the rest of the company. And when the truth begins to emerge, it soon becomes clear that the war is far from over. With masterful storytelling, irresistible wit, and extraordinary insight into human nature, K.J. Parker is widely acknowledged as one of the most original and exciting fantasy writers of modern times. THE COMPANY, K.J. Parker's first standalone novel, is a tour de force from an author who is

changing the face of the fantasy genre. The Two of Swords Orbit "Let me tell you who I am, on the chance that these scribblings do survive.... I am Murgen, Standard bearer of the Black Company, though I bear the shame of having lost that standard in battle. I am keeping these Annals because Croaker is dead. One-Eye won't, and hardly anyone else can read or write. I will be your guide for however long it takes the Shadowlanders to force our present predicament to its inevitable end..."

So writes Murgen, seasoned veteran of the Black Company. The Company has taken the fortress of Stormgard from the evil Shadowlanders, lords of darkness from the far reaches of the earth. Now the waiting begins. Exhausted from the siege, beset by sorcery, and vastly outnumbered, the Company have risked their souls as well as their lives to hold their prize. But this is the end of an age, and great forces are at work. The ancient race known as the Nyueng Bao swear that ancient gods are stirring. the

Company's commander has gone mad and flirts with the forces of darkness. Only Murgen, touched by a spell that has set his soul adrift in time, begins at last to comprehend the dark design that has made pawns of men and god alike. The exciting conclusion to K. J. Parker's Scavenger trilogy. Returning to his childhood home was supposed to bring peace for Poldarn. But

it was not to be. The island proved no sanctuary from the ghosts of his past, or from the demons that stalk his dreams.

Instead, he has unearthed yet more lies, betrayals, and enemies from his former life. But with each fresh discovery, Poldarn is coming ever closer to the reality of his shadowy origins. One by one, the fragmented memories and obscure clues are falling into place, forming a truth he cannot escape, a past he cannot deny, and a history that may be more than he---or anyone else---can bear.
