importance of

understanding

contemporary

economics by

grasping new ideas,

evidence, problems,

and values that call

for reconsideration of basic disputes and major contributions of the past.

The Evolution of Economic Thought - Stanley L. Brue, Randy ...

In the history of economic thought, a school of economic thought is a group of economic thinkers who share or shared a common perspective on the way economies work.

While economists do not always fit into particular schools, particularly in modern times, classifying economists into schools of thought is common. Economic thought may be roughly divided into three phases: premodern (Greco-Roman ...
