For accountants, the overall purpose of studying this subject is to be able to make proper contributions to the strategic management of whatever organisations they find themselves working in. In addition to the core material relating to business strategy, there are strong links to the fields of economics, marketing and human behaviour. The P3 Study Text is based on the primary authorities specified in the official syllabus reading list; it is supplemented by a wide range of other material that extends, amplifies and, in some cases, clarifies the basic references. The study material is thus selected and presented in an easily used form that has been approved by the Examiner.
