The reason is surprisingly simple. There are two areas that students need to do well in - content mastery and Economics-specific examination skills. Students who have revised the content thoroughly could still perform poorly because they lack the latter. This book is meant to fill this gap by being the first book that makes the full range of these examination skills explicit. Newly updated to follow the 2023 Economics syllabus, the skills covered in this book are organized by question type. The first section covers the skills needed to answer case study questions and the second section covers the skills needed to answer essay questions. Each skill is illustrated using worked examples of examination-type materials and questions. At the end of each section, a summary of the skills required is provided to enable students to do a quick revision before the relevant papers. [Cracking the AP Economics Macro & Micro Exams, 2015 Edition](#) Council for Economic Educat This book gives an insight into the Economics for students of CIE A Level (9708). Data Response Questions for Economics is a companion workbook to Economics from a Global Perspective and Multiple Choice Questions for Economics. It is thus structured to the syllabus of the International Baccalaureate Diploma. It is, however, suitable for use in any introductory economics course. The workbook contains a balanced selection of contemporary articles from around the world. Each article is followed by questions. Full answer schemes are provided. The workbook aims to help students acquire and practice a number of specific skills: To learn to read and interpret articles as an economist. To practice reading and interpreting graphical and statistical information. To widen knowledge through reading carefully chosen articles relevant to the course. To practice applying economic theory. To reinforce the skills and knowledge acquired in the economics course. To meet key economic concepts several times over. To relate classroom learning to the real world. To encourage hands on study. To gain a world perspective through reading articles drawn from all over the globe. To practice data response type examination questions.
