piece of American feminist literature that reveals attitudes toward the psychological health of women in the nineteenth century. Diagnosed with "temporary nervous depression - a slight hysterical tendency" by her physician husband, a woman is confined to an upstairs bedroom. Descending into psychosis at the complete lack of stimulation, she starts obsessing over the room's yellow wallpaper: "It is the strangest yellow, that wall-paper! It makes me think of all the yellow things I ever saw - not beautiful ones like buttercups, but old foul, bad yellow things. But there is something else about that paper - the smell! ... The only thing I can think of that it is like is the color of the paper! A yellow smell." The New Negro The Creative Company Okonkwo is the greatest warrior alive, famous throughout West Africa. But when he accidentally kills a clansman, things begin to fall apart. Then Okonkwo returns from

exile to find missionaries and colonial governors have arrived in the village. With his world thrown radically off-balance he can only hurtle towards tragedy. Chinua Achebe's stark novel reshaped both African and world literature. This arresting parable of a proud but powerless man witnessing the ruin of his people begins Achebe's landmark trilogy of works chronicling the fate of one African community,

Not just another jeremiad against prevailing isms and orthodoxies, *Why Literature Matters in the 21st Century* examines literature in its connection to virtue and moral excellence. The author is concerned with literature as the teacher of virtue. The current crisis in the humanities, Mark William Roche argues, may be traced back to the separation of art and morality. (“ When the distinction between is and ought is leveled, ” he writes, “ the power of the professions increases. ”) The arts and humanities concern themselves with the fate and

prospects of humankind. Today that fate and those prospects are under the increasing influence of technology. In a technological age, literature gains in importance precisely to the extent that our sense of intrinsic value is lost. In its elevation of play and inexhaustible meaning, literature offers a counterbalance to reason and efficiency. It helps us grasp the ways in which diverse parts form a comprehensive and complex whole, and it connects us with other ages and cultures. Not least, great literature grapples with the

ethical challenges of the day. Writing about *World Literature* Cengage Learning "Paul's Case" by Willa Cather. Published by Good Press.
