Here is an incomparably rich portrait of France in the years when the disparate elements that made up the fragmented kingdom of the ancien regime were forged into the modern nation. The survey begins with an exploration of national obsessions and attitudes. It considers the tendency to revolution and war, the preoccupation with the idea of a New Order and the deep strain of national paranoia that was to be intensified by the dramatic debacle of the Franco-Prussian War. Robert Tombs then investigates the structures of power and in Part Three he turns his attention to social identities, from the individual and family to the nation at large. When every aspect of the period has been put under the microscope, Robert Tombs draws them all into the broad political narrative that brings the book to its rousing conclusion. Bursting with life as well as learning, this is, quite simply, a tour de force.

As it was in Anna Karenina, Madame Bovary, and Othello, so it is in life. Most forms of private vice and public evil are kindled and sustained by lies. Acts of adultery and other personal betrayals, financial fraud, government corruption—even murder and genocide—generally require an additional moral defect: a willingness to lie. In Lying, best-selling author and neuroscientist Sam Harris argues that we can radically simplify our lives and improve society by merely telling the truth in situations where others often lie. He focuses on "white" lies—those lies we tell for the purpose of sparing people discomfort—for these are the lies that most often tempt us. And they tend to be the only lies that good people tell while imagining that they are being good in the process.

[50 Successful Ivy League Application Essays](#) Pearson Higher Ed Celebrated, iconic, and indispensable, Joan Didion's first work of nonfiction, *Slouching Towards Bethlehem*, is considered a watershed moment in American writing. First published in 1968, the collection was critically praised as one of the "best prose written in this country." More than perhaps any other book, this collection by one of the most distinctive prose stylists of our era captures the unique time and place of Joan Didion's focus, exploring subjects such as John Wayne and Howard Hughes, growing up in California and the nature of good and evil in a Death Valley motel room, and, especially, the essence of San Francisco's Haight-Ashbury, the heart of the counterculture. As Joyce Carol Oates remarked: "[Didion] has been an articulate witness to the most stubborn and intractable truths of our time, a memorable voice, partly eulogistic, partly despairing; always in control."

The integration of the blind into society has always meant taking on prejudices and inaccurate representations. Weygand's highly accessible anthropological and cultural history introduces us to both real and imaginary figures from the past, uncovering French attitudes towards the blind from the Middle Ages through the first half of the nineteenth century. Much of the book, however, centers on the eighteenth century, the enlightened age of Diderot's emblematic blind man and of the Institute for Blind Youth in Paris, founded by Valentin Haüy, the great benefactor of blind people. Weygand paints a moving picture of the blind admitted to the institutions created for them and of the conditions under which they lived, from the officially-sanctioned beggars of the medieval Quinze-Vingts to the cloth makers of the Institute for Blind Workers. She has also uncovered their fictional counterparts in an impressive array of poems, plays, and novels. The book concludes with Braille, whose invention of writing with raised dots gave blind people around the world definitive access to silent reading and to written communication.

The wise and witty guide to researching and writing a thesis, by the bestselling author of *The Name of the Rose*—now published in English for the first time. Learn the art of the thesis from a giant of Italian literature and philosophy—from choosing a topic to organizing a work schedule to writing the final draft. By the time Umberto Eco published his best-selling novel *The Name of the Rose*, he was one of Italy's most

celebrated intellectuals, a distinguished academic, and the author of influential works on semiotics. Some years before that, Eco published a little book for his students, in which he offered useful advice on all the steps involved in researching and writing a thesis. Since then, it has been translated into 17 languages—and is now for the first time presented in English. Eco's approach is anything but dry and academic. He not only offers practical advice but also considers larger questions about the value of the thesis-writing exercise in six different parts: • The Definition and Purpose of a Thesis • Choosing the Topic • Conducting the Research • The Work Plan and the Index Cards • Writing the Thesis • The Final Draft Eco advises students how to avoid "thesis neurosis" and he answers the important question "Must You Read Books?" He reminds students "You are not Proust" and "Write everything that comes into your head, but only in the first draft." Of course, there was no Internet in 1977, but Eco's index card research system offers important lessons about critical thinking and information curating for students of today who may be burdened by Big Data. Irreverent and often hilarious, *How to Write a Thesis* is unlike any other writing manual and belongs on the bookshelves of students, teachers, writers, and Eco fans everywhere.

Literary Nonfiction. From Vancouver-based writer Chelene Knight, *DEAR CURRENT OCCUPANT* is a creative nonfiction memoir about home and belonging set in the 80s and 90s of Vancouver's Downtown Eastside. Using a variety of forms including letters, essays and poems, Knight reflects on her childhood through a series of letters addressed to all of the current occupants now living in the twenty different houses she moved in and out of with her mother and brother. From blurry and fragmented non-chronological memories of trying to fit in with her own family as the only mixed East Indian/Black child, to crystal clear recollections of parental drug use, Knight draws a vivid portrait of memory that still longs for a place and a home. Peering through windows and doors into intimate, remembered spaces now occupied by strangers, Knight writes to them in order to deconstruct her own past. From the rubble of memory she then builds a real place in order to bring herself back home. "Knight is a poet at heart, somewhat disinclined to follow the dusty rules of prose writing, and we are all richer for it. This memoir is built from shards of pure resilience, expertly pieced together into a compelling--and at times devastating--chronicle of youth, family, and sense of place. From Clark Drive to Commercial and Broadway, *DEAR CURRENT OCCUPANT* is a love song to East Vancouver--it is a map of scars, and as everyone knows, scars make for good storytelling."--Carleigh Baker "I want to thank Chelene Knight for not forcing her memoir into a point 'a' to 'b' narrative. Too often complex and stigmatized stories are dumbed-down, but Knight elevates! She uplifts both her her experiences and the poetic prose and hybrid forms used to share these experiences. *DEAR CURRENT OCCUPANT* will surely become a nuanced creative touchstone that shows us how our stories of survival can and should be told."--Amber Dawn "*DEAR CURRENT OCCUPANT* is an astonishing book: haunting, intimate, and deeply rendered. A lyrical memoir set against the backdrop of Vancouver's gritty East Side, it triumphantly melds together prose, poetry, letters and imagery, to illuminate the pain of un-belonging, the search for a home, and the power of words to heal and transform us. It is a book that boldly takes risks, unafraid and brimming with raw energy, tenderness, and heartbreaking beauty. Chelene Knight emerges as a fierce new voice in Canadian literature, deserving of our full attention."--Ayelet Tsabari
