Noted media pundit and author of *Playing the Future* Douglas Rushkoff gives a devastating critique of the influence techniques behind our culture of rampant consumerism. With a skilled analysis of how experts in the fields of marketing, advertising, retail atmospherics, and hand-selling attempt to take away our ability to make rational decisions, Rushkoff delivers a bracing account of media ecology today, consumerism in America, and why we buy what we buy, helping us recognize when we're being treated like consumers instead of human beings.

Most of us want to be rich; we just aren't sure how to get there. Do we fake it till

we make it? Do we work smarter, not harder? Do we quit our day job and pursue our dream? What if the answer to becoming rich doesn't lie in the answers to any of these questions, but instead lies in our ability to change our mindset and imitate the greats? This book will show you just that: how to become rich by changing your mindset and by imitating men who are already rich. *Give and Grow Rich* has been designed so that you get maximum benefit in the least amount of time. Who has time to read more than 100 pages these days? Who would want to? If you want quick solutions, no fluff, and no silly get-rich-quick techniques, then this book is for you. It's like Napoleon Hill's

---

"Think and Grow Rich," but condensed, and more tangible. The same wisdom distilled in a third of the time (and pages). The wisdom doesn't come from me alone, for I started out a poor man just like you. To write this book, I interviewed 7 guys from 7 different income brackets, ranging from \$20,000 per year to \$1 million per year. I asked each of them the same 15 questions, and as I listened to their answers, I saw the trends between the poor, the middle, and the rich. Then, I read the biographies of 7 billionaires from 7 different sectors. Man, did I learn a lot. So I wanted to share the lessons I learned with you. Here's what you can expect: \*\*\*You will learn how the poor, middle, and rich think about money. You will learn how they spend, save, invest, and give.\*\*\*You will learn how your beliefs about money drive your actions.\*\*\*You will learn how two billionaires rose to the top, then gave it all away, and tried to die penniless.\*\*\*If you're a parent, you will learn how you can teach your kids about money. I benefited greatly from writing Give and Grow Rich, so I know you will benefit greatly from reading it. In fact, from the time I started writing the book, to the time I finished, my income doubled! I started thinking like a rich man, imitating rich men, and it is already benefiting me. The same is true for my friends who have implemented these lessons. One

---

of them started out poor, the son of missionaries, and he is making nearly \$200,000 per year. Another started out poor, the son of a single mom, and he is making \$75,000 per year and has started two businesses. So if you want a jam-packed, practical, no fluff guide to becoming rich, read this book. Don't be the person who keeps repeating the past, who keeps spinning out in a financial rut. Don't think that the rich will always get richer and the poor will always get poorer. I am living proof that you can change your mind and change your income. You can imitate the greats and become great. My friends have done the same, and you can too. Be the person who becomes a success story

and inspires your community. Be the person who gets out of the financial woes and wills yourself to riches. Change your mind and change your money. **GIVE AND GROW RICH.**

Excerpt Goldilocks had always wanted to write a novel. She learned to read before she went to kindergarten. In grade school, she always had her nose in a book. In junior high, the other kids thought she was weird, because she actually liked reading those dusty old novels in literature class. All through high school, Goldilocks dreamed of writing a book of her own someday. But when she went

---

to college, her parents persuaded her to study something practical. Goldilocks hated practical, and secretly she kept reading novels. But she was a very obedient girl, so she did what her parents told her. She got a very practical degree in marketing. After college, she got a job that bored her to tears—but at least it was practical. Then she got married, and within a few years, she had two children, a girl and then a boy. She quit her job to devote full time to them. As the children grew, Goldilocks took great joy in introducing them to the stories she had loved as a child. When her son went off to kindergarten, Goldilocks thought about looking for a job. But her resume now had a seven-year hole in it, and her practical skills were long out of date. The only jobs Goldilocks could qualify for were minimum wage. She suddenly realized that being practical had made her horribly unhappy. On a whim, Goldilocks decided to do the one thing she had always wanted more than anything else—she was finally going to write a novel. She didn't care if it was impractical. She didn't care if nobody would ever read her novel. She was going to do it

---

just because she wanted to. For the first time in years, she was going to do something just for herself. And nobody was going to stop her.

A young New Yorker grieving his mother's death is pulled into a gritty underworld of art and wealth in this "extraordinary" and beloved Pulitzer Prize winner that "connects with the heart as well as the mind" (Stephen King, New York Times Book Review). Theo Decker, a 13-year-old New Yorker, miraculously survives an accident that kills his mother. Abandoned by his father, Theo is taken in by

---

the family of a wealthy friend. Bewildered by his strange new home on Park Avenue, disturbed by schoolmates who don't know how to talk to him, and tormented above all by a longing for his mother, he clings to the one thing that reminds him of her: a small, mysteriously captivating painting that ultimately draws Theo into a wealthy and insular art community. As an adult, Theo moves silkily between the drawing rooms of the rich and the dusty labyrinth of an antiques store where he works.	He is alienated and in love -- and at the center of a narrowing, ever more dangerous circle. The Goldfinch is a mesmerizing, stay-up-all-night and tell-all-your-friends triumph, an old-fashioned story of loss and obsession, survival and self-invention. From the streets of New York to the dark corners of the art underworld, this "soaring masterpiece" examines the devastating impact of grief and the ruthless machinations of fate (Ron Charles, Washington Post).
