A guide to putting cognitive  
diversity to work Ever wonder  
what it is that makes two people  
click or clash? Or why some groups  
excel while others fumble? Or how  
you, as a leader, can make or break  
team potential? Business Chemistry  
holds the answers. Based on  
extensive research and analytics,  
plus years of proven success in the  
field, the Business Chemistry  
framework provides a simple yet  
powerful way to identify  
meaningful differences between  
people ' s working styles. Who  
seeks possibilities and who seeks

stability? Who values challenge and  
who values connection? Business  
Chemistry will help you grasp  
where others are coming from,  
appreciate the value they bring, and  
determine what they need in order  
to excel. It offers practical ways to  
be more effective as an individual  
and as a leader. Imagine you had a  
more in-depth understanding of  
yourself and why you thrive in  
some work environments and  
flounder in others. Suppose you  
had a clearer view on what to do  
about it so that you could always  
perform at your best. Imagine you  
had more insight into what makes  
people tick and what ticks them off,  
how some interactions unlock  
potential while others shut people  
down. Suppose you could gain

people ' s trust, influence them, motivate them, and get the very most out of your work relationships. Imagine you knew how to create a work environment where all types of people excel, even if they have conflicting perspectives, preferences and needs. Suppose you could activate the potential benefits of diversity on your teams and in your organizations, improving collaboration to achieve the group ' s collective potential. Business Chemistry offers all of this--you don ' t have to leave it up to chance, and you shouldn ' t. Let this book guide you in creating great chemistry!
