Having taken an interest in existentialism and having read a few books on the topic, I thought I could not miss this compilation with Robert C. Solomon, a prolific author in philosophy books and a professor of Philosophy at the University of Texas at Austin, as the author. Robert Solomon on the Meaning of Life | Reason and Meaning Solomon's existentialism is basically Sartre's. He ambitiously wants to include Nietzsche, Heidegger in this movement and introduce American audiences to them, and he does a pretty dang good job. I recommend it as introductory (not this book though).
