Porting heads is an art and science. It takes a craftsman's touch to shape the surfaces of the head for the optimal flow characteristics and the best performance. Porting demands the right tools, skills, and application of knowledge. Few other engine builders have the same level of knowledge and skill porting engine heads as David Vizard. All the aspects of porting stock as well as aftermarket heads in aluminum and cast-iron constructions are covered. Vizard goes into great depth and detail on porting aftermarket heads. Starting with the basic techniques up to more advanced techniques, you are shown how to port iron and aluminum heads as well as benefits of hand and CNC porting. You are also shown how to build a high-quality flow bench at home so you can test your work and obtain professional results. Vizard shows how to optimize flow paths through the heads, past the valves, and into the combustion chamber. The book covers blending the bowls, a basic porting procedure, and also covers pocket porting, porting the intake runners, and many advanced procedures. These advanced procedures include unshrouding valves, porting a shortside turn from the floor of the port down toward the valve seat, and developing the ideal port area and angle. What's Wrong With Wende? I've known since I was young that something was wrong with me. Four-year-olds don't read newspapers. Ten-year-olds aren't supposed to be given their Mommy's wake up pills or slapped at eleven for telling on the man who raped her. I didn't mean to rob 7-11 when I was fifteen or get kicked out of the Navy at 17. I married too young and was a mommy too soon. Another marriage ended when they arrested him as a serial rapist suspected of murder. Drugs came easy with a direct line to the cook, and an organized crime affiliation. My family can't believe all I've survived, they were told I was dying twice, but God had other plans. This is the true story of my life. It hasn't always been pretty, and there's no way to sugar-coat ugly. So, if you're easily offended or faint of heart, my book may not be for you. If, on the other hand, you think your life is over cause you've made a mess of it, turn the page. Have I got a story for you?
