"Having been born a freeman, and for more than thirty years enjoyed the blessings of liberty in a free State—and having at the end of that time been kidnapped and sold into Slavery, where I remained, until happily rescued in the month of January, 1853, after a bondage of twelve years—it has been suggested that an account of my life and fortunes would not be uninteresting to the public." -an excerpt

Tropical Plant Science SBL Press

Various disciplines that deal with Achaemenid rule offer starkly different assessments of Persian kingship. While Assyriologists treat Cyrus's heirs as legitimate successors of the Babylonian kings, biblical scholars often speak of a "kingless era" in which the priesthood took over the function of the Davidic monarch. Egyptologists see their land as uniquely independently minded despite conquests, while Hellenistic scholarship tends to evaluate the interface between Hellenism and native traditions without reference to the previous two centuries of Persian rule. This volume brings together in dialogue a broad array of scholars with the goal of seeking a broader context

for assessing Persian kingship through the anthropological concept of political memory.

House Smart Linden Publishing

This book is a collection of memoirs and short stories. Some are factual and others are fiction written over a course of twelve years. Life has a way of taking us through unexpected paths, some dark and bleak. God balances them out with joy, peace, and lasting contentment through life's challenges, family situations, seasons, love, and the list goes. My prayer for you is as you read this book, you'll be encouraged to see the glass as being half full instead of empty; that you will began to obtain happiness by looking at life through the eyes of a child; and that you will keep love, forgiveness, and expect the best first of yourself and appreciate and have compassion on others. We are all a "work in progress." I believe our gifts bind us to a higher power of God. The more we apply it, the closer we become to each other. When you finish this book, you will know that there are no "small" gifts. All gifts given by God are indeed good. This book was written by the anointing and power of God to bring deliverance to all in need. Some of them will make you laugh, cry, and think about life. All those who read it will go away refreshed with a new outlook on life. I encourage you to pass it on to family and friends. They will be thankful for years to come!

From fixing a flat tire to changing the oil, a guide to home car care provides easy-to-follow instructions for monitoring brakes, checking fluids, adjusting headlights, troubleshooting major problems, and other tasks.

Taurus Brandwashed

The budget battles of recent years have amplified the warnings of demographic doomsayers who predicted that a wave of baby boomers would bleed America dry, bankrupting Social Security and Medicare as they faded into an impoverished old age. On the contrary, argues award-winning journalist Chris Farrell, we are instead on the verge of a broad, positive transformation of our economy and society. The old idea of "retirement"—a word that means withdrawal, describing a time when people gave up productive employment and shrank their activities—was a short-lived historical anomaly. Humans have always found meaning and motivation in work and community,

Farrell notes, and the boomer generation, poised to live longer in better health than any before, is already discovering unretirement--extending their working lives with new careers, entrepreneurial ventures, and volunteer service. Their experience, wisdom--and importantly, their continued earnings--will enrich the American workplace, treasury, and our whole society in the decades to come. Unretirement not only explains this seismic change, now in its early stages, it provides key insights and practical advice for boomers about to navigate this exciting, but unsettled, new frontier, drawing on Chris Farrell's decades of covering personal finance and economics for Bloomberg Businessweek and Marketplace Money. This will be an indispensable guide to the landscape of unretirement from one of America's most trusted experts.

Dr. Gott's No Flour, No Sugar(TM) Diet Icon Books Ltd

This book is an in-depth analysis of three of the most crucial years in twentieth-century Italian history, the years 1943-46. After more than two decades of a Fascist regime and a disastrous war experience during which Italy changed sides, these years saw the laying of the political and cultural foundations for what has since become known as Italy's First Republic. Drawing on texts from the literature, film, journalism, and political debate of the period, Antifascisms offers a thorough survey of the personalities and positions that informed the decisions taken in this crucial phase of modern Italian history.

Master of Precision is the fascinating firsthand account of Henry Martyn Leland's life and work during the early days of the automobile industry.

A Small Deceit Da Capo Press

A shocking insider's look at how global giants conspire to obscure the truth and manipulate our minds. Marketing visionary Martin Lindstrom has been on the front lines of the branding wars for over twenty years. Here, he turns the spotlight on his own industry, drawing on all he has witnessed behind closed doors, exposing for the first time the full extent of the psychological tricks and traps that companies devise to win our hard-earned dollars. Picking up from where Vance Packard's bestselling classic, *The Hidden Persuaders*, left off more than half-a-century ago, Lindstrom reveals: New findings that reveal how advertisers and marketers intentionally target children at an alarmingly young age - starting when they are still in the womb! Shocking results of an fMRI study which uncovered what heterosexual men

really think about when they see sexually provocative advertising (hint: it isn't their girlfriends). How marketers and retailers stoke the flames of public panic and capitalize on paranoia over global contagions, extreme weather events, and food contamination scares. The first ever neuroscientific evidence proving how addicted we all are to our iPhones and our Blackberry's (and the shocking reality of cell phone addiction - it can be harder to shake than addictions to drugs and alcohol). How companies of all stripes are secretly mining our digital footprints to uncover some of the most intimate details of our private lives, then using that information to target us with ads and offers 'perfectly tailored' to our psychological profiles. How certain companies, like the maker of one popular lip balm, purposely adjust their formulas in order to make their products chemically addictive. What a 3-month long guerrilla marketing experiment, conducted specifically for this book, tells us about the most powerful hidden persuader of them all. And much, much more. This searing expose introduces a new class of tricks, techniques, and seductions - the Hidden Persuaders of the 21st century- and shows why they are more insidious and pervasive than ever.

The Everything Car Care Book Longman Scientific and Technical

If you're a security or network professional, you already know the "do's and don'ts": run AV software and firewalls, lock down your systems, use encryption, watch network traffic, follow best practices, hire expensive consultants . . . but it isn't working. You're at greater risk than ever, and even the world's most security-focused organizations are being victimized by massive attacks. In *Thinking Security*, author Steven M. Bellovin provides a new way to think about security. As one of the world's most respected security experts, Bellovin helps you gain new clarity about what you're doing and why you're doing it. He helps you understand security as a systems problem, including the role of the all-important human element, and shows you how to match your countermeasures to actual threats. You'll learn how to move beyond last year's checklists at a time when technology is changing so rapidly. You'll also understand how to design security architectures that don't just prevent attacks wherever possible, but also deal with the consequences of failures. And, within the context of your coherent architecture, you'll learn how to decide when to invest in a new security product and when not to. Bellovin, co-author of the bestselling *Firewalls and Internet Security*, caught his first hackers in 1971. Drawing on his deep experience, he shares actionable, up-to-date guidance on issues ranging from

SSO and federated authentication to BYOD, virtualization, and cloud security. Perfect security is impossible. Nevertheless, it's possible to build and operate security systems far more effectively. Thinking Security will help you do just that.

Making Decoys Addison-Wesley Professional Fiction. Women's Studies. Short Stories. Beginning with a story of an ex sex-worker drifting through a small rural town in the south, and ending with a young woman's wedding night, who learns from her new husband what it takes to kill a man, Nash writes across the complications of working class women, rendering their desires with visceral prose and psychologically dissecting the fundamental root that threads her work: craving and the conflicts within.

30-Second Brain Random House Australia Dr. Peter Gott combines the empathy of an old-fashioned family doctor with the outspoken fervor of a patients' rights advocate in this comprehensive guide that is a turn-to resource for those with health concerns. Dr. Gott responds to readers' medical questions with sensitivity and accuracy and is praised for his knowledge of medicine and his warm, compassionate style.

Political Memory in and After the Persian Empire Checkmark Books

Bible Women All Their Words and Why They Matter Lindsay Hardin Freeman Women of the Bible have been trapped in dry and dusty literary caskets for centuries. While a few women, such as Mary, Sarah, Elizabeth, and Mary Magdalene, are familiar, many of the women who speak in the Bible have long been ignored. Yet their words are part of God's Word, the Bible, for a reason. Through these women, God spoke, intervened, changed, illustrated, and proclaimed the story of redemption. In this groundbreaking book, Episcopal priest Lindsay Hardin Freeman identifies every woman who speaks in the Bible, providing their words, context, and historical background. We learn which women speak the most (hint: it's not Mary) and which books of the Bible have the fewest words from women. We hear the only conversation in the Bible between a mother and daughter (and it's not pretty), the words of a woman who eats her own child, and the triumphant exclamation of a woman telling the world about the risen Christ. Questions at the end of each chapter encourage individual or small-group reflection about what we might learn from each of these women and how God is speaking through them to us. Step into God's sacred circle of mothers, grandmothers, warriors, prophets, prostitutes, and murderers. You won't come out the same.

Fairleigh Dickinson Univ Press

In the first biography of Joan Crawford to give the full, uncensored story, bestselling author

David Bret tells Crawford's rags to riches climb, from working in a Kansas City laundry to collecting an Oscar for her defining role in *Mildred Pierce*, and on to her devotion to Christian Science and reliance on vodka. He discusses the star's legendary relationship with Clark Gable, her countless love affairs, her marriages -- three of them to gay men -- and her obsession with rough sex. Bret divulges what really happened that led her to disinherit two of her four children, earning her the nickname "Mommie Dearest," as well as how her loathed mother forced Crawford to work as a prostitute, appear in pornographic films, and sleep her way to the top. Bret analyzes Crawford's films, many of which were constructed purely as vehicles where actress and character were often indistinguishable. Overtly generous towards her coterie of gay friends, she was heartless towards her enemies, particularly Bette Davis, her co-star in *Whatever Happened to Baby Jane*, with whom she shared a lifelong feud. Drawing on a wealth of unpublished material and interviews, David Bret presents a unique, fascinating portrait of a single-minded, uncompromising woman.

Twelve Years a Slave Houghton Mifflin Harcourt

Adams was sent to prison. Following his release he hides behind a new persona. He then meets Desmond Baxter, whom he recognises as the judge who sentenced him. But Baxter is not his real name. Why is he also hiding his identity? After many twists and turns Margaret Yorke presents the reader with a wholly unexpected outcome.

Taming The Paper Tiger At Work Bloomsbury Publishing USA

Nudes Random House

Have you ever thought someone was watching you . . . but there was no one there? One summer's evening, Alice sees something out of the corner of her eye. She turns to look: just a trick of the light. She is no longer the lonely little girl she once was, with her games of make-believe and imaginary friend, Sam. Then Alice's world is shattered in a tragic accident, and Sam creeps out of the shadows and back into her life. At first Alice is comforted by his presence: a best friend to help fill the void in her heart. Perhaps even help her find someone real to share her life with. But Alice and Sam know he can only exist if she wants him there. So when Alice decides it's time for him to leave, who will get hurt in order for him to stay alive? A compelling novel that fans of page-turners such as Clare Mackintosh's *I LET YOU GO* and S. K. Tremayne's *THE ICE TWINS* will be gripped by.

Bible Women Wayne State University Press

No calorie counting. No gram counting. Cheating is allowed! It's uncomplicated. Inexpensive. A cinch to maintain. And most of all, a sensible guide to healthy eating that will help you lose weight fast and keep it off for the rest of your life. During his forty years of medical practice and in his nationally syndicated medical column, Dr. Peter Gott has been asked constantly by patients and readers for a simple, foolproof way to lose weight.

In response, he developed the No Flour, No Sugar Diet, which has prompted countless success stories from his patients, thousands of letters from his readers raving about their phenomenal weight loss, and this New York Times bestselling book. While Dr. Gott's program teaches you how to eliminate flour and sugar from your diet, you won't go hungry. The diet includes selections from all the food groups, with a strong emphasis on nutrient-dense foods that leave you feeling satisfied. You'll still enjoy lean meats, brown rice, low-fat dairy products, vegetables, fruits, and other goodies—and discover how to satisfy your sweet tooth and carb cravings without sugar or flour. In addition, DR. GOTT'S NO FLOUR, NO SUGAR DIET? features:

- Easy-to-follow meal plans you customize to your needs
- More than 50 mouthwatering recipes for soups, entrees, desserts, and more--from Omelet Muffins to Pork Tenderloin Roasted with Fennel, Apples, Potatoes, and Onions to Strawberry Crepes with Dark Chocolate Sauce
- Pantry and food lists
- Guidelines for finding the hidden flour and sugar in many foods
