Network World Cracking the Coding Interview

The world of work has changed. People in previous generations tended to pick one professional path and stick to it. Switching companies every few years wasn't the norm, and changing careers was even rarer. Today's career trajectories aren't so scripted and linear. Technology has given rise to new positions that never before existed, which means we are choosing from a much broader set of career options—and have even more opportunities to find work that lights us up. However, we don't discover and apply for jobs the same way anymore, and employers don't find applicants the way they used to. Isn't it about time we had a playbook for

navigating it all? Kathryn Minshew and Alexandra Cavoulacos, founders of the popular career website The Muse, offer the definitive guide to the modern workplace. Through quick exercises and structured tips, you will learn:

- The New Rules for finding the right path: Sift through, and narrow today's ever-growing menu of job and career options, using the simple step-by-step Muse Method.
- The New Rules for landing the perfect job: Build your personal brand, and communicate exactly how you can contribute and why your experience is valuable in a way that is sure to get the attention of your dream employer.

Then ace every step of the

interview process, from getting a foot in the door to negotiating your offer.

- The New Rules for growing and advancing in your career: Mastering first impressions, the art of communication, networking, managing up and other “soft” skills — and make it obvious that whatever level you're at, you're ready to get ahead.

Whether you are starting out in your career, looking to advance, navigating a mid-career shift, or anywhere in between, this is the book you need to thrive in the New World of Work.

Follow these steps to more thoroughly prepare in less time. Computerworld PREP Publishing

You know differential equations. But do you know how to find a job? You know heat transfer. But do you know how to make your resume stand out? You know circuits. But do you know how to talk to a recruiter at a job fair? You know fluid dynamics. But do you know how to prepare for an interview? You know how to explain an engineering design. But do you know how to negotiate a job offer? Engineering Jobology 101 is for the ambitious engineering student who wants to land their dream job at a great company and wants to beat out the other candidates. It is for the experienced engineer who is trying to take that next step in their career but needs some help to impress the interviewer. It is for the out-of-work engineer who wants their resume to stand out from the crowd but does not know how to do so. This book covers: Job Searching Resumes Portfolios LinkedIn Cover Letters Job Fairs Interviewing Negotiating a job offer and More! The easy-to-read format, practical tips, and useful examples will go a long way to improve how well you present yourself to potential employers. The lessons from Engineering Jobology 101 may be the difference between getting a "good enough" job and landing your dream job! "Eric coached me through my job search as I graduated from college. Because of the principles taught in Engineering Jobology 101 I landed multiple job offers and used them as leverage to raise my starting salary by several thousand dollars! That was money that I could have easily left on the table without his help. I highly recommend that every engineering student read and apply the teachings in this book. It will pay off big time."

-K. H., Aeronautical Engineer at Lockheed Martin "There has been a severe lack of resources to help engineers land their dream jobs. Engineering Jobology 101 finally fills that need. Eric speaks in the language of engineering to provide all the steps, equations, and algorithms necessary for an engineer to launch a successful career." -M.W., HR at Honeywell

"Lose the R é sum é ' breaks down every aspect of job hunting, explaining what matters and what doesn ' t." – The New York Times Book Review Lose the resume and land that coveted job Gone are the days of polishing up your resume and sending it out at random. At every level today, you need to “ lose the

resume ” in order to land the right job. In other words, you have to learn to tell a story about yourself that speaks to your competencies, purpose, passion, and values. Lose the Resume, Land the Job shares the new rules of engagement: How you must think, act, and present yourself so you can win. Based on inner exploration drawn from the IP of the world's largest executive recruiting firm, the book gleans insights and stories (the good, the bad, and sometimes the ugly) from Korn Ferry recruiters across

the globe who work with thousands of candidates each day. It helps you gain a deeper perspective on who you are, what you 're passionate about, the cultures in which you fit, the kind of bosses you should work for, and where you can bring the most value to organizations.

- Includes assessments, questionnaires, and other tools
- Candid advice for young professionals through middle managers
- Offers trusted guidance from the same firm that has shown 8 million executives how to

achieve their career goals, and that puts a professional in new job every three minutes • Helps you build a plan for the future so you can contribute more to the next employer Getting a job and, more importantly, building a career has never been more complex. Lose the Resume, Land the Job helps you score the positions that align with your passion and match your attributes — and that will put you on a trajectory toward bigger and better things.
