\*INSTANT NEW YORK TIMES BESTSELLER\* \*INSTANT USA TODAY BESTSELLER\* \*INSTANT #1 INDIE BESTSELLER\* From the New York Times bestselling author of Red, White & Royal Blue comes a new romantic comedy that will stop readers in their tracks... For cynical twenty-three-year-old August, moving to New York City is supposed to prove her right: that things like magic and cinematic love stories don ’ t exist, and the only smart way to go through life is alone. She can ’ t imagine how waiting tables at a 24-hour pancake diner and moving in with too many weird roommates could possibly change that. And there ’ s certainly no chance of her subway commute being anything more than a daily trudge through boredom and electrical failures. But then, there ’ s this gorgeous girl on the train. Jane. Dazzling, charming, mysterious, impossible Jane. Jane with her rough edges and swoopy hair and soft smile, showing up in a leather jacket to save August ’ s day when she needed it most. August ’ s subway crush becomes the best part of her day, but pretty soon, she discovers there ’ s one big problem: Jane doesn ’ t just look like an old school punk rocker. She ’ s literally displaced in time from the 1970s, and August is going to have to use everything she tried to leave in her own past to help her. Maybe it ’ s time to start believing in some things, after all. Casey McQuiston ’ s One Last Stop is a magical, sexy, big-hearted romance where the impossible becomes possible as August does everything in her power to save the girl lost in time. Happiness NEW YORK TIMES BESTSELLER • MAN BOOKER PRIZE WINNER Compared favorably to the works of Faulkner and Dickens, Arundhati Roy’s modern classic is equal parts powerful family saga, forbidden love story, and piercing political drama. Lush, lyrical, and unnerving, The God of Small Things is an award-winning landmark that started for its author an esteemed career of fiction and political commentary that continues unabated.

**Anna K** Simon and Schuster  
From the New York Times bestselling author of The Love Hypothesis comes a new STEMminist rom-com in which a scientist is forced to work on a project with her nemesis—with explosive results. Like an avenging, purple-haired Jedi bringing balance to the mansplained universe, Bee Königswasser lives

by a simple code: What would Marie Curie do? If NASA offered her the lead on a neuroengineering project—a literal dream come true after years scraping by on the crumbs of academia—Marie would accept without hesitation. Duh. But the mother of modern physics never had to co-lead with Levi Ward. Sure, Levi is attractive in a tall, dark, and piercing-eyes kind of way. And sure, he caught her in his powerfully corded arms like a romance novel hero when she accidentally damseled in distress on her first day in the lab. But Levi made his feelings toward Bee very clear in grad school—archenemies work best employed in their own galaxies far, far away. Now, her equipment is missing, the staff is ignoring her, and Bee finds her floundering career in somewhat of a pickle. Perhaps it’s her occipital cortex playing tricks on her, but Bee could swear she can see Levi softening into an ally, backing her plays, seconding her ideas...devouring her with those eyes. And the possibilities have all her neurons firing. But when it comes time to actually make a move and put her heart on the line, there’s only one question that matters: What will Bee Königswasser do?

As one of only two aromateurs left on the planet, sixteen-year-old Mimosa knows what her future holds: a lifetime of weeding, mixing love elixirs, and matchmaking—all while remaining incurably alone. For Mim, the rules are clear: falling in love would render her nose useless, taking away her one great talent. Still, Mimosa doesn’t want to spend her life elbow-deep in soil and begonias. She dreams of a normal high school experience with friends, sports practices, debate club, and even a boyfriend. But when she accidentally gives an elixir to the wrong woman and has to rely on the lovesick woman’s

son, the school soccer star, to help fix the situation, Mim quickly begins to realize that falling in love isn't always a choice you can make. Explore queer themes in films from Hong Kong gangster flicks to Bollywood melodramas! Although Asian films have reached a new height in popularity worldwide, Queer Asian Cinema: *Shadows in the Shade* is the first full-length book in English solely devoted to examining the aesthetics and politics of homosexuality in Asian films. This unique book presents multiple points of view on the portrayal of gay, lesbian, and transgendered people in film throughout Asia. From the subversive sadomasochism of Japan's "pink films" to the hard-boiled world of Hong Kong's gangster movies, Queer Asian Cinema analyzes and discusses attitudes toward homosexuality in the full spectrum of Asian film. In addition to studies of the representation of identified gay men, lesbians, and transgendered individuals, it reveals the hidden homoerotic subtext of otherwise conventional films. Queer Asian Cinema: *Shadows in the Shade* examines diverse aspects of Asian films, including: the political and psychological links between feudal and sadomasochist hierarchies the inevitable punishment of homoerotic bonds in gangster films the integration of the homosexual couple into the Confucian family structure in Korean films the complexities of cross-gender casting the differences between transvestism and cross-dressing the definition of male genitalia as obscene Queer Asian Cinema: *Shadows in the Shade* brings together experts in both film-making and movie criticism, providing a balanced viewpoint to unite the worlds of academic and popular perceptions on this subject. It opens an exciting discussion of this important and largely neglected area of cinematic discourse.

society - by history. Chaucer investigated not just the idea of history but the historical world intimately related to his own political and literary career. This book has shaped the way that Chaucer is read.
