Business strategy is not an abstract concept; it is a type of work that is designed for complex theoretical conceptualization. While there are numerous sources exploring the theoretical ideas of strategy, very few demonstrate the real value of strategy tools, concepts, and models in practice. Cases on Digital Strategies and Management Issues in Modern Organizations is a pivotal reference source that provides original case studies designed to explore various strategic issues facing contemporary organizations, evaluate the usefulness of strategy tools and models, and examine how successful and failing companies have faced strategic issues with practical ideas and solutions. While highlighting topics such as business ethics, stakeholder analysis, and corporate governance, this publication demonstrates various ways that different models/tools can be applied in different types of companies for various purposes and from diverse perspectives. This book is ideally designed for managers, executives, managing directors, business strategists, industry professionals, students, researchers, and academicians seeking current research on key business framework strategies.

Cases on Digital Strategies and Management Issues in Modern Organizations Tata McGraw-Hill Education

Public relations is operating in an increasingly challenging and complex environment. Pressures from outside the organisation include new accountabilities, empowered stakeholders, increased public cynicism and a new communication landscape. Internally, there are increasing demands to demonstrate a return on investment, alongside a requirement to coach and counsel senior managers exposed to these environmental pressures. This context requires public relations professionals to be able to clearly articulate and demonstrate their own contribution to organisational effectiveness. This textbook provides public relations leaders with a framework to do this, as well as a checklist of essential capabilities which they must acquire and exhibit if they are to operate at the highest levels of any organisation. This short textbook is suitable for aspiring practitioners, MBA and other masters qualifications in public relations - especially for those students who wish to pursue a successful career as a professional PR specialist able to operate strategically at the top of successful organisations.

Verbeke provides a new perspective on international business strategy by combining analytical rigour and true managerial insight on the functioning of large multinational enterprises (MNEs). With unique commentary on 48 seminal articles published in the Harvard Business Review, the Sloan Management Review and the California Management Review over the past three decades, Verbeke shows how these can be applied to real businesses engaged in international expansion programmes, especially as they venture into high-distance markets. The second edition has been thoroughly updated and features greater coverage of emerging markets with a new chapter and seven new cases. Suited for advanced undergraduates and graduate courses, students will benefit from updated case studies and improved learning features, including 'management takeaways', key lessons that can be applied to MNEs and a wide range of online resources.
