An informative and unintimidating look  
at the basics of research in the social  
and behavioral sciences. Exploring  
Research makes research methods  
accessible for students – describing  
how to collect and analyze data, and  
providing thorough instruction on how  
to prepare and write a research  
proposal and manuscript. Author Neil  
Salkind covers the research process,  
problem selection, sampling and  
generalizability, and the measurement  
process.
