The Wise Men and a Racist God recounts the personal pilgrimage of a Christ-Follower from the East to the West, exploring God's redemptive revelations outside the boundaries of Christian tradition. In this rollercoaster ride through six major world religions, we encounter a variety of symbols that seem to point, incredibly, to the God of the Bible. From Hindu avatars and Buddhist bodhisattvas to Sikh gurus, Muslim prophets, and the Jewish messiah, the author takes us across the world to consider how different religions attempt to answer the deep longing for a savior-figure within every human heart. Ideal for personal reading and small group studies, this book serves both as an introductory course on world religions and an inspirational book for personal spiritual growth. "How can the world religions be so drastically different and yet also uncannily similar and possibly related? Isn't it incomprehensible that the great faiths are both strikingly contrasting but also remarkably overlapping and even convergent? Might these paradoxical observations be resolved because Jesus is both the unavoidable stumbling block that sets Christianity apart but yet perhaps also the one way that somehow they all point to? The Wise Men and the Racist God invites readers on a journey to consider these questions in light of a gospel that challenges, even as it opens up conversation with, people in other faiths." Dr. Amos Yong, Director, CMR, Fuller Theological Seminary "The book, birthed out of personal experience and passion, is an excellent resource for all of us to understand our neighbour's perspective and the gifts we all have to give one another. In a world where more compassion, respect and understanding is so desperately needed, The Wise Men and A Racist God is a timely bridge in a sea of walls." Christa Hesselink, Author: Life's Great Dare: Risking It All for the Abundant Life "The Wise Men and A Racist God offers an incredible resource to people of all religious backgrounds, particularly Christians who are looking to understand world religions and how people can talk together in a respectful and thoughtful way about their beliefs. The author's breadth of knowledge, thoughtful insights and conversational approach are a very rare combination and make it easy for people to grasp the beliefs of world religions, learn from each other and also consider the life and message of Jesus in light of world religions. I highly recommend this book." Tim Day The City Movement, Author: God Enters Stage Left "The author dared to proclaim Christ as the way, the truth and the life in a world culture that is not open to such claim..." Rev. Thomas Kutty National Leader (Emeritus), The Foursquare Gospel Church in India.

Was Jesus just a spiritual leader, like Buddha, Krishna, Confucius, and Muhammad? Or is he something more--something else entirely? In *God among Sages*, apologist Ken Samples offers readers a biblical and historical portrait of Jesus, grounded in the claims Jesus makes about himself. Then Samples compares and contrasts Jesus with Buddha, Krishna, Confucius, and Muhammad using eight relevant categories of evaluation. He also helps readers understand the competing philosophies of religious pluralism, inclusivism, and exclusivism. The result is a clearer understanding of what sets Jesus apart as not simply a teacher to follow but God himself, worthy of our full allegiance and worship. Christians who struggle to answer claims that Jesus was just a good teacher, as well as those haven't quite made up

their minds about Jesus's claims to divinity, will value this accessible introduction to comparative religions.

A comprehensive and accessible textbook which explores the traditions and beliefs of the world's living religions – the fully updated and revised new edition *The World Religions Reader* is an inclusive, student-friendly examination of the history, teaching, practices, and appeal of the world's major religions. Covering both the fundamentals and complexities of each religious tradition, this popular textbook brings together significant texts from scriptures and scholars, as well as writings from philosophers and other significant thinkers throughout history. Students are provided with an introduction and overview of the tradition, taken through its primary texts, and presented with a text which seeks to persuade the student of the tradition's merits. This new edition has been thoroughly updated to be even more accessible for students new to interreligious engagement and to reflect current trends and developments in religions worldwide. Every chapter opens with a substantial overview which orients the new student and then flows into a carefully chosen set of texts – a regular textbook is now combined with a Reader. New content examines areas such as the Rastafarian tradition, while revised chapters cover secular humanism and indigenous and emerging religious traditions. The methodology of the book focuses on an empathetic approach – representing each tradition from the perspective of a conventional adherent – enabling students to develop understanding of each tradition and appreciate similarities and differences in their most typical forms. Invites students to study each tradition from the perspective of a follower, aiming to understand why the tradition is popular and powerful. Explores representative passages, world-views, rituals and institutions, ethical expressions and modern outlooks for each religion. Features discussions of interfaith perspectives on the role of women in religious traditions and the impact of world events and politics on interfaith communication. Encourages students to consider questions of truth, the relation of religion and society, and the changing nature of a tradition in the modern world. Includes a complete set of pedagogical tools and instructor resources, including end-of-chapter fact sheets, topic summaries, key term sections, and essay and discussion questions. *The World Religions Reader, Fourth Edition* is an ideal textbook for undergraduate and graduate courses in religion, especially for liberal arts and non-affiliated colleges, as well as general readers wishing to increase their knowledge of the world's religious traditions.

Foreword by Michael Shermer, Ph.D. Contributors include Penn Jillette, Julia Sweeney, and Dr. Donald B. Ardell This is an abridged edition of the print classic. It does not include essays by Richard Dawkins or Stephen Law. Please consult the print edition for these essays. It's hard enough to live a secular life in a religious world. And bringing up children without religious influence can be even more daunting. Despite the difficulties, a large and growing number of parents are choosing to raise their kids without religion. In *Parenting Beyond Belief*, Dale McGowan celebrates the freedom that comes with raising kids without formal indoctrination and advises parents on the most effective way to raise freethinking children. With advice from educators, doctors, psychologists, and philosophers as well as wisdom from everyday parents, the book offers tips and insights on a variety of topics, from "mixed marriages" to coping with death and loss, and from morality and ethics to dealing with holidays. Sensitive and timely, *Parenting Beyond Belief* features reflections from such freethinkers as Mark Twain, Bertrand Russell, and wellness guru Dr. Don Ardell that will empower every parent to raise both caring and independent children without constraints.

*A Guide for the Inquiring Reader* Cengage Learning Essays in the field of comparative world religions and corresponding axial civilizations. The post-World War II idea of the Axial Age by Karl Jaspers, and as elaborated into the sociology of axial civilizations by S. N. Eisenstadt in the later twentieth and early twenty-first centuries, continues to be the subject of intense scholarly debate. Examples of this can be found in recent works of Hans Joas and Jürgen Habermas. In *From World Religions to Axial Civilizations and Beyond*, an internationally distinguished group of scholars discuss, advance, and criticize the Jaspers-Eisenstadt thesis, and go beyond it by bringing in the critical influence of Max Weber's sociology of world religions and by exploring intercivilizational encounters in key world regions. The essays within this volume are of unusual interest for their original analysis of relatively neglected civilizational zones, especially Islam and the Islamicate civilization and the Byzantine civilization, and its continuation in Orthodox Russia. Saïd Amir Arjomand is Distinguished Professor of Sociology Emeritus at Stony Brook University, State University of New York. Stephen Kalberg is Professor of Sociology Emeritus, Boston University.

*Larson's Book of World Religions and Alternative Spirituality* Simon and Schuster *Routledge Introductions to Applied Linguistics* is a series of introductory level textbooks covering the core topics in Applied Linguistics, primarily designed for those beginning postgraduate studies, or taking an introductory MA course as well as advanced undergraduates. Titles in the series are also ideal for language professionals returning to academic study. The books take an innovative 'practice to theory' approach, with a 'back-to-front' structure. This leads the reader from real-world problems and issues, through a discussion of intervention and how to engage with these

concerns, before finally relating these practical issues to theoretical foundations. Additional features include tasks with commentaries, a glossary of key terms, and an annotated further reading section. In this book Philip Seargeant surveys varieties of English existing within the world today, and the debates and controversies surrounding its present forms, functions and status in diverse world contexts. It examines how English has evolved to become a 'global language' and looks at the political and cultural history that has influenced this evolution. Beginning with a discussion of real-life challenges relating to world Englishes that are faced by language professionals – particularly in the contexts of language education and language planning – the book explores and illustrates the ways in which the actual use and management of English, as well as the beliefs and ideologies associated with it, play an increasingly important role in contemporary globalized society.

**A Reading and Writing Workbook** Cengage Learning  
This book is an insightful guide to the diverse ways that religious faith is practiced and spirituality is understood. Discussing contemporary issues such as post-modernism and the emergence of a "new paradigm," the new realities of geopolitics, globalization and global warming, this book explores the importance of religion in people's lives to provide direction in the society today. This book demonstrates the common quest among the world religions for a deeper and more profound spirituality. Describing the spiritual pathways of the various world religions, it assesses the ways that the beliefs, values and practices of these traditions can be life-giving, leading to personal and social responsibility and transformation, but also sometimes harmful and divisive, even used for dangerous purposes. Promoting constructive engagements between the world's religions, this book will connect social justice and ethical engagements with core religious practices and spiritualities. This is an ideal introductory text for students of world religions, spirituality and interfaith relations, broadening their understanding of these lived faiths.

**Third Edition** Kids Can Press Ltd

This book will help you explore Buddhism, Taoism, Christianity, Judaism, Islam, Zoroastrianism, Sikhism, Shintoism, Jainism, Confucianism, Paganism, Humanism, Mormonism, the Jehovah's Witnesses, Unitarian Universalism, the Bahai Faith, Satanism (yes, it is actually a religion), and more religions from around the world. You will investigate dozens of religious symbols and find out why they are used. You will research the founders of popular religions from ancient to modern times. You will examine holy sites like Mecca, Jerusalem, Mt. Sinai, and more. You will learn about the holy texts of the world: the Bible, Koran, Talmud, Apocrypha, Upanishads, Bhagavad Gita, Tao Te Ching, Vedas, Avesta, Book of Mormon, Book of the Dead, and more. You will find out how different religions view heaven and hell, good and bad, birth and death, angels and demons, love and hate, truth and lies, and more. You will analyze dozens of famous religious quotes and explain how each relates to your own life. And, after 150 thought-provoking challenges exploring the world's religions, you will spend the final pages thinking about the importance of religion in society: Why do so many people find peace and happiness in a religion? How do you know that your religion is right? With so many different religions in the world, how do you decide which religious or spiritual path is best for you? Can a person be a good person and a happy person without religion? If you are interested in learning more about the religions of the world, then this book is for you. But don't expect me to answer your questions. That is your job. You must think, explore, and search online for your answers. So, get your pen and laptop ready, because what awaits you is 163 pages of wondering and wandering.

**Christ's Church & World Religions Textbook** Zondervan Academic

"Religions speak in symbols—fire, cloud, hills and high places, darkness and light, incense, candles, colors. Religions, though, perhaps love water best. Buddhists use water for blessing. Hindus purify themselves in rivers. Christians undergo baptism in water as a rite of initiation. Followers of Islam and Shinto cleanse themselves with water before prayer. Water means change, purification, and new beginnings. Because water can signify so much to us, it is the major symbol of this book. By studying many religions, we also hope to be cleansed and brought to new life. This book was written for my students. Keeping their needs in mind, I have tried to provide what is essential and to present it in clear language. I want to talk about doctrine and practice. Yet I also hope to show some of those things that have captivated me: religious music, art, and

architecture. I want to show my respect for all religious traditions, both in a scholarly and an approachable way. Finally, I hope to invite students not only to read about religions, but also to experience them firsthand. It is like the difference between reading maps of a country and then actually traveling on its roads and seeing its sights. Experience brings the prize"--
