Laney Moralesœ dream of playing soccer in Mazatlan, Mexico soon turns into a nightmare, as she discovers that the spine-chilling legends of old may actually be modern mysteries.

Friendless and frightened, Laney must endure the eerie cries in the night alone.

Why does no one else seem to hear or see the weeping woman in the long white dress? Laney must stop the dreadful visits, even if it means confessing her poor choices and coming face to face with La Llorona.

Obedience to Authority

Prestwick House Inc

"These two things fight together in me as the snakes fight in the spring. The water comes out of my eyes; yet I laugh while it

falls. Why?"The Jungle Book (1894) is a collection of stories by the English author Rudyard Kipling. A major theme in the book is abandonment followed by fostering, as in the life of Mowgli, echoing Kipling's own childhood. The Jungle Books can be regarded as classic stories told by an adult to children. But they also constitute a complex literary work of art in which the whole of Kipling's philosophy of life is expressed in miniature. They are best known for the 'Mowgli' stories; the tale of a baby abandoned and brought up by wolves, educated in the ways and secrets of the jungle by Kaa the python, Baloo the bear, and Bagheera the black panther. The stories, a mixture of fantasy, myth, and magic, are underpinned by Kipling's abiding preoccupation with the

---

theme of self-discovery, and the nature of the 'Law'.

Children from poor families generally do a lot worse than children from affluent families. They are more likely to develop behavior problems, to score lower on standardized tests, and to become adults in need of public assistance.

Susan Mayer asks whether income directly affects children's life chances, as many experts believe, or if the factors that cause parents to have low incomes also impede their children's life chances. She explores the question of causation with remarkable ingenuity. First, she compares the value of income from different sources to determine, for instance, if a dollar from welfare is as valuable as a dollar from wages. She then investigates whether parents' income after an event, such as teenage childbearing, can

predict that event. If it can, this suggests that income is a proxy for unmeasured characteristics that affect both income and the event. Next she compares children living in states that pay high welfare benefits with children living in states with low benefits. Finally, she examines whether national income trends have the expected impact on children. Regardless of the research technique, the author finds that the effect of income on children's outcomes is smaller than many experts have thought. Mayer then shows that the things families purchase as their income increases, such as cars and restaurant meals, seldom help children succeed. On the other hand, many of the things that do benefit children, such as books and educational outings, cost so little that their consumption depends on taste rather than income. Money alone, Mayer concludes, does not buy either the material or

---

the psychological well-being that children require to succeed.

What Money Can't Buy Holt McDougal

When a naked baby boy wanders into the cave of Father Wolf, Mother Wolf and their four cubs, Mother Wolf decides to keep him. Follow this exciting short story by Rudyard Kipling, from his original collection, *The Jungle Book*. A human boy raised by a family of wolves proves to be an exciting learning experience. This charming classic is recommended by The Gunston Trust for Nonviolence in Children's Literature. Ages 5-12.

A part of Harper Perennial's special "Resistance Library" highlighting classic works that illuminate our times: A special edition reissue of Stanley Milgram's landmark examination of humanity's susceptibility to authoritarianism. "The classic account of the human tendency to follow orders, no matter who they hurt or what their consequences." —

Washington Post Book World

In the 1960s, Yale University psychologist Stanley Milgram famously carried out a series of experiments that forever changed our perceptions of morality and free will. The subjects—or "teachers"—were instructed to administer electroshocks to a human "learner," with the shocks becoming progressively more powerful and painful. Controversial but now strongly vindicated by the scientific community, these

---

experiments attempted to determine to what extent people will obey orders from authority figures regardless of consequences. “Milgram’s experiments on obedience have made us more aware of the dangers of uncritically accepting authority,” wrote Peter Singer in the New York Times Book Review. With an introduction from Dr. Philip Zimbardo, who conducted the famous Stanford Prison Experiment, *Obedience to Authority* is Milgram’s fascinating and troubling chronicle of his classic study and a vivid and persuasive explanation of his conclusions.

In one of the most powerful and darkly satirical works of the 18th century, a chilling solution is proposed to address the dire poverty and overpopulation plaguing Ireland. Jonathan Swift presents a shockingly calculated and seemingly rational argument for using the children of the poor as a food source, thereby addressing both the economic burden on society and the issue of hunger. This provocative piece is a masterful example of irony and social criticism, as it exposes the cruel attitudes and policies of the British ruling class towards the Irish populace. Jonathan Swift’s incisive critique not only underscores the absurdity of the proposed solution but also serves as a profound commentary on the exploitation and mistreatment of the oppressed. *A Modest Proposal* remains a quintessential example of satirical literature, its biting wit and moral indignation as relevant today as it was at the time of its publication. JONATHAN SWIFT [1667-1745] was an Anglo-Irish author, poet, and satirist. His deadpan satire led to the coining of the term »Swiftian«, describing

---

satire of similarly ironic writing style. He is most famous for the novel *Gulliver's Travels* [1726] and the essay *A Modest Proposal* [1729].
