A New View of Childhood Random House Digital, Inc. IGCSE PhysicsHodder Murray

A Sanskrit Reader Research & Education Assn "A pleasure to read and nearly impossible to put down." - Army Times "Embodies an experience that many have enjoyed in fantasy - few in reality." - The Washington Post

The French Foreign Legion - mysterious, romantic, deadly - is filled with men of dubious character, and hardly the place for a proper Englishman just nineteen years of age. Yet in 1960, Simon Murray traveled alone to Paris, Marseilles, and ultimately Algeria to fulfill the toughest contract of his life: a five-year stint in the Legion. Along the way, he kept a diary. Legionnaire is a compelling, firsthand account of Murray's experience with this legendary band of soldiers.

This gripping journal offers stark evidence that the Legion's reputation for pushing men to their breaking points and beyond is well deserved. In the fierce, sun-baked North African desert, strong men cracked under brutal officers, merciless training methods, and barbarous punishments. Yet Murray survived, even thrived. For he shared one trait with these hard men from all nations and backgrounds: a determination never to surrender. "The drama, excitement, and color of a good guts-and-glory thriller." - Dr. Henry Kissinger

Legionnaire Hodder Murray This highly respected and valued textbook has been the book of choice for Cambridge IGCSE students since its publication. This second edition, complete with CD-ROM, continues to provide comprehensive, up-to-date coverage of the core and extended curriculum topics specified in the Cambridge IGCSE Biology syllabus.
