Filmatised in 2013 and the official recipient of three Oscars, Solomon Northup's powerful slave narrative 'Twelve Years a Slave' depicts Nortup's life as he is sold into slavery after having spent 32 years of his life living as a free man in New York. Working as a travelling musician, Northup goes to Washington D.C, where he is kidnapped, sent to New Orleans, and sold to a planter to suffer the relentless and brutal life of a slave. After a dozen years, Northup escapes to return to his family and pulls no punches, as he describes his fate and that of so many other black people at the time. It is a harrowing but vitally

important book, even today. For further reading on this subject, try 'Uncle Tom's Cabin' by Harriet Beecher Stowe. Solomon Northup (c.1807-c.1875) was an American abolitionist and writer, best remembered for his powerful race memoir 'Twelve Years a Slave'. At the age of 32, when he was a married farmer, father-of-three, violinist and free-born man, he was kidnapped in Washington D.C and shipped to New Orleans, sold to a planter and enslaved for a dozen years. When he gained his freedom, he wrote his famous memoir and spent some years lecturing across the US, on behalf of the abolitionist movement. 'Twelve Years a Slave' was published a year after 'Uncle Tom's Cabin' by Harriet Beecher Stowe and built on the anti-slavery momentum it had developed. Northup's final years are something of a mystery, though it is thought that he struggled to cope with family life after being freed.

And the Putter Went ... PING McGraw-Hill/Irwin Basic Marketing 16e builds on the foundation pillars of previous editions – the four Ps framework, managerial orientation, and strategy planning focus. 16e builds upon its pioneering beginnings that introduced the “four Ps” to the introductory marketing course. The unifying focus of Basic Marketing has always been on how to make the marketing decisions that a manager must make in deciding what customers to focus on and how best to meet their needs. Over many editions there has been constant change in marketing management and the marketing environment. Some of the changes have been dramatic, and others have been subtle. As a result, the authors have made ongoing changes to the text to reflect marketing's best practices and ideas. Throughout all of these changes, Basic Marketing and the supporting materials that accompany it have been more widely used than any other teaching materials for introductory marketing. Consistent with our belief in continuous quality improvement, this edition has been critically revised, updated, and rewritten to reflect new concepts, new examples, and recent “best practices.” This edition extends the strategy planning approach,

integrating concepts tightly with the marketing strategy planning model.

JAZZ IN THE KEY OF LIGHT is not your typical fine art photography book. In addition to visually capturing a variety of the world's jazz greats in performance or moments of personal reflection, author Ken Franckling paired the images with essential quotes from interviews he conducted with those same musicians in assignments for a variety of mainstream and music publications. The spotlighted musicians, some captured in historically important images, range from legends Dave Brubeck, Miles Davis and Sarah Vaughan to a variety of today's rising stars, including Nicki Parrott, Gregory Porter and Miguel Zenón.

The book, published in 1902, is part of Molesworth's wide body of work, which includes a number of novels and stories for children. The story follows two siblings, Tottie and Tittie, as they go on a fantastic journey into the world of fairies. The children discover a secret road in the woods that leads them to the world of the

fairies, where they meet a variety of wonderful creatures and participate in quirky and enchanting adventures. The kids become friends with fairies, elves, and other mystical creatures as they explore this magical realm. Like children's books from the Victorian and Edwardian eras, the story is full with endearing moments and soft moral messages. The narratives of Molesworth highlight kindness, amazement, and inventiveness. "Fairies Afield" perfectly encapsulates the essence of beloved children's books with its themes of friendship, magic, and youthful innocence. For those who appreciate classic stories of magic and adventure, the novel is still enjoyable.

Power Trains, Compact Equipment One of the most important forms of communication--intuition--is often overlooked or misunderstood by many people. In *The Gift Within Us*, author Mary Ann Bohrer explores the subject of intuition through interviews with scientists, paranormal researchers and 33 highly gifted intuitives from around the world who share their stories in individual profile chapters.

Ultimately, we learn that every individual has access to this amazing divine wisdom simply by listening to our own inner voice. The process is simple, but the rewards are profound. According to research, people are increasingly identifying themselves as "spiritual but not religious," yet they don't know how to satisfy their yearning for greater spiritual connection and understanding. In this insightful and groundbreaking book, the author outlines six simple steps to accessing our own inner voice, so that each and every one of us can tap into this incredibly powerful form of communication and divine guidance, *The Gift Within Us*. About The Author Mary Ann Bohrer is a PR professional, communications specialist and

intuition advocate who has interviewed some of the most gifted intuitives in the world. She has also interviewed top scientists, psi researchers, academicians and even a leading Catholic Archbishop regarding the topic of intuition, and shares her findings in *The Gift Within Us* that each and every one of us--regardless of religious affiliation, or whether they identify as religious at all--has access to this amazing and life-changing gift, simply by listening to our own inner voice. Editorial Reviews "In *The Gift Within Us*, Mary Ann really captures what it's like to be a psychic medium, and this book shows us how to listen to our own inner voice. This intelligent book will help many people appreciate and access the spiritual world." James Van Praagh, Spiritual medium and author of *Talking to Heaven*, *Adventures of the Soul*, and *The Power of Love* "This direct connection has always been available to all of us. Some receive this guidance through prayer, some through meditation, and others by simply listening to their inner voice. We all have access to divine wisdom - it's just a matter of knowing and trusting that we are loved and worthy of receiving that guidance." Archbishop Harry J. Flynn, former Archbishop Emeritus of the Archdiocese of St. Paul and Minneapolis "The evidence is in - intuition is real and it exists within all of us to various degrees. Mary Ann has written a powerful and engaging book that documents real life evidence for this precious gift, and underscores the benefits of listening to our own inner voice." Gary E. Schwartz, PhD, Professor of Psychology, Medicine, Neurology, Psychiatry and Surgery, University of Arizona and Author of *Super Synchronicity*, *The Afterlife Experiments* and *The Sacred Promise* "Most people have had one or more extraordinary intuitive or transcendent experiences, but we quickly learn not to talk about them. They feel strange and otherworldly, so we're concerned how others will react if we tell them our stories. This is why Mary Ann Bohrer's *The Gift Within Us* is such a gift. It helps to break the paradox of common

experiences that no one wants to talk about, and it reminds us that these experiences are real, normal, and valuable. Highly recommended!" Dean Radin, PhD, Chief Scientist at the Institute of Noetic Sciences (IONS) and Author of *The Conscious Universe*, *Supernormal and Real Magic* *Sketches of Historic Floral City* Argues that evidence-based policing is not just the process of evaluating police practices, but also about translating that knowledge into digestible and useable forms, as well as institutionalizing research processes and findings into everyday policing systems so that research can be used.

The Future is Rural challenges the conventional wisdom about the future of food in our modern, globalized world. It is a much-needed reality check that explains why certain trends we take for granted-like the decline of rural areas and the dependence of farming and the food system on fossil fuels-are historical anomalies that will reverse over the coming decades. Renewable sources of energy must replace fossil fuels, but they will not power economies at the same scale as today.

Priorities will profoundly shift, and food will become a central concern. Lessons learned from resilience science and alternatives to industrial agriculture provide a foundation for people to transition to more rural and locally focused lives. Jason Bradford, a biologist and farmer, offers a deeply researched report on the future of food that reveals key blind spots in conventional wisdom on energy, technology, and demographics. *The Future Is Rural* presents Bradford's analysis from his career in ecology and agriculture, as well as a synthesis of the historical and scientific underpinnings of the astonishing changes that will transform the food system and society as a whole.
